

The Cause of Most Hair Troubles Has Now Been Found!

Authorities now know the cause of most all hair troubles comes from that oil in the scalp called SEBUM.

It is the cause of dry and brittle hair, dull and lifeless hair, oily hair, dandruff and falling hair.

Now the cause is known—there is a treatment to overcome its ill effects.

It is a special shampoo—Palmolive Liquid Shampoo. Just use one bottle and see how your hair responds. It frees your scalp from Sebum.

And it contains olive oil—the very thing used by high-priced beauty specialists to make dry and brittle hair soft and glossy.

HOMES MAY BE RADIUM HEATED

Professor Predicts Everlasting Heat From Radium Plants

(United Press Service.)
Crawfordsville, Ind., Oct. 2.—(Special to Daily Democrat)—Dr. A. J. Wilson, head of the chemistry department of Wabash college, in an address here before the Kiwanis club declared that within five generations the country's homes may be heated by radium plants which will last forever.

"Radium" he said, "is found in Austria, Norway and Sweden in substance known as pitch blend. When it was discovered about 25 years ago by Madame Curie it conflicted with the theories of conservation of energy and resistance of matter.

"The mineral is common in compounds of bromide and is used medicinally in substances which greatly resemble common table salt. Its physical properties taken in its pure form are those of a silver-like metal, soft and heavy with the following possibilities:

"It can charge itself electrically; it can illuminate itself and can produce heat energy spontaneously.

"All the coal in the world will be exhausted in five generations. It is claimed and it is going to be incumbent upon the peoples of the earth to provide substitute. With coal selling in 1975 at \$500 a ton, we may pick up our daily paper and read a want ad like this: 'For sale or rent—modern ten room house with radium heating system, 20 pounds.'

"That means that the property is equipped with a radium heating plant containing 20 pounds of the precious metal. There would be no ashes and no coal bill. We should pay radium rent. A piece of radium will last six thousand years so the plant would never wear out. But since an ounce of radium would cost \$3,200,000, the new system might be but a slight saving over modern coal prices. The problem of coal shortage must be solved within the next five generations."

The democrats are holding township meetings this week to see that the registration of voters is completed by Monday.

Board of Guardians at Public Library, 2:00 p. m.

Wednesday
Bachelor Maids with Adelaide Deinger—6:30 p. m.

"500" club—Mrs. Lawrence Kleinhenz.

Shakespeare Club with Mrs. D. B. Erwin.

Historical Club—Mrs. John Schafer.
Reformed Christian Endeavor—Parsonage.

Thursday
Concord Ladies Aid—Mrs. Kate Christen.

Elks Card Party at Elks' Hall, 7:45 p. m.

Mount Pleasant Ladies Aid with Mrs. Frances Fuhrman.

The Psi-chi-Xi sorority meeting has been postponed from Tuesday evening until a week from Tuesday.

Mrs. Fred Patterson will be the hostess at that time.

The Shakespeare Club will meet on Wednesday afternoon at the home of Mrs. D. B. Erwin.

Walter Colchin entertained at his beautiful country home last evening in honor of Miss Alice Green, who is leaving this afternoon for her future home in Brooklyn, New York. The evening was spent by playing games and dancing. Later in the evening a marshmallow and wicker bake was enjoyed by all. Those who enjoyed the evening were Misses Beulah Nichols, Verena Miller, Theresa Appleman, Alice Green, Naomi Debolt and Frances Snyder; Joe Schmitt, Henry Meyers, Walter Colchin, Aly Snyder, Frederick Ulman and Arthur Colchin. The best wishes for a safe and happy journey were extended to Miss Green.

Miss Verent Miller entertained at a twelve o'clock dinner yesterday in honor of Miss Alice Green who is leaving today for her future home in Brooklyn, New York. Those who were there to make the day a happy event were the Misses Theresa Appleman, Alice Green, Naomi Debolt and Beulah Nichols.

The Christian Endeavor Society of the United Brethren church will meet at the church at 7:30 o'clock tomorrow evening, for a business meeting. All officers are requested to be present.

The Board of Guardians will meet at the Public Library at 2 o'clock Tuesday afternoon.

The Elks will hold a card party at their hall on South Second street on Thursday night, October 5. The games are to begin at 7:45 o'clock. The ladies are especially urged to attend the party. Beautiful prizes will be awarded to the winners in the card games. An admission of ten cents will be charged. A number of the travelling card will be ready to be issued at the party, it is said.

The "500" club will meet at the home of Mrs. L. H. Kleinhenz on Wednesday afternoon at 2 o'clock instead of Wednesday evening as was first announced.

The Historical club will meet Wednesday afternoon at 2:30 o'clock with Mrs. John Schafer on North Third street.

The Christian Endeavor society of the Reformed church will meet at the parsonage Wednesday evening.

A number of guests were entertained at the home of Mr. and Mrs. Sam Fuhrman Sunday. At noon a chicken dinner was served, a birthday cake being the center piece. Those present were Mr. and Mrs. J. R. Williams, Princeton, Mass.; Mrs. Sarah Jackson, of Fort Wayne; Mr. and Mrs. C. F. Miller and family of Celina, Ohio; Mr. and Mrs. D. Gast of Celina, Ohio; Mr. and Mrs. J. O. Fuhrman; Esther, Bertha, Zelma and Lois Fuhrman, Milton Maurice, and Norval Fuhrman. A number of pictures were taken during the afternoon.

The Mount Pleasant Ladies Aid will hold a business meeting at the home of Mrs. Frances Fuhrman on Thursday afternoon. All members are urged to attend and visitors are welcome.

The members of the local chapter of the Delta Theta Tau sorority have been invited to attend a tri-chapter banquet to be given by the Fort Wayne chapter in Fort Wayne on October 26. The Portland chapter will also attend. Officers will be installed by the Fort Wayne chapter at that time.

The members of the local chapter of the Delta Theta Tau sorority have been invited to attend a tri-chapter banquet to be given by the Fort Wayne chapter in Fort Wayne on October 26. The Portland chapter will also attend. Officers will be installed by the Fort Wayne chapter at that time.

Bituminous Coal Men Meet to Prevent Strikes

Cleveland, O., Oct. 2.—Bituminous coal operators and miners assembled here today to act to prevent future strikes.

John L. Lewis, president of the United Mine Workers, headed the miners' representatives.

The meeting, provided for in peace terms of the August 15 settlement which ended the strike, had these three purposes:

1—Naming of a joint committee to investigate the coal industry generally.

2—Naming of a joint committee to formulate methods for negotiating a new wage scale to be effective when the present agreement expires March 31, 1923.

3—Determine procedure for the joint committee of inquiry so that its work will not conflict with the coal commission to be appointed by President Harding for a thorough probe of the coal industry.

INSECT CONTROL IN NORTHWEST

In its insect-control work in the southern Oregon-northern California points (forests of the Northwest) this year, the United States Department of Agriculture treated 69,710 acres; 1,079 trees containing 6,672,490 broods of destructive bark beetles removed and burned. It is thought that a reduction in the infestation of at least 50 per cent will result.

COMMISSIONERS IN SESSION

The board of county commissioners met in regular session this morning at the auditor's office. The forenoon session was devoted to the checking and allowing of bills and disposing of monthly and quarterly reports. The commissioners will be in session again tomorrow.

WRIGLEY'S

helps the stomach.

After a hearty meal, try its friendly relief and comfort to the over-burdened stomach.

It is the beneficial and satisfying sweet for old and young.

And the cost is very small.

BIG TYPE Chester White Hog Sale Wednesday, Oct. 4, 1922

Brother Breeders, Farmers and Neighbors:-

I wish to extend to you a cordial invitation to attend my sale of bred Chester White Sows, Gilts and Boars.

I can truthfully say that this is a very useful bunch of gilts and sows. I now have the best hogs I ever produced. They are nearly all sired by my great herd boar, BUUCK'S WONDER, which produces the kind of hogs that grow into very large hogs in a short time with proper care. I have purchased another young boar from Minnesota which I know is a good one and has the breeding to make him a bigger and better boar than Buuck's Wonder. He will be 13 months old on Oct. 6th and stands 34 inches high and measures 68 inches from nose to tail. I have crossed nearly all the fall gilts with this wonderful young boar which I know will produce top-notchers. You cannot make a mistake by buying one or more of this offering. With the low price of corn you can afford to feed your hogs and make a nice profit.

12 bred fall yearling gilts—One tried sow, 24 spring gilts—

9 boars and about 15 head of barrows.

Sale will be held on the farm on Wednesday, October 4, 1922, 6 miles east and 1 mile north of Ossian or 10 miles northwest of Decatur. Consisting of 12 bred fall yearling gilts, due to farrow soon; one tried sow, 24 spring gilts, 9 boars and about 15 head of barrows which will make real good feeders. I have to make room for my new pig crop which is coming in.

TERMS—Cash or note with approved security on 6 months time with 7% interest from date. (But notes must be paid when due.) Parties unknown wishing time must bring their bank reference.

Otto Buuck

Noah Frauhiger, Jessie Ellenbaucher, Roe Hunter, Fred Busche—Auctioneers.

Lunch will be served free of charge.

Closed Car Luxury Unsurpassed
The 1923 Six Cylinder Seven Passenger Sedan—\$2195

A dignified beauty and richness unexcelled by any closed car mark the new Buick seven passenger sedan.

Lengthening the body, lowering the top and raising both hood and radiator have improved the streamline appearance made possible by the long wheel base, and added attractiveness has been given by the handsome nicked drum-type head and cowl lamps.

The roomy Fisher built body is furnished in rich plush. Deep cushioned seats

for five with two comfortable folding chairs accommodate seven grown persons with ample room for everyone.

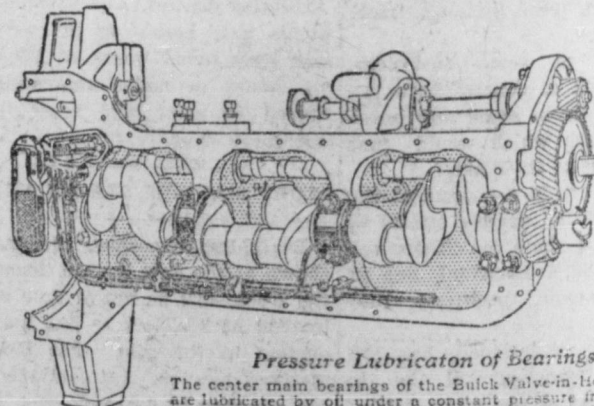

The chassis has been improved materially and its easy riding qualities heightened by a new rear spring suspension.

In the famous Buick Valve-in-Head engine, changes also have been made to increase its dependable performance.

In every detail of body, chassis and power plant, this Sedan has no superiors among closed cars of even greater price.

The Buick Line for 1923 Comprises Fourteen Models:

Fours—2 Pass. Roadster, \$865; 5 Pass. Touring, \$885; 3 Pass. Coupe, \$1175; 5 Pass. Sedan, \$1395; 5 Pass. Touring Sedan, \$1325. Sixes—2 Pass. Roadster, \$1175; 5 Pass. Touring, \$1195; 5 Pass. Touring Sedan, \$1355; 5 Pass. Sedan, \$1395; 4 Pass. Coupe, \$1895; 7 Pass. Touring, \$1495; 7 Pass. Sedan, \$2195; Sport Roadster, \$1625; Sport Touring, \$1675. Prices f. o. b. Buick factories. Ask about the G. M. A. C. Purchase Plan, which provides for Deferred Payments.

Pressure Lubrication of Bearings

The center main bearings of the Buick Valve-in-Head engine are lubricated by oil under a constant pressure from a pump, insuring a film of oil at all times between the bearing surfaces. The pump also forces a volume of oil directly into the crank case at each connecting rod pocket making certain perfect lubrication of these bearings also.
