THE REPUBLICAN CAMPAIGN PLANK

(Continued from page one)

3.—Reduction of "the tax burden."

4.—Endorsement of the Harding administration.

5.—A ship subsidy.

6.—Enactment of the pending tariff bill.

Senator Watson criticized the Wilson administration and praised that of President Harding. In both respects his speech was supported by Governor Warren T. McCray and Albert J. Beveridge republican senatorial candidate who followed him.

McCray dwelt up on state issues pledging establishment of only two state funds instead of the many now existing, the limitation of non-taxable securities and construction of gravel instead of hard surface roads in the state highway system wherever possible.

Beveridge renewed his cry of "on to prosperity" which won him the nomination from Senator Harry S. New. He declared the most important question concerning the nation is to "restore American business to full strength and vigor."

Late News Flashes

United Press Staff Correspondent (United Press Service).

Washington, May 24—No word had been received by the war department here today regarding Gen. Leonard Wood, governor-general of the Philippines, his wife and daughter, who were reported to be aboard the yacht A. P. O. in the region of a typhoon raging off the coast of the Philippines. All attempts to get in touch with the vessel by wireless proved futile. Wood, his wife and daughter sailed Saturday for Mindora where the general planned a brief tour of inspection.

EQUAL TO ALL DEMANDS

When your thoughts turn to spring wraps and you are distracted in trying to choose between the practicability of a coat and the graceful smartness of a cape, remember that it is easy to make a compromise. Some one has foreseen your difficulty in the choice of a wrap for all-round wear and solved it for you. The cape-coat is here in several delightful variations, one of them shown in the illustration.

Wool jersey or any of the soft, lightweight wool coatings, make wraps of this kind. Their capes are lined with crepe or satin, usually in a quiet contrasting color. The model pictured is equal to all weather emergencies. It is fastened with two large buttons and they make, with buttonholes, a smart decorative feature on the cape portion.

PROSPECTS FOR A RECORD BREAKING CROWD AT 500 MILE RACES ARE BRIGHT

Indianapolis, May 24—Prospects for a record breaking crowd for the tenth annual 500-mile race, May 30, on the Indianapolis Motor Speedway, are very bright. The advance seat sale to date is 8 per cent greater than a year ago, when the record of 135,000 paid admissions was established. Not only have the fans clamored for the higher priced reserve seats, but an unusual number of the low priced seats have been held at this early date. Parking spaces, in the infield, are in greater demand than in any previous year, and it is expected that more than 150,000 will be the attendance Memorial Day.

HECK NOW BACK ON JOB FEELING LIKE A NEW MAN

Had To Give Up Work on Account of Stubborn Stomach Trouble, But Now Says He Doesn't Miss a Day, Thanks To Tanlac.

"I am sixty-six, but since taking Tanlac my health is a good as it was years ago," declared Joseph Heck, 811 W. Oak St., South Bend, Ind., for 17 years with G. H. Wheelock Co.

"My main trouble was my stomach and I had to quit eating the things I liked. I would bloat with gas terribly, even if I only ate a few bites. My nerves broke down and I couldn't sleep to do any good. Many a time I had such severe dizzy spells I fell in my tracks. I had to quit work and it looked like I was on my last lap."

"Four bottles of Tanlac put me on my feet feeling like a new man, and I am now on the job every day. My appetite is a dandy and I never suffer from my stomach or nerves. Tanlac surely deserves all the praise it is getting."

WOMAN'S ILLS MAKE UNHAPPY HOME

There is no question but what the ills of women conspire against domestic harmony. The husband cannot understand these troubles and the physician finds it hard to cure them; therefore the overworked wife and mother continues to drag around day in and day out with headaches and backache, fretful and nervous.

Such women should be guided by the experience of women whose letters we are continually publishing in this paper. Many of them declare that they have been restored to health, strength and consequent happiness by Lydia E. Pinkham's Vegetable Compound after doctors and all other medicines had failed to help them. It will surely pay women who suffer from such ailments to try it.

Let Mrs. Mary Graves Tell You Her Poultry Raising Experience

Take Mrs. Graves' advice. Three sizes, 25, 50, \$1.00. Sold and guaranteed by Holthouse Drug Co., Enterprise Drug Co., Schafer Hdw. Co., Lee Hdw. Co., H. Knopf & Son and Colow & Kohne.

Jurors notified Sheriff Elmer Green they would quit regardless of consequences unless permitted to stay out late at night.

The jurors the sheriff told Judge Edwards demanded that two bailiffs both elderly men be dismissed and men "with younger ideas" be substituted.

Opposing attorneys stopped the trial for a while and considered the strike demand.

EVANGELIST TOLD OF THE WONDERFUL POWER IN TRUTH

(Continued from page one)

"There is vastly more in the 'crowd psychology' than we Christians have ever waked up to; God can use crowd psychology. Individuals will do in a crowd what they would not very much want to do alone. We must surcharge the crowd atmosphere with prayer, making it a dynamic spiritual atmosphere. Just in the same way as the physical atmosphere is necessary to carry the sound of my words to your ears, so is a spiritual atmosphere necessary to carry the Gospel to the hearts of the unsaved. This spiritual atmosphere is made up of the combined individual atmospheres of all the Christians; each brings his own portion of the atmosphere. O, what a sin it is for a Christian to come to a service like this without the spiritual atmosphere which is produced by prayer!"

"Conviction of sin must be produced. This is produced by hearing the Word. There are two kinds of conviction of sin: (1) conviction by the conscience; (2) conviction by the Holy Spirit. Conviction of conscience brings us into the presence of the broken law; the conviction of the Holy Spirit brings us into the presence of the rejected Christ. The conviction of conscience has to do with morality; the conviction of the Spirit has to do with spirituality. The conviction of conscience produces fear because it shows us what we have done against the law of God; the conviction of the Spirit produces hope because it shows us what God has done for us through Christ. Conviction of conscience leads us to trust in religion for salvation; the conviction of the Spirit leads us to trust in Christ. There is a vast difference between Christianity and religion. Christianity is never called 'religion' in the New Testament, not even in James, for there he was writing to Jews who were ceremonialists and religionists and not Christians. Religion never saved anyone and never will. Salvation is not a thing, it is a Person. God has given eternal life and this life is in His Son. 'He that hath the Son hath life, and he that hath not the Son of God hath not life.' I hope not a single person in these meetings will get religion, but I hope a great many will get Christ."

"The whole world was under obligation to a law which could not be kept. Jesus Christ came down to this world and kept that law in every jot and tittle. Then he died a death which was not His due; that death was due a world of sinners. He answered the obligation of the whole race in His death. 'Jehovah hath laid on Him the iniquity of us all.' God cannot now send a solitary soul to Hell for breaking the Ten Commandments. Christ forever settled that score. Those who go to the lost world do so because they refuse to receive God's mercy in Jesus Christ. When a person refuses to receive Jesus Christ there is nothing left for him but the moral guard-house of the universe, which is called Hell."

The subject for tonight is "The Washed Hog." Mr. Clarke is winning his way into all hearts by his singing and song-leading.
