About 10:30 the guests were invited into the dining room where a delicious lunch was served, after which they returned to the library. A toe dance was then given by the Misses Margaret Drew and Georgia Martin. The girls were dressed in white net and had balloons fastened at their waist with ribbons. They tossed one to each guest, who found an envelope sealed with a heart fastened to it.

Opening the envelope they found the news "Ruth and Mick, February 11, 1922, Robinson, Ill." After showering the bride-elect with best wishes, the guests departed to their various homes. Mrs. Fred Heuer entertained the Missionary society of the Reformed church at a Valentine party Tuesday afternoon at her home on Monroe street. The rooms were beautifully decorated in Southern Smilax from which hung red hearts, arrows and mischievous little cupid. A huge red basket of cupid and decorated with a red tulle bow carried out the Valentine idea most effectively. Mrs. Fred Reppert, Mrs. Tillman Gerber and Mrs. Glenn Cowan measured the height of the guests and charged them three cents a foot and one cent an inch. This clever little scheme netted the society \$10.75 with which to meet the next month's budget. Mrs. William Beinke, Mrs. Otto Reppert and Miss Aldine Annon had charge of blocks for quilting. A part of the afternoon was spent in piecing these blocks together and later these quilts will be sent to mission stations. This caused the rooms to ring with laughter and it was decided unanimously that the telling of the funniest incident belonged to Mrs. Louis Gehrig. Victrola music was enjoyed. LOSES TWO FINGERS

William Stalter, of Line street, and an employee of the Vail Hoop mill, lost the last two fingers of his right hand Tuesday, just before the noon hour, when his hand became caught in a saw at the plant. Mr. Stalter was taken to a physician's office, and it was discovered that the members were so badly mangled that amputation of the two fingers at the knuckle joint was necessary. The flesh was also cut on the outside of the hand just back of the little finger, and this also required the attention of the surgeon. The injury is very painful and Mr. Stalter will be confined to his home several weeks. Just how the hand became caught in the saw is not known.

WE SAVE YOU MONEY

"WE NEVER MISS THE SUNSHINE UNTIL THE SHADOWS FALL"

How true this is. Because we are making plenty of money now, we spend without a thought of the 'morrow.

Finally the sunshine disappears and the shadows fall and find us—HOW?

Often times without any preparation for it.

DON'T do as many others have done—SAVE while the sun is shining and you will have plenty to "light up" when the shadows fall.

We can assist you wonderfully in this.

Will you let us?

"After that," said the man, "It's not the mule's fault"

Blame for injury depends on how much chance the victim had to make himself safe.

"The first time a mule kicks me," said a wise man, "it's the mule's fault. If it happens again, it's my fault."

A good many people are staying within kicking distance of tea or coffee, who have had a chance to know better.

They have learned that tea or coffee at night keeps them awake. They know it whips up the nerves. They know what medical opinion has so often said about the effect of the drug element in tea and coffee upon the nervous system—and how indigestion, headaches, high blood pressure and various ills so often follow the use of tea or coffee.

Knowing this, they fail to keep out of the way. Where does the

blame belong, then, when the final break-down comes?

There's safety in Postum, and charm, too. Postum has a full, rich flavor much like that of the better grades of coffee, and it is free from any harmful element whatsoever.

Whether or not you've had your warning from tea or coffee, why not step over on the safe side? Why not do what so many others have done—try Postum for ten days, learn how delightful and satisfying it is—and learn how much improvement there can be for you?

You can get Postum wherever good food and drink are sold or served, and it only takes a word from you to your grocer or restaurant waiter, to make this move to the safe side, at once.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.
