WOMEN VOTERS TO OPEN NEW HOTEL AT TURKEY RUN.

The Indiana League of Women Voters, meeting third annual convention at Lafayette May 9th to 11th, will formally open the new hotel at Turkey Run State Park on May 12th. The first hotel at the park was opened by the Nature Study Club, June 21st, 1919. Sessions of the convention are scheduled at Hotel Fowler, Lafayette for May 9, 19 and 11, closing with the Post convention motor trip from Lafayette to Turkey Run on May 12th. Delegates will close the annual session with a practical demonstration for new voters on obtaining first hand knowledge of one of the most vital, essential and attractive phases of our State Government. The League recognizes the importance and necessity of the work of the State Department of Conservation within whose jurisdiction the State Parks come and it urges voters to learn for themselves what the department is doing in insuring the future prosperity of our commonwealth.

COURSES FOR SUMMER SCHOOL

Bloomington, Ind., March 28.—(Special to the Daily Democrat)—More than 250 scientific and literary courses in 26 different departments will be offered in the thirty-third annual summer school session of Indiana University, to be opened June 8, at Bloomington, according to a recent official announcement. Among the faculty of 125 members will be leading educators of Indiana University and various other educational institutions. 1650 men and women were enrolled in the summer school last year.

Courses in the college of arts and sciences, the graduate school, the school of education, in vocational training, in the school of medicine, and in the school of commerce and finance, will begin June 8 and will end August 4. In the school of law, the courses will be divided into halves, the first half beginning June 8 and ending July 15, the second starting July 16 and closing August 24. Additional courses in military training, music and physical education will be offered.

All the work in a Colorado Springs grocery store is done by electricity, the bins being opened by magnets and the scales being electrically operated.

The moon is "running away" from its calculated place in the sky for some unknown reason, say the astronomers.

In a new type of light railway, the trucks run on rails, while the wheels of the locomotive rest on the ground outside or between these rails.

Mountain-climbing affects the temper; from 16,000 feet upwards, climbers are apt to get impatient and irritable with one another.

STATE HEALTH EXPOSITION

Indiana is to have a State Health Exposition at Indianapolis May 19-27 under auspices of the State Board of Health and Indianapolis City Board of Health in cooperation with a large number of national organizations. Every phase of health activity and disease prevention will be brought before the people by displays, demonstrations, motion pictures, lectures, lessons, models and special features. The manufacturers' building at the State Fair grounds, with 85,000 square feet of display space, and the Coliseum, seating 8,000 persons, will be the scene of this great undertaking. FOR SALE—Garland steel gas range. Call 165. 77-34x
