NERVOUS PROSTRATION IS  
MENACE TO AMERICANSStrenuous Mode of Living Making  
this Disease Common

This may well be called the nervous age. Everywhere you find people suffering from some form of nervous exhaustion. Hospitals and sanatoriums are overflowing with men and women seeking to win back health of body and mind. If you are a victim of the strenuous life, if you can't sleep, if you are on the verge of a nervous breakdown, read here what Mr. P. D. Shade, Schuyler, Pa., says:

"Twelve years ago this spring, I had a very severe attack of nerve trouble, and although I was treated by three different doctors, I got very little relief until I tried Dr. A. W. Chase's Tonic Pills. After using these pills a few weeks I could feel a big change in my condition, so continued this treatment for three months. I don't think I ever felt better in my life than I did after using Dr. A. W. Chase's Tonic Pills, and whenever I feel my nerves are getting run down, I use some of these

pills. I don't think there is any other nerve medicine that will do what Dr. A. W. Chase's Tonic Pills will."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box. This trade mark is your protection against imitations and substitutes.—Advertisement.

INDIANA HEALTH EXPOSITION

The Indiana Health Exposition which will be held at the State Fairground in Indianapolis, Indiana, May 19-27. Dr. J. N. Hurty, State Health Commissioner, is of the opinion that ten thousand live may be saved annually in Indiana by reason of visual education exemplified in this exposition. Chambers of Commerce throughout the state have been requested to appoint co-operating committees on the subject of the exposition in order that its lessons may be brought home to every community. The exposition will be of a popular scientific nature and will exemplify the progress made during the past twenty-five years in medicine, surgery, dentistry, nursing, pharmacy, hospitalization and social service. More than ninety state and national organizations will participate. Each city which is an institution performing some specific health service which might properly be exemplified in this exposition is offered exhibit space in the exposition without charge.

The program of the exposition will include more than six thousand people in demonstrations, exercises, health playlets and the like.

The production of the exposition will cost in the neighborhood of two hundred thousand dollars, borne by private subscriptions and admissions, which will be placed at a nominal figure.

Indiana and Purdue Universities are preparing splendid exhibits having to do with medicine, child hygiene, dairy products and nutrition.

The United States Bureau of Mines, United States Public Health Service, Bureau of Standards and other government departments will be represented with exhibits of health and safety work. The main features of the Indiana Health Exposition will be taken to Portland, Oregon for reproduction in the Oregon State Health Exposition next October.

VETERANS TO DRAW  
PENSION MONTHLY NOW

Veterans of the civil war and veterans' widows will be glad to hear that the bill for the monthly payment of pensions has passed both houses of Congress and has been signed by President Harding. Heretofore the pensions have been paid every three months and the veterans and widows of veterans have often been greatly inconvenienced on account of this method of payment.

The monthly payment of pension will begin with September 1, 1922. This action by the government will be of high gratification to all veterans and their widows, who have been impatiently urging and looking forward for the course of putting these preferred creditors of the Nation on a basis with others in the matter of prompt payment of their well-earned stipends.
