

Field Goals

Decatur scored the first field goal in the new gym.

But White sure did give a good account of himself last night. It looks like Coach Moore has an able substitute to fill Steele's shoes.

—We Won—

Bluffton again demonstrated that she is staging a comeback when they held the fast travelling Marion team to 25 points last night. Bluffton only counted 9 points, but according to reports they took several more shots at the basket in the second half than Marion did.

Out of Bounds says that Union Center dope is all off. He's gone to backing his own Bluffton aggregation now and he drops the hint that they are going to burn holes in the floor of our new gym on March 2 and 3.

—We Won—

Thorntown defeated Young America, 46 to 26 last night. It can be done, boys.

—We Won—

Jack Teeple showed some real basketball ability last night. He was extremely clever with the ball and made those Auburn players look foolish many times. Jack was at his best last night.

—We Won—

Portland here next Friday night. Can we beat them. I'll say so.

HEAVY SNOW IN TEXAS

Local People Get Letter Telling Of First Snow In Twenty Years

Mr. and Mrs. E. F. Gass received a letter this morning from Mr. and Mrs. Wismantel, of Bandera, Texas, stating that they had three inches of snow. It started to snow Saturday morning and by Sunday every grown up and kiddie had made sleds and were having a time of their lives, for this was the first snow there in twenty years. Some of the residents of Bandera had never seen snow before and sleighing and coasting were great sport for all.

Mrs. Wismantel stated that their phone was kept busy all day Sunday asking them if they didn't feel at home to see snow for this was the first snow they had seen since they left Waukegan, Ill., several years ago. People had their garden made when Mr. and Mrs. Gass left there the first part of January. Everything was frozen, even the wild flowers on the hill sides. Cactus, which is quite a food for the cattle, was all frozen. Snow had fallen all through the Rio Grande valley. Bandera lies fifty miles southwest of San Antonio, Tex. Mr. and Mrs. Gass spent two months there and on Christmas day it was as hot as any day in July here, and on Dec. 24th Wismantel's entertained for them with a lawn party.
