## Does Quality Count?

Every ice cream dealer in the city handles Conter Quality Ice Cream. That means something doesn't it? It is your assurance that Conter's cream has stood the test of public discrimination. It is proof of its quality, its purity, and its honesty, and makes it the safest dessert which you can procure.

This week-end our "Special" is Raspberry Fruit and Almond Nut Cream. You can order this from any dealer in the city and find it in stock at several of the fountains. Remember, your neighborhood confectioner and ice cream dealer sells Conter's. Place your order early and enjoy this wonderful special.

Next week we will give you a list of "Quality" shops who handle Conter's Cream. It is a list of which we have a right to be proud. It is a list of Ice Cream Caterer's who care. It is a list which makes Conter's, the unanimous choice of the community.

Eat plenty of Ice Cream. It is the great, healthy "American" dessert. But in your selection of cream, let quality always come first. If you are unable to tell, let our trade-mark be your protection.

## BUSINESS WISDOM

It should be inferred, because men of wealth appoint Trust Companies as executors and trustees, that their service is designed only for the man of money.

Men of the greatest business experience are most familiar with the value of a trust company's impartial and uninfluenced management of estates.

There are many ways in which The Peoples Loan and Trust Company can serve you. We are organized under the law to transact such business as stated above.

A few minutes conversation with our officials will prove to be most valuable to you. Come in and talk the matter over.

### MONROE TOWNSHIP FARM BUREAU MEETING

The Monroe Township Farm Bureau met at District No. 5 in Monroe township Thursday evening. About 100 were present and enjoyed the motion pictures shown with the machine recently purchased by the Adams County Farm Bureau. The pictures were entitled "The Texas Trail to Your Table". The pictures begin with scenes on the S. M. S. ranch in Texas, which consists of 400,000 acres. Thousands of Hereford cattle are shown in various scenes. The methods of separating and branding the calves are then shown. The steers are followed from the ranch to the various markets, then through the feedlots and finally to the Union Stockyards in Chicago. Scenes are then shown in the large packing plants. The same pictures are being shown in other Farm Bureau meetings.

A very interesting part of the program was furnished in the form of a debate by the agricultural class of the Monroe high school on the subject: "Resolved, that dairy cattle are more profitable than beef cattle". The debate was handled very well by both sides and the decision was awarded the affirmative.

### HAD EXCELLENT MEETING.

The meeting of the Knights of Pythias on Thursday evening was unusually interesting. One candidate was initiated into the rank of page and four others were given the rank of knight. Several members of the Monroeville Lodge were in attendance. Dore B. Erwin in a short talk told of the ritualistic work he has seen at Kalamazoo this week. The resignation of J. H. Stewart as trustee was accepted by the lodge, and a successor will be named next week.
