Entered at the postoffice at Decatur, Indiana, as second-class matter.

April 1st is the last date for filing candidacy declarations, a rather important matter if you want your name on the ballot and this includes candidate for township offices as well as the others.

Read the milk articles now running in the papers of this county. This is a part of the campaign and an important part for the advice and the facts being given are worth much to you if you will read and then follow directions.

Now that the hearing is over we presume we will wait for the decision of the board of control unless there is a meeting to protest the fact that the session was held here and that Mr. Allman was unduly influenced. Seems just about as reasonable as the action taken Monday night.

So far has been announced to the public at least, the examination of witnesses here yesterday, failed to produce any real foundation for the serious charges made as a result of the recent basketball tournament. Anybody can be a good winner but to be good loser seems to be a much more difficult job.

Can you think of any punishment severe enough for the beast who poured carbolic acid down the throat of a four months' old babe in Fort Wayne and left a slip of paper on the table on which was scribbled the word "revenge." We can't. It would take a soft heart who would consider less than capital punishment for such a heinous crime.

It begins to look as though the secret arms conference was easy to manage as compared to handling the United States senate. The president wisely dodges the big scrap by a fishing trip to Florida. By the time the four-power treaty is put through it is probable several will be ready for a vacation. Being a statesman these days is worse than being a basketball referee, and that's going some.

Senator Beveridge challenges Senator New to a compact as to campaign expenses. New replies that if he had a string of newspapers back of him he would feel the same way. Beveridge says he is peaceable and if New insists on a fight he can have one. As predicted the campaign promises to become rather interesting before May 2nd. A peaceful campaign between New and Beveridge is about as near possible as settling the Irish problem.

The city commission extended a delicate and well deserved compliment to a very meritorious citizen when it changed the name of Kendall park to Frank H. Reed park. Mr. Reed has proven himself one of Tulsa's most deserving citizens. He has given of his substance liberally that the children of the city might, without regard to station, enjoy the public playgrounds to the limit. And he has done so out of the fullness of his heart, unselfishly and for the benefit of posterity. It is fitting indeed that his benefactions should be modestly recognized by naming one of these public playgrounds after him. Tulsa ought to have more Frank H. Reeds. Indeed it has, if they could be brought to see the great satisfaction that follows disinterested and unselfish service for others—Tulsa Daily World.

INTERESTING FINDING

It is a little bit old fashioned, how Wells County bank against Samuel E. Abrams and Mary E. Abrams the judgment of the court has one very interesting phase, in holding that a woman is liable as security only as far as the value of her personal property, and holding that she cannot encumber her real estate by a mortgage. The bank was given judgment against the defendants in the sum of \$217.13, and the court found that Mrs. Abrams was surety for her co-defendant. Then follows the finding that only her personal property is available in the event effort is made to collect on her signature as security.—Bluffton News.

SPORT SUMMARY

(United Press Service). New Orleans—Babe Ruth hit his first homer of the season—a drive of 456 feet over a 14 foot fence. He tipped the scales at 217 pounds as compared to 235 this time last year.

San Antonio—Manager McGraw has decided on the following Giant batting order for the coming season: Bancroft, Groh, Young, Frisch, Meusel, Kelly, Shinners or Cunningham, and the battery.

New York—Only one change—making the goal after touchdown from a scrimmage formation or abolishing it entirely—is expected tonight at the annual meeting of football rules committee.

New York—Sixteen Major universities are to meet here tonight in the first annual indoor intercollegiate track and field championships. The largest indoor track in the world has been built.

Columbus, O.—Eleanor Smith, Columbus, clipped two seconds off the world's record for 100 yard breast stroke last night. No record was attributed to her, however, as the pool was not of standard measurements. She made the distance in one minute and 25 seconds.

Pittsburgh—The University of Pittsburgh swimming team defeated Michigan, 41 to 27.

Ann Arbor—Gilbert Ely, center, has been selected captain of the University of Michigan basketball team for 1923.

Evanston—Purdue University athletes defeated Northwestern in a dual track meet here last night, score 47 to 34.

Chicago—One hundred soldiers of the sixth army corps, area, comprising Illinois, Michigan and Wisconsin will compete in a week's athletic tourney at Ft. Sheridan. The contests open next Monday night.

WILL ANSWER ANY WOMAN WHO WRITES

Woman Restored to Health by Lydia E. Pinkham's Vegetable Compound Makes This Offer

Cumberland, Md.—"My mother gave me Lydia E. Pinkham's Vegetable Compound when I was between thirteen and fourteen years old and was going to school, because I suffered with pains and could not rest. I did not have any more trouble after that until I was married, then I always was troubled in my back while carrying a child and could not do my work until I took the Vegetable Compound. I am strong, do all my washing and ironing and work for seven children and feel fine. I always have an easy time at childbirth and what it did for me it will do for other women. I am willing to answer any woman if she will write asking what it did for me."—Mrs. JOHN HEIER, 53 Dilley St., Cumberland, Md.

During girlhood and later during motherhood Lydia E. Pinkham's Vegetable Compound brought relief to Mrs. Heier. Her case is but one of many we constantly publish recommending our Vegetable Compound. She is willing to answer your letter. Write to her.

OLD BUT STILL PEPPY

Hartford City, March 10.—A horse belonging to Joseph H. Carter near here is thirty-four years old and is still going strong.

Ordinarily a horse begins to age at 12 years but this horse still maintains its pep without any "fixing".

It is a little bit old fashioned, however, for it shies at automobiles, Carter said.

GOOD FOR THAT "FLU" COUGH

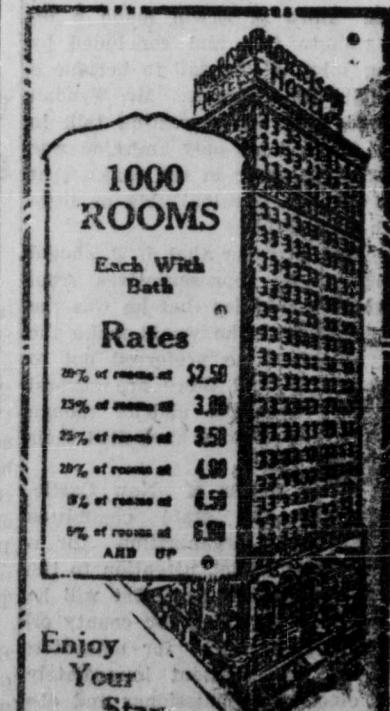

For quick relief from the wearing coughs that "hang on" after the grippe or influenza, take Foley's Honey and Tar. Mrs. K. D. Drake, Childs, Mr. writes: "After an attack of the 'flu' that left me with a severe cough nothing seemed to relieve me till I tried Foley's Honey and Tar, which I can highly recommend." It is also good for croup, whooping cough and colds. It puts a soothing, healing coating over the inflamed surfaces, cuts the phlegm, eases hoarseness, clears the air passages.

ADAMS COUNTY MILK CAMPAIGN

March 13 to 24

Have You Had Your Milk Today?

MILK AS DIET FOR ADULTS

By Dr. Elizabeth Burns, Decatur, Ind.

We eat to live is an old saying and how well we live depends upon what we eat.

Simply stated, all cow's milk contains fat, proteins, carbohydrates, mineral matter and water, varying in amount with the breed of the cow.

Care of the cow and handling of milk

physical condition of cow and surrounding and all of the above constituents are contained in the chemistry of the human body and necessary to its maintenance.

The proteins of the milk are mainly casein and albumen, and the salts

phosphoric acid, magnesium, potassium oxide, chlorine and calcium and sodium oxide.

Each of these chemicals have a part

to play in maintaining the development of the human body and counteracting the wear and tear of our daily existence.

Especially is a good milk diet necessary to a tuberculous patient for it is well known that a tuberculous patient eliminates too large a quantity of sodium and calcium salts and the phosphates and these can be constantly supplied by taking quantities of milk which easily enters the blood stream without overtaxing the digestive organs.

To have the milk serve the purpose

intended, that is, to build up and maintain the Human Body, the greatest care should be taken in the production of the milk.

The surrounding of the cows

should be as to promote cleanliness,

prevent excitement and their food

should be carefully selected, regularly given and regularity in obtaining

the milk as well as health and cleanliness of the attendant in order to produce the greatest amount of constituents necessary to the human body.

BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated,

penetrating heat as red peppers, and when heat penetrates right down into

colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In

three minutes the congested spot is

warmed through and through. When

you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

WISHES HE HAD

KNOW IT SOONER

"I only wish I had discovered Foley's Honey and Tar 10 years ago as I have been the victim of attacks of influenza and bad colds until I found this wonderful relief," writes W. H. Gray, 355 Nowita Pl., Venice, Cal. Foley's Honey and Tar helps coughs and colds, bronchial and la grippe, coughs, tickling throat and hoarseness. It is good for croup and whooping cough. Mr. Gray adds "Worth its weight in gold. Marvelously effective."

FOR SALE—Blue wicker cab. Inquire of Mrs. Oscar Hoffman. 60-61.

This meeting closes the year's work and we must send in our reports. We will elect new officers for next year. A good program is planned. We will have the story of Vera Lynn's life given.

Miss Esther Miller will entertain the Delta Theta Tau Sorority next Monday evening at 6:30.

There will be no meeting of the Woman's Club Monday evening.

The Banner Class of the Presbyterian Sunday school met last evening at the home of James Engeler on Adams street. Work on the scrap book progressed satisfactorily. Later the host's mother served a lovely lunch. The next meeting will be held at the home of Jessie Sutton.

The Ladies' Aid of the U. B. church was pleasantly entertained at the home of Mrs. Isaac Nelson Thursday afternoon. The usual amount of business was attended to, dues were paid and the money reported for the month was \$59.70. Mrs. Date Steele, a charter member, is moving to Ft. Wayne and will be greatly missed by the society. After a social hour the hostess assisted by Mrs. Ben Hoagland and Mrs. George Simmer served a dainty lunch.

The members of the Work and Win class of the U. B. church were royally entertained Thursday evening at the home of Rev. and Mrs. C. J. Miner with twenty-six in attendance. The roll was then called and after a short business session, the remainder of the evening was spent in debating, after which a delicious lunch was served. The next meeting was decided to be held at the home of Mr. and Mrs. Ralph Okley on North 10 street, April 13.

The Y. W. M. A. of the Reformed church will meet tomorrow afternoon at 2:45 o'clock at the home of Miss Lulu Gerber on North Third street.

The members of the D. Y. B. class of the United Brethren church will meet Friday evening at 7:30 o'clock at the home of Mrs. Charles Meyers. Mrs. Lewis Murphy and Mrs. Dell Lake will be assistant hostesses.

Mrs. Roy Runyon will entertain the W. C. T. U. Tuesday afternoon at her home on Rugg street. The meeting will begin promptly at two o'clock.

HE WANTS FAIR PLAY

Some Monroe man signing himself "A. G." writes a basketball "get even" article for the Fort Wayne News in which he says that no visiting team ever left here feeling they had a square deal, and that in the Monroe-Decatur game here on January 11th, 49 fouls were called on Monroe. Why not be fair in your discussion of the affair? If every referee who comes here during the season is "fixed" the locals are sure some fixers and the referees are awful bum lot. The 49 fouls which the writer claims were charged to Monroe was the total number called in the game, 23 against Decatur and 26 against Monroe. If any team wishes to sever relations with Decatur they have a perfect right to do so but it should be for a real and not a manufactured cause.

Miss Grace Malone of Ft.
