Register between now and October
9th if you want to vote in November
and you surely want to express your
approval or disapproval of the state
and national administration.

Register now. Democratic head-
quarters are open and Miss Costello
will fill out the blanks for you. If
you can't get there send word to your
precinct committeeman or woman
and they will see that you are qual-
ified to vote. October 9th is the last
day and you must be registered by
that time. If you live in Adams
county you want to vote for John
Tyndall for congress probably and
we want you to. Be sure to register.

Democratic headquarters are open
now and interest is expected to grow
in the important campaign just open-
ing. Efforts will be made to register
every voter and there will be a sev-
eral weeks' speaking campaign with
much to discuss. The state tax
question, the many useless commis-
sions and the record of congress will
furnish ample subjects and the people
are evidently anxious to show their
disapproval of these things and the
present general conditions.

If you drove over the main high-
ways yesterday you probably saw a
car in the ditch and if you drove over
some of them you no doubt saw sev-
eral for there were the usual number
of accidents yesterday. New gravel
on the roads makes it easy to lose
control of your car if driving thirty
or forty miles an hour and the won-
der is that there are not more serious
results than are reported and
there are plenty at that. Why take
chances when driving?

The state tax commission wants
the local tax levies reduced but ac-
cording to all information coming
from their headquarters the state
taxes will be increased. They use
\$1,400 a mile to maintain the state
road through Adams county but com-

plate if we ask one-tenth that amount
to maintain county roads. It doesn't
seem just fair but if we can possibly
get along with less taxes of course
we all want it done. The tax board
make their own rules evidently and
are their own judges, a fine scheme.

If John Tyndall is sent to congress
he will not devote much time to en-
tertaining or attending balls or other-
wise shining in society but he will be
looking after your interests every
minute. You know that if you know
John Tyndall and you also know that
he has the ability as well as the de-
sire to accomplish things. He will
be fighting for the good of his consti-
tuents and that ought to be the kind
of a man to send there. He is being
supported by hundreds of the leading
citizens of the district for that very
reason and the indications are that
he will be employed on November 7th
to represent this district in congress.

Now the campaign is warming up
and the candidates with outstretched
hands go smiling through the coun-
tryside. They stop us in the lanes.
They tell us about it in the black-
smith shop. They exhibit themselves
at the county fairs, and the ice cream
socials. They are cheerful, optimistic
over their chances. But they are not
normal—not quite normal. We notice
a certain bewilderment in their ap-
proaches. For ma, as well as pa, is
on the registration list this year. Sis
is going to vote, and her vote counts
just as much as Bud's. And the
ladies, heaven bless 'em! are to some
extent an unknown quantity to the
man that looks for office. Of course
he has ladies in his own home, but
chances are he is not entirely sure
and certain how they are going to
vote. And if he doesn't know what
his own womankind may do, how can
he guess at the feminine vote in gen-
eral. Poor candidate! He can't tell
just how properly wet or dry he
should be. Should he carry a flask
on his hip and a rose in his hand?
Should he stuff one pocket with
seegars, and another with chocolate
bon bons? Alas, who is to tell him!
He is up against a new thing, and
there are no traditions to guide him.
He has a shrewd fear that the ladies
will not be as easy to string along as
the man voter with whose psychology
he is more familiar. He can only do
his best and wait till the votes are
counted.—Farm Life.

Relief Is Found
From Stomach
Trouble

Hope for the millions of unfortunate
men and women who are victims of
stomach trouble is sounded by Mrs.
Nancy Surratt, of 1459 S. Harden Ave.,
Terre Haute, Ind. Mrs. Surratt was

worst form but was completely re-
stored to health by taking Tanlac.

"For many years I had an awful
time with my stomach. I never
thought of such a thing as eating
breakfast, and often at dinner or sup-
per I turned so sick I had to leave the
table. But the first few doses of Tan-
lac got me to feeling better, and now
my stomach and soon the entire sys-
tem is filled with poisons. Tanlac
was designed to restore the stomach
to a healthy condition and build up
the whole body. Millions everywhere

CARD OF THANKS

Editor Democrat:

We surely appreciate this space
in your valuable paper to express our
thanks to all those people who so
willingly offered their service during
the sickness and funeral rites of our
wife and mother. At first the beau-
tiful flowers that cheered the sick room
were accepted as tokens of friend-
ship, but as the days and weeks wore
on and the flowers continued to come
they began to be clothed with that
feeling of Divine love that the Great
Gallilean teacher tried to reveal. All
of these kind helpful acts at our home
and at the church will be considered
as sacred deeds of love.

A MERE TRIFLE

Detroit, Mich., Sept. 25—The
finding of a dollar in an old
trousers pocket or picking up a
good spare tire on the back of a
discarded "Lizzie" is a mere
nothing compared with Henry
Ford's recent discovery of a
forgotten \$2,000,000 deposit in a
Windsor, Canada savings bank.

Henry Ford's bank balance is
now reported to be around
\$200,000,000. This discovery
meant nothing more to Henry
than the means of buying a few
weeks' supply of coal, one Ford
official said here today.
