THE MODERN MOTHER

faces problems far beyond those of her forebears. She herself must be a much more competent person, combining in one individual the duties of nurse, cook, teacher and moral instructor. It is no wonder that many conscientious women break under the strain, and that others drag out a miserable existence; always tired, and yet unable to take a day's vacation. Such women will find themselves benefited and their burdens made easier by the use of Lydia E. Pinkham's Vegetable Compound, which was made for suffering women and does not fail to relieve them.

Big Task To Pick Jurors To Hear Massacre Trial

Marion, Ill., Nov. 22.—(Special to Daily Democrat)—Picking jurors in the Herrin mine massacre trial became increasingly difficult today, with nearly every farmer summoned for service admitting he had an opinion of the "right or wrong" of mine killings.

Judge D. T. Hartwell ruled that no one with such an opinion would be allowed to serve on the jury.

Most of the venire under questioning is composed of farmers. The miners, while declaring they hold no opinion on the right of the slaying, are believed by the prosecution to be prejudiced and are dismissing them.
