FEDERAL FARM LOANS

Low Interest Rate, 3 1/2%
year loans

The Farm Loan Act was passed by Congress to help the farmer. It has proved to be very successful. It has been very successful in Adams county. A large number of land owners have already taken advantage of its wonderful opportunities. Nearly seven hundred thousand dollars have been loaned in Adams county alone. The idea is simple. Under the government plan money is furnished to borrowers for a period of many years at a low rate of interest and payments made easy for the borrower. This method gives peace of mind to the borrower, removes anxiety and finances him on a sound basis. Loans may be paid off at stated periods or they may run 3 1/2 years. The law forbids the charge of any commission to the borrower. The expense of making the loan is small. No commission, no red tape, no delay.
