FRUIT OF ALL KINDS AT LOWEST PRICES

THIS IS THE MONTH
To bid the old winter goodbye.
To plant sweet peas on the 17th.
To start again the season's routine.
To plant peas, lettuce, beets and parsnips.
To guard the new chicks from getting chilled.
To spray currants, gooseberries and raspberries with copper-sulphur solution.
To welcome the newcomers. This month and next sees the greatest additions to flocks and herds.
To figure up your income tax. But the government doesn't pay you if it was all out go instead.

A new method for making hollow drill steel consists of pouring the melted metal around a steel tube filled with sand and rolling the resulting ingot to the desired size.
Mrs. Snyder Found the Magic Word
Housecleaning is no longer a bugaboo with Mrs. Snyder. She found that the one word—Rub-No-More—means "magic" during housecleaning.
And she found this all out at her grocers. Upon his shelves she saw some N. N. M. White Naptha Soap alongside of a number of packages of Rub-No-More Washing Powder, Yellow Naptha Soap, Soap Flakes and Spotless Cleanser.
These reminded her of last Fall when she cleaned house with these products. As if magic—her work was easier, more economical and all cleaning finished in less than half the usual time. Moral: "Let the Rub-No-More Elephants do your housecleaning."

SPORT NEWS

BOUT WAS A SUCCESS

The wrestling bout staged at the Gerke school house last evening proved a big success. A large crowd was present and a great deal of interest was shown. Two of the preliminary bouts were called off on account of sickness and several bouts substituted. The main bout on the bill was staged between Bucher of Root township and Cartwright of Richmond. Bucher winning in two straight falls, the first one in 2:12 minutes and the second in 12:12 minutes. The superior weight was too much for the Richmond boy. Bucher challenges any man his weight or under in this section for next Thursday evening. Several preliminaries will be arranged and the bouts will be held weekly until the weather changes.

Bloomington, Ind., March 3.—That the strongest contenders for the Indiana State High School basketball championship will be among the district teams which next Saturday will the right to compete in the regional tournament March 11 at Indiana University, is indicated from the record of games played by more than 550 high school throughout the state this year.

At least two teams, Vincennes and Franklin, have records unmatched by up-State quintets. Vincennes is conceded the best chance for the state title by virtue of a season of thirty-two straight victories. Franklin, state champions for the past two years, though not in the 1000 percent column on account of two early season defeats, would be a worthy opponent to Vincennes in the finals.

Bloomington may have trouble winning from Smithville. Bedford should win in the Bedford district. Central High School, of Evansville, has a team which proved strong enough at one time to hold Vincennes to a three-point victory, and doubtless will represent the Evansville district. Greencastle has defeated almost every opponent this year and is the choice for the district. Technical or manual is expected to represent Indianapolis in the regional tournament. Martinsville, tri-state champions, should have no opposition in the district. Connersville and Richmond both have good teams but the former is picked to win the district tournament. Columbus should win without trouble. Winners are doubtful in the Rushville, Scottsburg, Owensville, Brazil, New Castle and Union City districts.

The best information obtainable from coaches, referees and sporting writers is leading to predictions for district tournament winners in the south half of the state as follows:
Vincennes district—Vincennes.
Franklin district—Franklin.
Bloomington district—Bloomington or Smithville.
Richmond district—Connersville or Richmond.
Mooresville district—Martinsville.
Columbus district—Columbus.
Evansville district—Central H. S., Evansville.
Bedford district—Bedford.
Indianapolis district—Technical or Manual, (Indianapolis).
Greencastle district—Greencastle.
Rushville district—Rushville.
Scottsburg district—Crothersville.
Owensville district—Owensville.
Brazil district—Brazil, Wiley or Garfield (Terre Haute).
Newcastle—Muncie, Spiceland or Newcastle.
Union City—Ridgeville.

Bankers of Country Will Meet in New York for First Time in Nearly Twenty Years
New York, Mar. 2.—The 1922 convention of the American Banker Association, the first to be held in New York City for nearly twenty years, will meet in the week of October 27, it was announced today by Seward Prosser, president of the Bankers Trust Co., who is chairman of the Committee of One Hundred in general charge of local arrangements.

It is expected that more than seven thousand out-of-town bankers and their wives will attend the convention, and already preparations for making their stay pleasant and profitable are under way. In addition to Mr. Prosser's general committee, a number of others have been organized. Walter E. Frew, president of the Corn Exchange Bank, is head of the Executive Committee and Gates W. McGarrath, chairman of the Board of Directors of the Mechanics and Metals Bank, heads the Finance Committee. Thomas W. Lamont of J. P. Morgan & Company is head of the Reception Committee, while Mrs. Dwight W. Morrow will direct the committee to welcome the wives and daughters and visiting bankers.
