

WHAT THE 6TH BUTTON DOES

THE sixth button, the last added to the front of an Eagle Shirt, is the makers' pet. It enables them to space the other five more closely. It closes the lower part of the skirt-long center-plait, keeping the waist-line from gaping. It helps prevent the skirt from riding up. Like the other five, it is sewn on to stay by 50% more stitches than most good manufacturers use.

One of the many reasons why Eagle Shirts are preferred.

GENEVA NEWS

Jim Miller of Fort Wayne came Saturday afternoon to spend the week end with his family.

Little Miss Helen Hoskinson of Richmond spent the latter part of last week in this place visiting at the home of her grandparents, Mr. and Mrs. Wm. Hoskinson.

Miss Izora Thornhill returned to her home near here Friday after spending the past three or four weeks visiting at the home of her sister, Mrs. Oscar Harb and family in Albany, N. Y.

Mrs. Jesse Engle spent the week end in Bryant visiting with relatives.

I. N. Wright and daughter, Mrs. Minnie Hughes, and the latter's two children, Mable and Robert, left for Mendon, Mich., Saturday morning where they will spend a short time visiting relatives.

Jim Burk of Fort Wayne spent the week end here with his parents.

Miss Mary Alles spent the latter part of last week in Dayton where she was the guest of relatives.

Jakie Renner, who is employed in Fort Wayne, spent several days here the latter part of last week visiting with his parents, Mr. and Mrs. Sam Renner.

Miss Carrie Shutt of Bloomville, O., was the guest of honor at a very pretty party held at the home of her sister, Mrs. A. J. Bliss, Friday night. Several hours were very pleasantly spent by the young ladies in chatting, singing and listening to instrumental music. Dainty refreshments were served by a colored maid, who proved to be Miss Aileen Bliss.

C. D. Porter spent the latter part of last week here attending to business matters.

The revival meetings, which have been in progress at the M. E. church at Ceylon, have been attracting large crowds and fine interest has been shown.

Pearl Zimmerman of Fort Wayne was among those who spent the week end at their parental homes here.

Rev. J. W. Reynolds spent last Thursday in Fort Wayne attending a conference.

Harold Wegmiller and wife visited several days the latter part of last week at the home of his mother, Mrs. Lydia Wegmiller.

QUEER FEELINGS AT MIDDLE AGE

Women Should Know How Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Sheboygan, Wisconsin.—"I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings."—Mrs. B. LANSER, 1639 N. 3rd St., Sheboygan, Wisconsin.

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Melancholia, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?

Terrible Baseball Game At Domestic Yesterday

Well, the game is now over and as a result of the third world's series of the present year, there is a little fertile spot lying peacefully between two corn fields and a pasture lot about seven miles west of Geneva, commonly called Domestic, by home folks, which claims the third title. After playing air-tight ball for six innings, up to which time neither team had scored, Geneva managed to cross the plate and shortly after the Domestic team managed to tie it up, and before the game ended the corn fed lads had scored three runs, which was sufficient to win.

The team representing Geneva, which was the remnants of the old Booster outfit which played a few games at the beginning of the season this year, plus Snyder, who has been working in the box for Domestic all year, but who was discarded in yesterday's game to make room for the terrible Noel of Lincoln Life fame, who appeared in the box against the Geneva boys. Owing to their lack of practice the Boosters could not connect with the ball at bat to any advantage, but Snyder, who was hurling against his own team-mates was doing brilliant work, until an error and three clean hits in the seventh inning netted two runs, or enough to win the game.

Each pitcher struck out several men, in fact they were too numerous to mention. Noel yielded only four or five hits while Domestic gathered a couple more off Snyder. J. Briggs featured at bat for Geneva, while the infield plays of Collom, the midget second baseman was nothing short of miraculous, and the way Briggs picked off a wild throw from short stop to first base is seldom witnessed out side of major league circles. Failure of J. Briggs to notice his brother taking a beauty nap with a runner on first paved the way for defeat when he tried to catch the runner napping and let him get to second on the throw. An unusual feature of the game is that no one blames the umpire for the defeat but the Boosters do believe they would like to face Noel in battle some time next season when they are in batting form. We imagine the story would be too heart rendering to print.

Indianapolis Times Gave Yellow Jackets a Boost

The prowess of the Decatur high school football team was heralded to the public throughout the state Saturday through a story carried in the Indianapolis Times. The story gave the local team a fine boost and helped to put the old town on the map. Following is the story as it appeared in the Times:

Decatur, Ind., Oct. 23.—Coach A. G. (Tommy) Moore, of Decatur High School, has developed one of the best football teams ever seen in this section of the state. The first three games of the schedule resulted in victories for Decatur. Coach Moore's team defeated Portland high, 15 to 7, in the opening game of the season. Decatur crushed the Convo (Ohio) high under a 47 to 0 score, and again met Portland on the gridiron and won, 24 to 0.

Decatur defeated Columbia City High Friday, 67 to 0. Myers was the shining light.

Decatur has a heavy team. The line averages 168 pounds and the average weight of the back field is 155 pounds. Jack Teeple is quarter back; Bob Myers and John Teeple are halves and Lowell Smith is full. This makes one of the most aggressive back field combinations on any prep school in the state.

Coach Moore believes he has the strongest line of any high school in the state—Wittgenfelt and Kern, ends; Macklin and Engler (captain), tackles; Gay and Hunsicker, guards, and Clark, center.

RUB RHEUMATISM PAIN FROM SORE, ACHING JOINTS

What is rheumatism? Pain only. St. Jacobs Oil will stop any pain so quit drugging.

Not one case in fifty requires internal treatment. Rub soothing, penetrating St. Jacobs Oil directly upon the tender spot and relief comes instantly. St. Jacobs Oil is a harmless rheumatism and sciatica liniment, which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatica pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest St. Jacobs Oil has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

Two Men Star

The play of two men this season on the Decatur High School team caused the football fans in this part of the state to believe they may be selected on the all-state high school team this year. These athletes are: William Gay, left guard, who weighs 215 pounds and is six feet one inch going up. The athlete, besides being a powerful defensive man, has an educated toe. He is a place kicker who has great strength and drive and has won games for his school by his kicking. He kicks off for his team and the ball as a rule drops some place near the goal line, and even into the end zone from the kickoff. Robert Myers, 163 pounds, five feet eight inches tall, who can run 100 yards in 10.35 seconds, is one of the best backs in the state. Myers is a good man at shooting forward passes and throws the ball with his left hand. He does the punting for his team and his kicks have averaged better than forty yards in games this season.

The Decatur schedule follows: Oct. 27, Van Wert (Ohio) High School at Decatur; Nov. 3, Huntington at Huntington; Nov. 10, Decatur at Bluffton; Nov. 17, Richmond at Decatur (homecoming game); Nov. 24, Central Catholic High School at Ft. Wayne; Nov. 30, Hicksville, Ohio, at Decatur.

Getting Line on Racers For 1923 Speedway Race

Indianapolis, Oct. 23.—Carl G. Fisher, president of the Indianapolis Motor Speedway company announces that T. E. Myers, secretary and general manager of the Hoosier track will sail for Europe on the Aquitania on October 24th. The Indianapolis motor speedway company is sending Mr. Myers to Europe to get a line on prospects for European factory entries in the 11th annual international 500-mile sweepstakes, on May 30th, for 122 cubic inch cars.

European factories have raced the 122 cubic inch class this year in the French Grand Prix and the new Monza speedway, at Milan, Italy. On the latter course which is Europe's first attempt to duplicate the Indianapolis course, the Europeans have also had success with the 91 cubic inch class. These classes in European terms are known as the two and one and one-half litre divisions, being based on the cubic inch piston displacement of the engine.

What Standard Oil Company (Indiana) Distribution Means to the Home

JAMES J. STARROW, fuel administrator of Massachusetts, says, "Don't burn a pound of coal in October. Cook and heat water for your household with a kerosene stove. It will save you money. It will perhaps keep you out of the coal line next winter. Cooking by kerosene is cheaper than coal. Kerosene can be bought anywhere."

"Kerosene can be bought anywhere"

This statement is particularly true throughout the Middle Western states served by the Standard Oil Company (Indiana), whose distribution service is 100% complete. Kerosene is delivered to the home, whether on a distant farm, in a small town, or in a big city.

Imagination and foresight were required to anticipate the demand for petroleum products which exists today. Permanency in organization, efficient management and close attention to the minutest detail has resulted in establishing within this Company a spirit of service which is expressed in the far-flung system of distribution and delivery which makes every user of petroleum products in the 10 Middle Western States feel certain that his needs will be instantly supplied.

The Standard Oil Company (Indiana) distributing system represents an investment of over \$45,000,000. It includes 25 main stations where complete stocks of products are kept on hand, 3973 bulk stations, 1605 service stations and 7167 tank wagons. It has grown to meet the needs of the present and to anticipate the needs of the future. It is highly flexible and capable at all times of meeting emergencies, such as a coal shortage, in any section of the territory served. This service is available at every home.

To meet the needs of the public it serves is the ideal which the Standard Oil Company (Indiana) has before it at all times. It is alert to foresee a possible need for its products, and when the demand comes it is prepared to supply it; for example, the possible coal shortage has resulted in an unusual demand for a burning oil for use in home-heating plants, and the Company was ready with Stanolind Furnace Oil, which it had developed for this particular service.

Stanolind Furnace Oil is equal to kerosene in heating value and sells at a lower price. This is another benefit accruing to the public at large, through an efficiently managed big business.

Standard Oil Company (Indiana) 910 S. Michigan Ave., Chicago

Why spoil the effects of a good night's sleep

by a breakfast of heavy, indigestible food? What your appetite craves, and your system demands, is a tasty and substantial food that supplies full nutrition in readily digestible form.

Grape-Nuts is just such a food—a body-building cereal made from wheat and malted barley.

Grape-Nuts is rich in vital mineral elements recognized as essen-

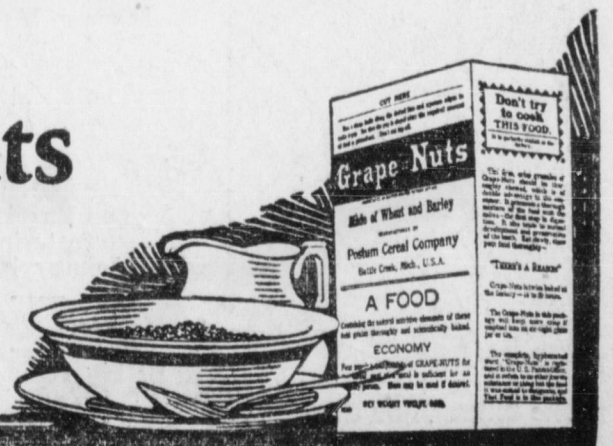

tial to health and physical development. Serve it with good rich milk, and you have an ideal breakfast—crisp, delicious, nourishing and sustaining.

Economical, too—a moderate quantity of Grape-Nuts provides unusual nourishment. There are many servings in a package. Grape-Nuts with milk or cream is a complete food.

"There's a Reason" for Grape-Nuts
