MONROE NEWS

Miss Caroline Scherer, who has been visiting in Los Angeles, Cal., Denver, Colo., and other points in the west and southwest for the past several months, returned Wednesday evening.

Mr. and Mrs. D. W. Laisure and Mr. and Mrs. Rolla Longenberger left Friday morning on a visit with relatives at Lansing, Mich., for several days.

Clarence Davis of Fort Wayne was here Thursday and Friday visiting relatives.

The Spencer Bros. Garage is the name of the new firm which has opened a first-class garage in the F. H. Tabler building on West Washington street. They have located at this place and moved their families here from South Bend.

C. W. Hendricks and J. J. Mayer were visitors in Berne, Wednesday on business.

On Tuesday night two auto drivers converted the I. O. M. highway passing through Washington street into a speedway, when they came from the west at a 60 mile an hour clip. It was a thriller to our people. Should the state highway commission send a couple of highway cops to this place for a few days, they might gather in numerous violators of the automobile laws.

Messrs. A. D. Suttles and Michael Miller of Decatur were here Tuesday on business.

Harve Smith, the mellow man of Decatur, made two visits here with a large number of muskmellons. Harve is well known to our people, and has no trouble to unload his goods when he comes. He will visit Monroe again next week. Watch for him.

The Sherman White cream station has been closed at this place. C. E. Johnson, manager, has resigned and has accepted a position as traveling salesman.

School begins next Monday, and a large attendance is expected.

The whistle of the Monroe Tile and Block factory was again heard Friday morning after a several week's shut-down on account of coal shortage. However, they received ample supply of coal on Tuesday, which enables them to burn three kilns and to run their machinery and at this time the industry is running at full force, due to the untiring efforts of Manager Winteregg.

PRESBYTERIAN CHURCH

Tomorrow has recently been designated as "The Day of Prayer for Public Schools" of our country. Surely when we realize the tremendous task developing upon our teachers of educating the citizens of tomorrow, we can well afford to pause to ask God's blessing upon their efforts.

The theme of the sermon tomorrow morning will be "Morality, An Integral Part of Education." We invite especially members of the school board, teachers and pupils of the schools of our city.

Preceding this hour we have Sunday school at 9:30. The children are more consistent attendants than the parents. We have splendid classes for adults. Don't let the Sunday morning "sleeping sickness" deprive you of the benefit from the profitable discussions in these classes.

C. E. society 6:30 p. m. Leaders: Misses Lucille Engle and Helen Kocher. A good meeting is assured.

Preaching service 7:30.

We have been so busy discussing Jonah and the whale that many of us have missed the wonderful message of the book of Jonah. Our topic Sunday evening is "The Message of Jonah for the Twentieth Century."

Visitors in the city are especially welcome at our services.

B. N. COVERT, Pastor.

New Telephone System

Contemplated for City

patrons and unless they complain too strongly on a slight increase in rates, not more than fifty cents a month, we will have it. The proposed improvements will cost from \$30,000 to \$50,000 and every penny will be carefully expended. The present rates here are: two party resident lines \$1.25 per month; single resident lines \$1.50 per month; business houses \$2.50 per month.

These rates are lower than will be found in most cities and too low to permit any further investments. The company realizes that something must be done soon because of the necessary extensions while doing this, much prefer to rebuild the entire system, bringing it up to date.

The directors will report after next week's visit to Ohio cities and will decide as to which particular system they prefer. They will tell the costs and the benefits and will put their cards all on the table, asking their patrons to decide whether they wish to have a real telephone system at the slightly increased cost of about fifty cents per month or remain in the old class of a cheaper rate and poorer service. Our people are a progressive people and we feel sure they will favor the up to the minute plan.

EXTRA!

(United Press Service.)
Chicago, Sept. 9.—(Special to Daily Democrat)—Agents from the department of justice arrived here today prepared to uncover what they termed a "nation wide conspiracy to destroy the country's railroads."

Assistant Attorney General Esterlein arrived with a truck load of evidence against striking shopmen which it is planned to present before the hearing Monday on the Daugherty injunction.

Included in the evidence are depositions against 17,000 persons named in connection with alleged sabotage on the railroad.

With Esterlein were thirty-five special agents.

(United Press Service.)
New York, Sept. 9.—Buoyancy in high priced rails was again the principal feature of the stock market today. New highs for the year were attained by Atlantic Coast Line, Louisville and Nashville, Illinois Central, Norfolk and Western, Missouri Pacific Pfd., and many other representative issues.

Trading in the industrial group was also marked by exceptional strength in many individual stocks but the movement in this section of the market was less regular because of profit taking and professional efforts to find the top of the market.

The market closed higher. Closing prices included:
United States Steel 104½, up ¼; Iron Products 38, up ¾; Gen. Motors 1407½, up ¼; United States Rubber 57, up 1; Atlantic Coast 122, up ¾; Norfolk & Western 124½, off ½; Lehigh Valley 71½, up ½.
