Mrs. J. Dwight Peterson, of Indianapolis, formerly of this city, has been selected as one of four women to represent "The Current Discussion Club" of Indianapolis, of which she is a member, at the state convention of the Federation of clubs to be held in the capital city October 20th to 24th. Mrs. Peterson is well deserving of the honor and her many friends in this city will be glad to learn of the compliment bestowed upon her. Local representatives of the different clubs will also attend the state convention.

Mrs. Fred Ashbacher will entertain the "500" club at her home on North Third street, at 8 o'clock Wednesday night.

About forty members of the Christian church gathered at the home of Joe Beery last night and enjoyed a social evening. The affair took the form of a birthday party and each present contributed to a birthday offering which totaled \$15. The oldest person present was 72 years old and the youngest was three years.

The Psi-Iota-Xi sorority will meet with Mrs. Fred Patterson on Tuesday evening of next week.

MONROE NEWS

Mr. F. M. Burton, of Anderson, was here Friday on business.
Messrs. J. E. Nelson and J. J. Mayr attended the Democratic meeting held at Geneva Thursday night. Judge James Moran, of Portland and J. W. Tyndall, of Decatur, were speakers. A good attendance was present.

A box social will be held at the Winchester (Hardscrabble) school house, on next Wednesday evening. Everybody is cordially invited to attend. A good time is assured.

Mr. Robert L. Sprunger, manager of the Enterprise Store, was off duty on Tuesday evening to celebrate the 7th anniversary of his birth.

The Senior and Junior classes of the 1922-23 High School will hold a class reception at the home of Miss Marie Essex, one and one-half miles south of town on next Thursday evening. A good time is anticipated and every member should be present.

Mrs. Sadie Scherer, of this place, who has been visiting her son, Lee Scherer and wife at Niles, Ohio, for several months, returned to Decatur, and is visiting her brother, E. B. Macy and family.

Twelve young ladies of the girls' basketball team of the Monroe high school accompanied by their coach, Miss Frisinger, on Thursday evening, took a hike to J. A. Hendricks Grove where they enjoyed a royal good time in various ways. A picnic supper was served and much pleasure was derived from their evening's outing.

It has been the practice of a number of our young men and boys to gather and obstruct the sidewalk in front of our business places each night, indulging in wrestling, initiating one of the "freshies" much to the discomfort of those passing along the street. This practice has been continued for some time until it became unbearable when Marshall Bob Andrews put a "quintus" to the outlandish sport and ordered the same to cease.

It appears that Monroe is becoming an airplane center since last Sunday. We are reliably informed that on next Sunday there will be two airplanes conducted by Pilot F. J. O'Neill and Otto Smith, to carry passengers into the air. These gentlemen were at this place and enjoyed a lucrative business at \$5.00 per person, and we understand the darkness prevented further trips, so a repetition of the previous flights are to be made on next Sunday with two machines to supply the demand of their traffic. Monroe is on the airplane map.

SPENT HALF HER TIME IN BED

Farmer's Wife Tells How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman

Carter's Creek, Tenn.—"Three years ago I was almost an invalid. I spent half of my time in bed, being afflicted with a trouble which women of a certain age are apt to have. I took Lydia E. Pinkham's Vegetable Compound Tablets and used Lydia E. Pinkham's Sanative Wash. I am a well woman now and have been for two years. I can work as well as any one who is younger and as I am a farmer's wife I have plenty to do for I cultivate my own garden, raise many chickens and do my own housework. You may publish this letter as I am ready to do anything to help other women as I have been so well and happy since my troubles are past."—Mrs. E. T. GALLOWAY, Carter's Creek, Tenn.

Most women find plenty to do. If they are upset with some female ailment and troubled with such symptoms as Mrs. Galloway had, the smallest duty seems a mountain.

If you find it hard to keep up, if you are nervous and irritable, without ambition and out of sorts generally, give the Vegetable Compound a fair trial. We believe it will help you greatly, for it has helped others.

MR. BROKAW COMES TO THE FRONT

Tells His Friends and Neighbors of His Experience.

Every Decatur resident should read what Mr. Brokaw says, and follow his example. He has used Doan's Kidney Pills and speaks from experience. Is there any need to experiment with imitations or untried kidney medicines?

Chancey Brokaw, S. 8th St., Decatur, says: "Last winter my kidneys got out of order, caused by a cold setting on them. My back ached considerably and I had lumbago pains across my back and hips. The action of my kidneys was irregular. I used Doan's Kidney Pills from Smith, Yager & Falk's Drug Store and they soon fixed me up in good shape. In a short time my back was well and strong."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brokaw had, Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ing was not intended to be enforced and that no attempt would be made to enforce literally. It was issued simply to make this government's course impartial and consistent by demanding universal enforcement against all alike, of American law.

It was intimated in official quarters that regulations to be issued by Secretary of the Treasury Mellon regarding foreign ships would provide that an affidavit by the master of any foreign vessel carrying liquor that it was not being brought to the United States for sale and that none of it would be permitted to fall into American hands would open the barrier.

The United States government holds that foreign governments have no cause for complaint against the Daugherty liquor ruling, a high official of the state department said today, since both the ruling and the prohibition amendment relate entirely to American territory, insofar as foreign vessels are concerned. It was pointed out that the supreme court has ruled that the transportation in bond of liquor through the United States, as for instance, from Mexico to Canada, is forbidden under the Volstead law.

So far as the state department is concerned, therefore, the whole matter is up to congress and the courts. If foreign ship owners desire to attack the ruling they will do it through the courts rather than through diplomatic channels, in the opinion of state department officials.

An immediate test of the Daugherty rule will be sought in the courts probably by both American and foreign shipping interests. Daugherty announced his readiness to help expediate a final decision.

He said he relied on previous decisions of the United States supreme court in making his ruling. If that court should maintain its position, Daugherty's ruling would stand at least as to American ships. The court has held in effect, that the constitution follows the flag not only on land but on the seas and that the wording of the prohibition amendment makes it clear that wherever the United States government has jurisdiction there the prohibitory law applies.

There were rumors today that Chairman Lasker of the shipping board would resign his post in protest against the ruling. Lasker caused shipping board vessels to begin the sale of liquor as a means of com-

peting in the passenger trade against bar-equipped foreign liners.

"There will be several ways for foreign ships to evade the ruling," Lasker said. "For one thing they could carry enough liquor on leaving foreign parts to last them to the three mile limit, and then throw overboard what was left, or, they could put into Montreal or Vancouver."

"The west coast is where we will be hit hardest, for Portland and Seattle are in a hot race with Vancouver for Pacific business. This hits us hard in the Pacific."

Wayne B. Wheeler, general counsel of the anti-saloon league, said the decision is "second law and good reason. It will help law enforcement greatly. It sustains the contention which we made."

British Remain Quiet

London, Oct. 7.—Pending receipt of full information concerning the sweeping order of Attorney General Daugherty, which bans liquor from foreign ships entering American ports, government officials and ship-pers cautiously refrained from commenting today.

Puzzled resentment over the order, however, was sensed in government and shipping circles.

There is a possibility that British ships will drop their cargoes of liquor at Canadian ports on the way to the United States and then pick the liquor stored up on the way back.

American tourists were shocked by the order of the attorney general. They are speculating on whether the order will become effective at a sufficiently early date to prevent homeward bottle-toting across the ocean and the usual party before the shores of dry America are reached.

DODGE BROTHERS BUSINESS SEDAN

With this car, Dodge Brothers have literally created a new type of sedan.

They have combined open car ruggedness with closed car protection and smartness.

They have demonstrated, once for all, that a sedan can be as practical and almost as inexpensive as an open touring car.

The body is built of hand-welded steel because steel is sturdy, and will take a permanent, oven-baked finish, eliminating forever the cost of repainting.

The seats are upholstered in attractive, genuine Spanish blue leather, because leather will wash and wear.

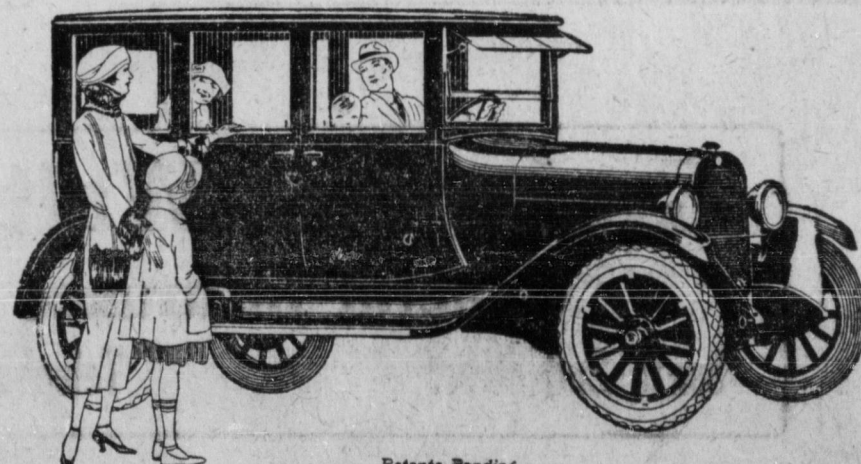

To further enlarge the car's usefulness, the rear seat, back and side cushions, seat frame and foot rest are quickly removable, giving sixty-four cubic feet of flat loading space in the rear compartment. The manifold uses made possible by this unique feature are readily imagined.

The top and rear quarters are of non-rumble, fabric construction, conforming with the present attractive vogue. From cord tires to curtain cords, the fittings, inside and out, are distinctive and complete.

In fact, every detail of the car emphasizes its striking adaptability to business as well as social use.
