

## DODGE BROTHERS BUSINESS COUPE

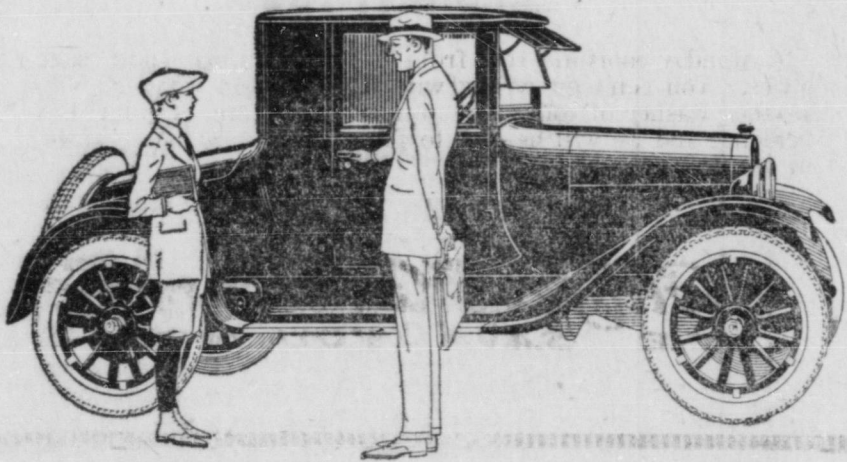

With this coupe Dodge Brothers have proved once for all that a closed car can be as sturdy and practically as inexpensive as an open roadster.

This is largely due to the all-steel body—the first ever marketed—which admits of lower cost of manufacture through standardized machine production. Unlike wood, the steel surface will take a finish of enamel, baked on at high temperature. This process results in a permanent lustre, and eliminates the trouble and expense of repainting.

The wide straight seat is upholstered in genuine Spanish blue leather, durable and readily cleaned.

with new and modern club room furniture. The total cost of the building will be \$35,000. Work on the construction of the building will be started early next spring and it is thought that it will be ready for occupancy by early next fall. C. N. Christen, active member and past exalted ruler of the local lodge, is the architect and engineer of the building.

The building of the new home represents the realization of a dream of many years. Since the founding of the local lodge in 1905 every member of the order has hoped that some day a beautiful building could be erected to house the club and lodge rooms.

the Indianapolis Tent company and is 175-52, assuring you comfort each evening, rain or shine.

There is a lunch booth, candies, fancywork, flowers and a fish pond, all in charge of the ladies. One hundred and ten merchants have given merchandise which will be disposed of at the fair in various ways. Look for that stand. There will be auction sales and numerous gift plans, a booth of walking and talking dolls, electric eyed Teddy bears, Chase blankets and motor robes, Beacon blankets, groceries, silverware, glassware, beaded pocket books and silk umbrellas, ham and bacon, electric stand lamps and Boston bags, games and contests

galore, and plenty to keep you busy four or five hours each night.

Arrangements have been made for a splendid orchestra and a dance will be given from ten to one o'clock each night at the K. of C. hall. Look in the windows of the various downtown stores and see the gifts presented by the merchants to be disposed of next week.

The B. P. O. E. of Decatur hope to earn some profits to be applied on the new home proposed and which they will erect next year at the corner of Second and Jackson streets, but they assure you of a fine time at the Festival and will leave nothing undone to make you enjoy yourself. There will be a number of surprises during the week and the only way you can enjoy it all is to attend each evening. Help a good cause along, boost the boys who are boosting the community. Come on. Let's all go.
