SOMETHING TO THINK ABOUT

In 1890—
The world's greatest automobile maker was working in a bicycle shop.
A millionaire hotel man was hopping bells.
America's steel king was stoking a blast furnace.
The president of the United States was turning a printing press.
An international banker was firing a locomotive.
A great merchant was carrying a pack on his back.
A railroad president was pounding a telegraph key.
In 1920—
YOU?

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody Can Tell If You Use Grammer's Simple Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old receipt, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

ARE PROGRESSING NICELY

The many friends of Mr. and Mrs. Charles Spuller of Branch, Mason county, Mich., will be glad to hear of their progress as they are former residents of Adams county. Mr. and Mrs. Spuller moved to Mason county almost twelve years ago, became active in the farming industry. Charles is an auctioneer and has been visited by different Adams county people, including his mother, Mrs. C. L. Spuller, of near Pleasant Mills. Charles enjoys a large acquaintance over northwestern Michigan, as he is actively employed by the Farm Bureau as grain, hay, farm product and stock buyer. Last fall he made regular trips to Detroit with loads of hogs and cattle. Below we give a clipping from one of the local papers, telling of their activities. Mrs. Spuller was connected with the Willshire Baptist church before her marriage, hence church work becomes natural:

"Of all the busy people in Logan township, there is none, perhaps, who have more iron in the fire than Mr. and Mrs. Charles Spuller. They are very modest about it, and it was not from them The News representative got the story of their many lines of usefulness and busy-ness, but from their neighbors, a bit here and there. Mrs. Spuller, besides being vice president and an active member of the Parent-Teachers' association, is also superintendent of a Sunday school conducted in the Christian church and takes active interest in every community undertaking. Mr. Spuller, best known over the county as a successful auctioneer, is called to the far ends of the county on that business, but manages also to carry the children on one of the routes leading to the consolidated school and also to spend Fridays and Saturdays in attendance at the warehouse and elevator at Branch as manager for the marketing association. In addition to all of these things Mr. and Mrs. Spuller manage to do considerable general farming and the latter is carrying a fine flock of hens through the winter."—Contributed.

SULPHUR SOOTHES UGLY, ITCHING SKIN

THE FIRST APPLICATION MAKES SKIN COOL AND COMFORTABLE

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist. This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

By driving good and fast,
He could get his car across the track
Before the train came past.
He would miss the engine by an inch
And make the train crew sore—
There was a man who fancied this,
But—there isn't any more.

SOCIETY IS INVESTIGATED

Doubtful reports on the reliability of the Buck Privates' Society of the A. E. F. have been received by the Chamber of Commerce, following an investigation of the proposition presented by a band of ex-soldiers now canvassing Portland for magazine subscriptions. The commissions for the subscriptions taken, so the solicitors say, are split fifty-fifty, half to the solicitor and half going into the treasury of the Buck Privates' outfit at Chicago, which aids the ex-soldier by providing him with employment. The Buck Privates' society is supposedly backed by a number of nationally prominent men, but the Chamber of Commerce investigation would lead one to believe that the Buck Privates' organization is the private enterprise of the president thereof. The Chamber of Commerce has been told that all moneys turned into the Buck Privates' outfit is handled through the private account of the president and that no books are kept by the benevolent organization.—Portland Republican.

Didn't Waste Money On Food

"The recent campaign against wastefulness in eating did not affect me much as I haven't been able to eat anything but toast and tea for the past five years. Even that would create gas and cause me distress. My weight was down to eighty-four pounds and my complexion muddy. I had frequent pains in the region of my appendix. I am glad I did not listen to an operation, as May's Wonderful Remedy has made a new woman of me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.
