LOCAL PHYSICIANS ATTEND MEDICAL MEETING HELD IN MUNCIE LAST NIGHT

Local physicians motored to Muncie last night where they attended a meeting of the Muncie Academy of Medicine which was addressed by Dr. Sistrunk, from the Mayo clinic, Rochester, Minnesota.

Dr. Sistrunk lectured on the goitre. He classified the disease into three classes and discussed the medical and surgical treatment for each. The treatment of goitre is now said to be upon a sound basis, so that it may be definitely determined before treatment is begun, what kind of treatment the particular case needs. Certain cases of goitre require distinctly medical treatment while other cases of the same disease require distinctly surgical treatment. The method of determining the method of treatment needed is practically new. The physicians from this county who attended the meeting last night were: doctors Miller, Costello, Rayl, of Decatur; Dr. Summers, of Monroe; and Dr. McKean of Linn Grove.

Daily Report of Local and Foreign Markets

New York Stock Exchange

New York, July 1.—Opening of the stock exchange was rather featureless today although it was evident that railroad developments were not worrying Wall Street. Ralls showed fractional changes only and the same was true of the general list. Coco Cola rose to 70%, up ¼ and Mallin's son sold at a new high of 31½. At 99½, United States Steel was up ¼. Wall Street is inclined to take a hopeful view of the situation. It is believed the coal strike is giving an end. The rail strike is giving bankers little concern. No serious tie-up of traffic is looked for with President Harding's declaration that he will support the labor board to the limit. July money strain will be over next week and business in all parts of the country continues to expand. On July 10 the steel merger decision will be handed down and it is expected to be favorable to the companies involved. July in fact will eliminate many unfavorable factors that have been overhanging the market.

The market settled down into a quiet affair which was only what was expected with so many traders out of town over the holidays. The under tone, however, was quite firm. Ralls which had opened a shade down grew firmer as the morning wore on most of them going fractionally above Friday's close. Penna. sold at 42½, up ¼, and Great Northern Pfd. 77½, up ¼.

A feature of the market was the American Water Works Common which gained 1½ points on Friday.

East Buffalo, July 1.—(Log receipts 4000, shipments 3500, official to New York yesterday 4500, hogs closing 11.10, mixed \$11.10@11.25; Yorkers, lights and pigs \$11.25; roughs \$9; stags \$5@6; close to 3000 hogs going over unsold. Cattle 300 low; sheep 200; best lambs 1200; best ewes 400 @600; calves 650; tops 950; few 975.

Wall Street Financial Journal

New York, July 1.—Action of the stock market indicated that Wall Street was not agitating itself about the railroad strike. Although attendance in brokerage houses and on the market floor over the week-end there was a firm demand for stocks and the market showed strength in practically all issues.

Refutation by President Obregon of the Mexican debt agreement did not have so much effect on the oils. Mexican Pete however, held during most of the session at around 177½ a point above Friday's close and 3% more than the low of that day.

A large short interest has been built up in certain oil stocks. This class of stocks has been under heavy pressure for the bear element, although there is nothing in the situation to warrant the severe breaks in such stocks as Standard of Indiana, Sinclair and Texas Company. All the time these stocks were going down the week, the ticker was printing constructive oil news.
