OBITUARY

Ransom Leon Ritter, son of Quin-
cey O. and Elva Zerkl Ritter, was
born Oct. 26, 1910 in Washington
township, Adams county. All his
childhood days were spent in the
place of his birth. Here he became a
loved member of the family circle
and community. The ravages of dis-
ease weakened his youthful body and
after 10 days of suffering he passed
away May 28, 1922.

His mother preceded him February
10, 1920, and a sister August 10, 1916.
He leaves the father, one sister,
Audrey Mardale, two brothers, Robert
Nolan and Henry Donald. He was a
regular attendant of the St. Paul
Sunday school and a pupil of the
Brandyberry school.

O, what has thou to do with cruel
death,
Who wast so full of life, or death
with thee,
That thou shouldst die before thou
hadst grown old.

CASE CONTINUED

Due to a misunderstanding on the
part of the attorneys for the plaintiff
in the case of the Howe Lamp Com-
pany against the Schafer company,
which was set for trial this morning,
the case was continued until the sep-
tember term of court. The defend-
ant asked for a jury trial while the
plaintiff was under the impression that
the case would be tried by the court,
and was not prepared to try it before
a jury.

Woman Finds Remedy Worth Fabulous Fortune

"I wouldn't take a million dollars
for the good Mayr's Wonderful Re-
medy has done for me. I have finished
the course and can say I am entirely
cured of very severe indigestion, bloat-
ing and colic attacks I suffered from
for many years." It is a simple, harm-
less preparation that removes the en-
terical mucus from the intestinal
tract and allays the inflammation
which causes practically all stomach,
liver and intestinal ailments, includ-
ing appendicitis. One dose will con-
cieve or money refunded.

MAYOR DeVOSS SUFFERING WITH AFFLICTION OF EYE

Mayor H. M. DeVoss, who is the of-
ficial court reporter of the Adams cir-
cuit court, is suffering with an afflic-
tion of the right eye and is unable to
act as court reporter. He is bothered
with a disease known as stenographer's
paralysis and one side of his face is
affected. It is likely that he will be un-
able to serve as court reporter any
more during the remainder of the
present term of court which will close
on June 10.

NATURE LOVES BRIGHT COLORS

We see the truth of this statement
in the varicolored flowers, the vivid
sunsets, the birds of brilliant plu-
mage. But we never see it exemplified
more attractively than in the person
of a splendidly healthy woman. How
does nature paint this health? Why, in
the rosy cheeks, the transparent skin,
the smooth red lips of such a woman.
And she molds it in firm flesh and
rounded contours. The ailing woman
is deficient in natural coloring, and
she does not even appear to advantage
in clothes that would set off a more
attractive sister. Many women who
long for glowing health will find that
they, too, can have these charms if they
will give a trial to the remedy which
brings strength to frail women—Lydia
E. Pinkham's Vegetable Compound.

PIG CLUB MEMBERS TO MEET TUESDAY TO GET INSTRUCTION FOR CONTEST

On next Tuesday morning, at 9:00
the boys and girls who are entered
in the Adams County Duroc Pig Club
will meet at the Ed F. Miller farm
one and one-half miles southeast of
Decatur to receive instructions on
feeding their pigs. At that time
Prof. J. W. Schwab of Purdue, will
talk on the various methods of grow-
ing gilts and will tell the boys and
girls the most successful ones to use.
It is expected that the boys and girls
will profit by a meeting of this kind
since Mr. Schwab will be able to
give the methods which are being
used by successful breeders of hogs.
Yesterday twenty-three Duroc
Spring gilts were weighed by County
Agent Busche assisted by George H.
Rice of near Monroe. The pigs were
reported as all being good prospects
for the show at the fair next August.

MARKETS-STOCKS

Daily Report of Local and Foreign Markets.

11:30—With the exception of Re-
public and Midvale, which were re-
actionary in the first hour, practi-
cally the whole market moved toward
higher levels on the New York stock
exchange today.

Electric Storage Battery sold above
its former 1922 high in a rise to 46
based on the prospect of an early in-
crease in the present \$3 dividend to
a \$4 annual rate. American Sugar
moved to a new high at 81¼ and
Maryland Oil at 39½.

Cosden's upswing to a record figure
for the year at 47½, reflected talk of
increased dividends which had its
origin in the big expansion in the
company's gasoline sales and the
great amount of this commodity
which the company has in reserve.

Burns Brothers A reached a new
high for the year at 138½.
New York, June 2—Official an-
nouncement that the consolidation of
Republic Midvale and Inland Steel
companies left Wall street in doubt
as to the figures at which the com-
panies will be taken into the merger
and as a result Republic and Midvale
in stock exchange today started prac-
tically where they left off yesterday.

An advance in the Federal Re-
serve systems ratio from 7.5 to 7.8
per cent demonstrated that the call
money flurry this week was tempo-
rary.

Chicago Grain
Chicago, June 2—Grain prices,
after showing a weak tendency
throughout the day, showed marked
strength toward the close. Prices
were off only fractionally in final
trading. Buying by commission
houses and willing interests caused
the rally.

July wheat opened at 119, un-
changed and closed off ¼. Sept.
117½, off ¼ and closed off ¼; Dec.
120½, off ¼ and closed off ¼.
