E. A. BEAVERS FURNITURE STORE
Decatur - Indiana

Do you realize that Adams County is the home of the largest furniture upholstering plant in Indiana, located at Berne? The Dunbar Furniture Manufacturing Company is one of the most thriving and progressive concerns in the community, employing at the present time 125 people, all of whom are residents of Adams County. It is owned and managed by Adams County men, H. Neiderhauser being the General Manager and G. W. Sprunger, Secretary-Treasurer. The furniture and upholstering factory is located in a small building, occupying floor space of 30,000 square feet and daily turning out 25 three piece upholstered suits, and 40 individual rockers.

In order to acquaint the people of this community and those who attend the fair next week, with our product, the company has arranged for an exhibit in the Art Hall at the fair grounds. The display will be complete and will demonstrate to you how good furniture is made.

The company will have 100 different samples of tapestry and velour upholstering on exhibit. The special spring construction in the davenport and chairs will also be shown.

The furniture will be exhibited at the fair, E. A. Beavers being in charge of the booth and orders for furniture will be taken there.

The Big Fair Week Sale by the Local Dealer

We want the people in this territory to learn and know of the excellent furniture manufactured by the Dunbar Furniture Manufacturing Company. This same furniture which we are dealers for and have been selling for a number of years is shipped to all parts of the country and ranks among the highest grade of Quality Furniture in the country. The more furniture sold by the Dunbar Manufacturing company, the more employment is given to Adams County people instead of employing 125 people, the plant with increased orders may be employing 225 people within a short time.

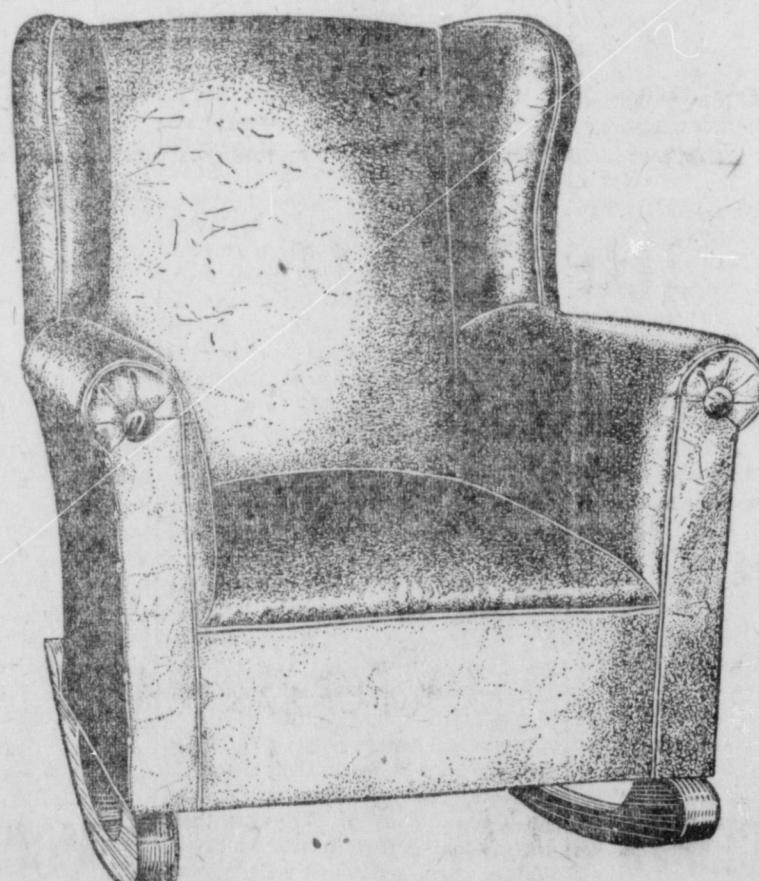

We are offering these specials for Fair Week only!
