of his opponent in the senatorial race, Albert J. Beveridge, that they enter a compact to limit expenditures, refused today "to be drawn into any quarrels of controversies with Mr. Beveridge."

Now said he has no great private fortune behind his candidacy, and that he had no league of daily newspapers at his command.  
"Everybody in the state knows that I am not a rich man and that I have no great private fortune behind me upon which I may draw," New said.  
"I shall conduct my campaign not only within the law but within propriety. If I had a league of daily newspapers at my command which had devoted unlimited space to my campaign for the last two years and I was certain it would continue to devote as much or greater space for the remainder of the campaign my case would be different."

"I decline to be drawn into any quarrels or controversies with Mr. Beveridge."

# SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's Recipe to Bring Back Color, Youthfulness and Lustre—Everybody is using it Again.

Gray hair, however, handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.  
Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous and you appear years younger.

## MARKETS-STOCKS

### Daily Report of Local and Foreign Markets.

**New York Stock Exchange**  
New York, Mar. 10.—Opening prices on the New York stock exchange today were little changed from Thursday's close.

The first sale of Studebaker was off 1/4 at 10 1/2 and then stock ran up to 102 or within 1/4 of the year's high. Other motors were generally lower.

Lee Tire led the rubbers making an early high at 30 1/2, up 1/2. U. S. rubber was up 1/4 at 59 1/2. Steel common was up 1/4 at 94 1/2 but independent steels were fractionally lower.

American Sugar was up 1 at 73. New York Central again led the rails, opening at \$1 which was the top Thursday.

American Telephone made a new high for the year at 120 1/2. Oil and gas stocks featured the second hour. Consolidated gas made a new high for the year at 107 while Columbia gas made a new record high at 79 1/2. Mexican Petroleum at 126 1/2 was within 1/4 of the year's high.

The oil trade position is particularly strong in refined products due to open weather.

Studebaker got up to 102 1/2 but then dipped 1/4 a point. General motors became the leader of this group with sales as high as 101 1/2 up 2 1/2 from the low of the last ten days. All attention of investors was attracted to Studebaker preferred of which 95,000 engaged preferred stocks of industrial companies are selling above 110. Studebaker preferred sold at 103, up 1 1/2. Preferred is a closely held stock and Wall street had given it little attention.

President Dodge of International Paper, is expected home Monday. Share holders are expecting some sort of statement denying reports that dividend on the preferred stock will be either reduced or passed.
