

## Field Goals

Decatur lost, but DECATUR FOUGHT.

Decatur's basketball isn't so bad when compared to the game as played around Logansport and Rochester.

And by the way, Roth did a nice job of refereeing.

Now for the big show next week. It looks like we are going to have a fine tournament. Monroe and Liberty Center are going good. Bluffton has taken a new lease on life, and our quintet can be counted upon to cause a lot of trouble for any of them. Then there is Petroleum.

them and if the "holiday" road bill does not stop the building of them they will be constructed this year.

## County Has 700 Miles

Adams county has been one of the foremost counties in the state in macadam road building and at present has over 700 miles of improved gravel or macadam roads, they being constructed under the three mile road law and paid by the individual townships in which they were located and paid by township taxation.

## Limit Here is 3%

For several years, following the boost in valuations in property during and following the war and even at the present time, the county commissioners, consistent with good business management and to keep down taxes as much as possible and at the same time build as many roads as were absolutely necessary and in keeping with a progressive spirit, limited the road bonded indebtedness to three percent of the valuations, although the law provided that the bonded indebtedness could be increased to four percent.

The progress of the bill will be carefully watched by the farmers and citizens of this county, all of whom are anxious to know if the bill becomes a law. It is not known whether Governor McCray will veto the bill, nor is it known if he favors it.

The valuations and bonded indebtedness of the twelve townships are as follows, the figures giving you some idea when improved roads can be built in your township if the two percent bill becomes a law.

Union Center, Geneva, Ossian and a few more who will put up interesting games.

We'd hate to be the poor unfortunate seamstress who has to mend Out of Bound's clothes, because surely all of the buttons were off his vest this morning. His protégés won again last night from Union Center, 31 to 17, making their second victory of the week.

If DePauw had made a few more fouls last night in the game with Notre Dame, the Irish might have won, because Kizer converted all six of the fouls committed by the Methodists into points, but as it was, DePauw won, 29 to 28.

Anderson took the joy out of life for Rushville last night, winning 34 to 9.

As Outta sees the sectional tournament:

"Will Wells county teams have a good show at the Decatur tournament next week? This question has been asked a hundred times and right now we say they are not only going to win, but will have a team even for runners-up. With a pair like Bluffton and Liberty Center to draw to, it sure looks good, especially so when cards like Lancaster, Ossian, Union Center and Petroleum are in the deck. Monroe and Decatur are the only serious contenders in Adams county, and Decatur, who is conceded to be the strongest of the two, hasn't set fandom agog yet over their playing. Monroe has a good record but they haven't played any teams lately that are of any unusual strength."

Someone down at Franklin had the wrong dope when he said the state champs were going to defeat Vin-

cent's last night. The Alliegs won 43 to 12.

The game between Frankfort and Logansport last night must have been a real one. Frankfort won, 24 to 23.

Fort Wayne South Side and Central had tough sledding last night, the former losing at Angola, 22 to 10, and Central dropping a contest at Kendallville, 42 to 15. C. C. H. S. took things easy in defeating St. Rose at Lima, 31 to 10.

Tonight's games will wind up the season for practically every high school team in the state and preparations will be started for the tournaments next Friday and Saturday. WON'T THAT BE FUN?

Bluffton has written for at least one hundred seats for the tourney here. Are you coming, Outta?

## Wednesday

St. Vincent de Paul—Mrs. John Colchin, 2:30.

Mrs. Gretchen Flanders and Mrs. Elizabeth Beery united in entertaining the Tri Kappa sorority at the former's home last night. The party was in the nature of a George Washington party, or rather, Martha Washington party, as each of the ladies were dressed as Martha Washington. George was expected to make his appearance at the party but he turned out to be W. S. Porter, the photographer, who made a flashlight picture of the party. Mrs. Edna Sellmeyer won a beautiful prize for being the most appropriately dressed for the occasion. Miss Celia Andrews won a prize in a guessing contest. The Flanders home was attractively decorated in little red hatchets, and red, white and blue garlands. Election of officers took place last night and it resulted as follows: president, Mrs. Frances Burk; vice-president, Miss Angie Firk; corresponding secretary, Mrs. Marie Westveld; recording secretary, Miss Naomi Meyers; social secretary, Miss Bee Leonard; and charity treasurer, Miss Mildred Liddy. Late in the evening a delicious two-course luncheon was served by the hostesses.
