It's a main highway

THE way to satisfaction, comfort and health through Postum, has become a world-wide way.

This famous table beverage which has stood the test of twenty-five years, fills every requirement of taste for a hot and invigorating mealtime drink. Unlike coffee or tea, Postum contains nothing that can irritate nerves or disturb digestion. Even the children may safely enjoy it.

Wouldn't it be well for you to avoid the harm which so many have found in coffee and tea, and protect health while pleasing taste, with wholesome, satisfying Postum?

Order from your grocer today!

Postum FOR HEALTH

"There's a Reason"

Postum comes in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages), for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.

The two forms are equally delicious; and the cost is only about 1/2c per cup.

Let Our Trust Department Manage the Money You Leave By Will

In the event of death let our Bank protect your family. Property cares were never so burdensome as today. Investments need watching—careful watching; and every change in interest rates affects values. Income tax provisions, too, are difficult.

You can save your family these troublesome details by placing your estate in trust with this bank. With all its advantages, the cost to your heirs for our expert service is no more and is usually less than would be paid an individual executor trustee for less competent service.

Wisconsin Loses Tackle Through Ineligibility

Madison, Wis., Nov. 2.—Donald Murray, right tackle on the University of Wisconsin football team, today was declared ineligible for the Minnesota game Saturday.

The ruling was made following protest by Illinois that Murray, a resident of Taylorville, Ill., played in the notorious Taylorville-Carlinsville game that resulted in the ousting of a dozen Notre Dame and Illinois players last spring.

Coach Richards, Wisconsin, announced that he would protest five men now on the Illinois squad who played with the Taylorville team. They are Green, center; Angar, tackle; Yates, Robinson and Durant.

WATER AND WASPS

London, Nov. 2.—Chased by wasps, a Newot, Monmouthshire girl jumped into a river to escape them, and was drowning when Thomas Jones dove in to the rescue. Swimming ashore the couple were again attacked by the wasps and Jones was so seriously stung, that he had to be taken to the hospital.

Kansas City—John Pezek, Nebraska wrestler, will open the mat season here tomorrow night when he meets Dick Daviscourt.

MADE CHARGE OF ELECTION FRAUD

Democratic County Chairman In Indianapolis Accuses Republicans

Indianapolis, Nov. 2.—Charges of election fraud were voiced today by Russel Ryan, democratic county chairman.

Ryan gave Prosecutor Wm. Evans and District Attorney Homer Elliott the names of five thousand voters whom he declared were fraudulently registered by republicans.

Notes of evidence which may be obtained from registration applications in four precincts were turned over. Ryan said he would forward further lists as rapidly as they are completed and checked.

A. G. Stevens, assistant U. S. district attorney said "every election fraud that amounts to a violation of any federal law will be duly investigated and vigorously prosecuted."

Evans said the Marion county grand jury would be asked to investigate alleged irregularities in registration work by both republicans and democrats.

New Haven, Ct.—Yale has invited the University of Iowa to play another football game in the bowl next fall. "We are very anxious to meet Iowa again and we hope they will be able to accept" Prof. C. W. Mendell, chairman of the athletic board, said.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenru with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. Holthouse Drug Co. can supply you.

Elkhart, Ind.—Infection from a needle caused the death of Martha Raber, 58, here yesterday. Twelve days ago she dipped the needle in boiling water and opened a cold sore on her face.

Washington — President Harding will attend the Army-Navy football game in Philadelphia on November 25, as the guest of the navy if the condition of Mrs. Harding will permit him, according to Secretary Daugherty.

THE FUEL SITUATION and Cost of Gas

The excessive cost of fuel, including gas coal, steam coal and coke, that has existed for some time, means for all fuel-using utilities a large increase in manufacturing cost which will continue until fuel prices come down to normal. We anticipate difficulty during the winter in securing gas coal and coke at any price.

Present gas rates were fixed when gas-making materials were much lower than present prices, however. We trust that existing conditions may not continue any great length of time, and in the meantime, unless the situation becomes too serious, we will maintain present gas rates in anticipation of more normal fuel prices.

Get Your Gas Heater NOW

Frosty mornings, evenings and damp days have arrived. With a heater to rely upon you can postpone the starting of the expensive bothersome furnace and conserve the coal supply for the winter.

A gas heater can be put to many uses throughout the entire winter and in the spring it is again possible to much earlier discontinue the use of the furnace.

Real comfort with real economy.
