TAKE SALTS IF RHEUMATISM IS BOTHERING YOU

Tells Rheumatism Sufferers to Take Salts to Get Rid of Toxic Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat no sweets for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid or body waste matter and is often generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

NEGROES GOING TO MEXICO

Oklahoma Colored Folk Being Invited to New "Promised Land"

Okmulgee, Okla., Feb. 5.—The negroes of Oklahoma are being invited to a new "promised land" in old Mexico.

Whether it will be only a will o' the wisp, as many negro movements have been, or a real exodus, remains to be seen.

The movement is sponsored by the International Community Welfare League, with offices in Los Angeles, Mexico City and here. A local man, J. B. Key, a negro, is president of the league.

The league claims that settlement rights in northern Mexico have been secured, which includes freedom and equality for negroes, Latin-Americans and Indians.

Already 15 families of negroes from this state have started for Mexico, the party consisting of tenant farmers and

numbering 100 persons.
The local negroes for many years have eked out only a bare living as tenant farmers, and had very little property. They took with them in their special train their farming tools, livestock and household belongings. Their train had both passenger and freight coaches and routed to the Southern Republic via Laredo, Texas.
Key, the president, recently headed a delegation of United States negroes which visited Mexico City and conferred with President Obregon. Settlement rights to 250,000 acres of land in the State of Sonora, 110,000 acres in San Luis Potosi, and 200,000 acres on the Isthmus of Tehuantepec were secured by the League, according to Key.
The Mexican government is wholly in accord with the colonization movement, and will welcome the thousands of negro "pilgrims," Key said.
Expenses of the trip to Mexico will be paid pro rata by the emigrants, it was said. Total expenses of the Okmulgee colony was \$3,000, it was said.
Colonies of the blacks from other cities throughout the country are expected to "get under way" for the "promised land" in the immediate future, Key said.
