MARKETS-STOCKS

Daily Report of Local and Foreign Markets.

New York Stock Exchange
New York, June 9.—Strength in
sugar stocks was one of the few fea-
tures of a rather listless opening of
the New York stock exchange today.
American Sugar sold at 80 1/4 in early
trading, up 1 1/4 from Thursday's low.
Other active sugars scored propor-
tionately.
Leading industrials were compara-
tively dull. Mexican Pete made a
fractional gain on the initial transac-
tion and Studebaker allied at 124
after receding fractionally on the
first sale. Other market leaders like
Baldwin and Steel Common showed
no change.
The reason for call money was
found in the fact that the reserve
ratio of the New York Federal re-
serve bank which gained from 55.3
to 95.9 per cent compared with a de-
cline in the ratio of the entire fed-
eral reserve system from 78 to 77.6 per
cent.

Owing to the increase in brokerage
loans the New York Federal reserve
district has been practically the only
one in the country to reduce the re-
discount rate further.
11:30.—Prices improved in tone in
the first hour on the New York stock
exchange today.

Leading industrials moved forward
fractionally on persistent accumula-
tion. Corn Products showed special
strength on the announcement that
the company's Edgewater plant will
probably be reopened next month.

Operations of all plants are about
65 per cent of capacity. This indi-
cates the company is probably grind-
ing around 100,000 bushels of corn a
day. Corn Products earned \$3.47 a
share for the common in the first
quarter. The company is earning the
full quarterly dividend at pres-
ent. It is said there has been a sub-
stantial appreciation in Corn Product
inventories since January 1.

Sinclair gained more than a point
to 38 1/2, reflecting the action of Pres-
ident Harding in endorsing and as-
suming full responsibility for leasing
to private interests the naval oil re-
serves of Wyoming and California.
This step puts an end to a controver-
sy which started several months ago.

**SUES HUSBAND FOR DIVORCE
THIRD TIME—HUBBY SAYS
HE WON'T MARRY HER AGAIN**

(United Press Service.)
Chicago, June 9.—"I'll never marry
that woman again" said D. M. Burn-
ham, wealthy cigar manufacturer to-
day when informed his wife had sued
him for a divorce the third time.
"I didn't mind it so much when she
sued me the first time he said. "We
patched that up all right and she with-
drew her action."

"The second time wasn't so bad either."

**Railroad Labor Chiefs
Ask for Legal Advice**

(Continued from page one)

the shop crafts and maintenance of
way employees on a "starvation basis".
The decision to appeal to Harding
was reached late last night at an
executive meeting of union leaders
representing virtually all the crafts
hit by the wage reductions.

Earlier in the week it was decided
to prepare figures showing the effect
of the wage cuts on the living condi-
tions of the men. Yesterday, how-
ever, the suggestion was made that
the appeal be made to Harding as
well as to the general public opin-
ion of the nation.

The appeal will be carried to Wash-
ington by a committee, which will
lay before the president a detailed
written argument of the workers'
case, buttressed with the experts'
figures. They will ask him to hold
up the wage cuts and order a new in-
vestigation of the entire subject of
railroad wages by some government-
al agency.

At last night's meeting a commit-
tee on strike program was named, to
prepare for it and the appeal to Hard-
ing is unsuccessful.

Announcement from Chicago that
another wage cut, affecting 350,000
clerks, signal men, marine depart-
ment employees and stationery fire
men would be ordered next week by
the labor board created no surprise
among the union leaders here. In
expectation of the broadening of the
wage cut orders to include these em-
ployees, preparations have already
been made to poll them on the strike
question. The ballots will go for-
ward as soon as the wage reduction
order is promulgated by the labor
board.

**FANNY HELLER
AND I. W. MACY
MARRIED TODAY**

(Continued from page one)

Lois Peterson, Veronica Anker, Dor-
othy Durkin, Dora Marie Magley, and
Genevieve Miller. The newlyweds
left this evening for a wedding trip to
parts unknown.

The bride is one of the most popular
young ladies in this city. She was
graduated from the Decatur High
school and attended school at Western
College for Women, at Oxford, Ohio,
and Indiana University. She is a mem-
ber of the Tri Kappa sorority, the Kappa
Alpha Theta college sorority, and of
the Woman's club. She was formerly
a member of the staff of the Daily
Democrat. Mr. Macy who is the chief
engineer of the Universal Conveyor
company, of South Bend, is the eldest
son of Mr. and Mrs. E. B. Macy, of
711 Winchester street, Decatur. He
was graduated from the local high
school and attended college at Purdue
University. Mr. Macy is a member of
the Sigma Chi national college frater-
nity.

Following their return from their
honeymoon, on June 16, Mr. and Mrs.
Macy will be at home to their friends
at 913 Leland Avenue, South Bend.
The many friends of the young people
extend to them their very best con-
gratulations.

HOLLAND SENDING FARMERS ON CANADA

Regina, Sask., June 9.—Farm labor-
ers are being brought into Saskatche-
wan from Holland. Hundreds of work-
ers will arrive during the next few
weeks. Each will be given a guaran-
tee of a year's work at good wages.
At the end of the year most of them
are expected to settle on farms of
their own.

Saskatchewan has had a farm labor
shortage. During last year vast acre-
age of new land along the transcon-
tinental lines of the Canadian Nation-
al Railways has gone under the plow
with the influx of settlers. This has
resulted in the need of additional farm
help.

The decision to import men from
Holland is in line with the general im-
migration plan but are carefully ex-
amined as to their qualifications. Only
those who are fitted for agricultural
pursuits are selected.

Calumet is made under such exact-
ing conditions — packed in such a scientific
manner, that its leavening strength and purity never
vary. It retains its original strength for months
after leaving the factories.

When you tip the can to get the last spoonful,
you know your baking will turn out all right—the last
spoonful is the same as the first. This uniform quality of

CALUMET BAKING POWDER

is cause for its big demand. Housewives
know they can depend upon the results obtained—
that climatic conditions or temperature cannot de-
teriorate its positive leavening power.

When you buy baking powder remember these facts—that
a uniform leavener means bakings that do not vary in
quality—that Calumet is uniform.

A pound can of Calumet contains full 16 oz. Some baking powders come in
12 ounce instead of 16 ounce cans. Be sure you get a lb. when you want it.
