Under the plan of racing used this year each heat is a race, thirty per cent of the purse being divided 50-25-15-10, while the remaining ten per cent goes to the winner of two heats in three. In case the first three heats are divided another heat is necessary with only the four leaders starting.

FIRST ENSEMBLE OF "ELIJAH" AT WINONA PLEASED AUDIENCE

It was an amazed and delighted little group of specially invited spectators that witnessed the first complete ensemble rehearsal of "Elijah" at the Winona Lake tabernacle Monday afternoon. Heretofore the various groups of dancers, the singing chorus of hundreds of voices, the great company of dramatic actors who will appear before the audience in oriental costumes, the several leading soloists and the Rainbow orchestra had held separate rehearsals under various directors but when all came together on the vast tabernacle stage these different sections dovetailed together with surprising precision, so thorough had been the preliminary work.

There were times when the stage was a veritable kaleidoscope of colors as the participants moved through the thrilling scenes of that rare Old Testament account of the tragic events in the life of the majestic prophet of Israel. This was noticeable in the Mount Carmel scene when the priests of Baal and their innumerable groups of cymbal, timbrel and flower maidens invoke their heathen deities with elaborate incantations. The chorus singing at this point

equals any in all the realm of oratorio or grand opera music in dramatic significance and pure melody.

That all northern and central Indiana is interested in this musically epoch making production has been proved by the phenomenal reserve sale. The stream of ticket purchasers did not diminish all day of the opening sale and it is fortunate that Winona has a tabernacle that will seat ten thousand people. The performance will begin promptly at 7:30 Thursday night and will be repeated next week, Wednesday at the same hour. Popular prices prevail despite the tremendous expense of staging the magnificent spectacle.

SYNDICATE TO OPERATE C. & I.

Men Organize To Start Trains on Old Western Indiana Coal Line

Attica, Ind., Aug. 2.—(Special to Daily Democrat)—Farmers of western Indiana rejoiced today over the prospect of renewed operation of the Chicago and Indiana coal railroad.

When the road was abandoned as a financial loss, this territory along its right-of-way was left without transportation for crops and without means of hauling coal from small mines except by motor trucks.

A syndicate of men from Attica have arranged to buy the road according to a telegram from George Bernard, former member of the public service commission, who is in New York negotiating the purchase.

"Just closed deal for purchase of remainder of Chicago and Indiana coal railroad" Bernard's telegram said.

This achievement will insure resumption of railroad service over 150 miles. It was made possible by the loyal cooperation and sacrifice of people who have interests along it.

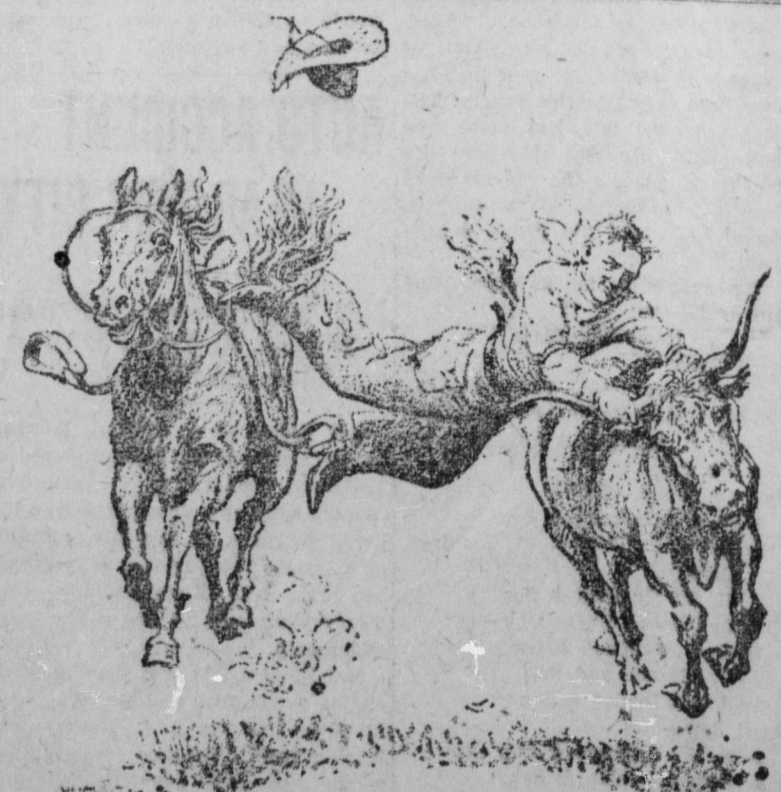

"The road will be in full operation in thirty days."

RESIDENTS OF ALBION PENNSYLVANIA ARE VISITING RELATIVES HERE

W. B. Suttles, wife and son and Mr. and Mrs. Walter McCommons, of Albion, Pa., are here for a two week's visit with A. D. Suttles and family and other relatives and friends. Mrs. McCommons was formerly Miss Ruth Suttles. Mr. Suttles has served for eighteen years as superintendent of maintenance of way department for the Besmer & Lake Erie railroad. He has been having some trouble with neuritis of the left shoulder and is considering leaving his work and moving back to Indiana.

CLUB BOYS' SUCCESS POINTS WAY TO CHANGE OF CROP

Their cash crop, alfalfa, threatened with weevil from a neighboring county and consequent quarantine, farmers of Fernley community in Lyons county, Nevada, began looking about for some other crop to grow for sale. One farmer recalled that five agricultural club boys had been growing potatoes according to methods shown them by the extension service and had harvested from 9 to 13 tons an acre. He was so favorably impressed with their report of the enterprise that he leased 40 acres of alfalfa land, planted potatoes, and obtained 8 to 9 tons an acre. Other farmers became interested, and, in 1921, 300 acres of potatoes were grown in the community.

The above picture shows Milt Hinkle, known as the South American Kid, the World's greatest steer bulldogger, now with the Zeidman and Peolite shows at the fair, in the act of bulldogging a large steer. Mr. Hinkle will perform this act in front of the grand stand at the fair ground on Friday between heats of the races. This act includes jumping from the back of a running horse to the head and horns of a Texas long horn steer and throwing the steer to the ground with his hands alone. Other acts to be performed in front of the grand stand will be Mildred Douglas in trick and fancy riding; Raymond Adams, riding the famous bucking horse, "Hula Hula Girl"; and a comedy bucking mule act.

OWNERS of delivery cars, small trucks and taxicabs have found that the same strong construction which enables Red-Tops to roll up surprising mileage records for small cars on rough roads will show astounding economy on cars used commercially, where incessant use under heavy loads soon breaks down other tires.

Nowhere else can you find the sturdy combination of the extra ply of fabric and the specially compounded heavy red tread which has built the Red-Top reputation.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

Exhibit--Auto Show at the Northern Indiana FAIR

ALL THIS WEEK

We will have a Show Chassis

For You to Look Over.

Take this Opportunity

To see the inside of the Buick Motor and all working parts. This part of the exhibit alone is well worth your time.

Buick Model 23-45

Five Passenger Touring will also be a part of the exhibit—along with the other Buick Line. : : :

G. M. C. 2 Ton Truck

This truck is being displayed in the next booth to ours. The Bluffton Buick Co. has the agency for this territory. Be sure to see this exhibit.

PORTER & BEAVERS

The "USCO"
You Buy To-day is a New—a Better—a Heavier
"USCO"
at the \$10.90 Price with No Tax added

AST Fall at the \$10.90 price it seemed to motorists as if the 30 x 3 1/2 USCO had reached the peak of tire value.

Yet the makers of USCO have now produced a still better USCO—a longer wearing tire with—

Thicker tread—thicker side walls. Better traction, longer service, more mileage.

And the tax is absorbed by the manufacturer.

The new and better USCO is a tire money's worth that was impossible a year ago.

It is possible today only in USCO.
