Stop speeding now and avoid a number of accidents. It's a little early but not one bit too soon according to reports which have come to this office.

Lima is getting much publicity from a new drink with a "kick" called "Ha, ha." If it's like some of them a fellow's only laugh would come before he inebriated and they say he laughs best who laughs last.

It's a wonder that some of these fellows who kill their children, wife or some other relative or friend and then themselves don't occasionally turn it around and kill themselves first. That would save some of the trouble and grief.

The zero weather seems to be over and the temperature has started on an upward climb that will probably be about right in a day or two and then something else. March might be worse but we don't know just what brand it would mix up to do it.

About six hundred Indiana high schools including Decatur, Monroe, Berne, Geneva, Kirkland and Hartford have already decided that Vincennes will have to go some next year to retain the title won after a struggle last Saturday.

The next time W. H. Settle of the farmer's organizations is assured of something from a politician he is going to insist on a bond. He carried out his part but those with whom he dealt seemed to think they could get by without doing it and they did temporarily.

It is perhaps within the law that most of the state funds be deposited in the banks at Kentland where McCray lives, Kokomo where Davies, state treasurer lives and Brooks where Lyons, state republican chairman lives, but it listens bad for a public officer has no right or privilege to direct the power of his office to his own personal advantage.

Officers should be instructed to arrest drivers of cars who drive at a mad pace about town. It is not unusual to see a car dash down Second street at a rate of thirty miles an hour, violating not only the city ordinance but the state laws as well. Do you realize that when an accident occurs when you are violating a law you immediately become guilty of manslaughter if it results fatally? Why take the chance?

"HERE IN DECATUR"

Many people have been benefited by ORIGINAL VINOL. We do not ask you to experiment on yourself—we know and are glad to tell you what Original Vinol contains. We sell every bottle on the guarantee that if it doesn't help you, we will cheerfully refund your money. That is proof that we believe in Original Vinol—a really good medicine, pleasant to take, for those who are lacking in energy and strength.

Do not go through life without the full enjoyment of good health. We are all the guardians of our own bodies—we must take care of ourselves for no one else can do it. Build up your body's resistance to disease, live right, get proper rest, and let Original Vinol help build you up and make you strong and well. One bottle will convince you—we take all the risk—because we believe that this splendid medicine will help you. That is why we took the agency—because we have faith—the agency was given to us because we are fair and square with our patrons.

ALWAYS INSIST ON ORIGINAL VINOL

The price is still \$1.00 the bottle
Sold and guaranteed exclusively by

This is a good time to get hold of a seed catalog and plan what you will do this summer. A few dollars expended now will beautify your yard and make the city look much more inviting and a few cents will bring you seed enough to plant a good sized patch of ground which will produce more vegetables than you use. One editor says there is more exercise in a hoe than in a golf club and it is more profitable and that's the sure enough truth.

Mr Harding will be a candidate for renomination. Attorney General Daugherty says so and he knows. There is some opposition but it won't get far for if Mr. Harding has made good he deserves the credit and if he hasn't he must stand for his own errors. Harding will be the republican nominee and those who are not in accord with his policies will have to support him any way or vote the democratic ticket, unless the much talked of third party gets a going. It looks like we might need a rest on politics for a year for the campaign next year will wage hot and furious.

One of the best known citizens of Decatur who lives on Monroe street reported that while coming down street this morning he saw an Oakland car go west past the Methodist church at a rate of forty miles an hour, saw a Ford going as fast as it could, saw two narrow escapes by pedestrians and one car turning in from a side street had to stop dead still to avoid a collision. The auto season is just opening and the attention of every citizen and every official is called to the fact that a little precaution at this time may put the soft pedal on to such an extent that lives will be saved. Drive slower and keep control of your car. Racing on the roads or street is the most dangerous thing you can do and it must be stopped.

YES or NO?

A Test of Your Intelligence

The correct answer to one of these questions is YES, to the other NO.

STOP TO THINK!

Questions Answered Tomorrow

1. Is a sub-cellar the excavation nearest the surface of the ground?
2. Is a bully a coward?

Yesterday's Questions Answered

1. Are a toad and a frog of the same species?

Answer—YES. A frog is an amphibious toad.

2. Is a saxophone classified as a "brass" instrument?

Answer—NO. It is a reed instrument, the tone being produced by a reed mouthpiece as in a clarinet.

SOYBEAN STUBBLE LAND

Good for Wheat; Produced Two to Six Bushels More than Corn Stubble

Soybean stubble land is an ideal place to sow wheat. In ten years experience in experiment fields in different parts of Indiana on several different types of soil we have had uniformly good success with wheat seeded on soybean stubble ground. In comparison with corn and oats stubble, the soybean stubble has in all cases produced more and better wheat.

On the Purdue University farm at Lafayette, the yield of wheat during the last six years has averaged 30.4 bushels per acre after soybeans and 25.2 bushels after corn with the same fertilization. During the last nine years on the North Vernon experimental field, wheat after soybeans has averaged 3.2 bushels more per acre than after corn on prepared stubble ground. This year the difference was bushels. On the Worthington experimental field during the same period, the difference has averaged two bushels in favor of the soybean ground. On the Huntington field last year the wheat yields were 32.2 bushels after soybeans; 26.6 bushels after corn and 24.2 bushels after oats.

The effect of the soybean upon the

land is much the same as that of clover and we commonly use it as a substitute crop when clover fails. The soybeans leave the ground in excellent condition for wheat and a light double-disking will prepare a good seed bed. We strongly recommend the seeding of wheat after soybeans.

WOMAN LIKE THE OLD LOVE SONGS

(United Press Service)

Colorado Springs, Mar. 19.—"Community sings" are peculiar things, says R. O. Mitchell, leader of community sings in the Pike's Peak region. For instance, lots of people go to these sings and then don't warble a note, he says.

And at luncheon given by various clubs "stunt" songs are in demand, rather than old time melodies or the popular airs. When the woman gets together for a sing, and there are no men present the favorite airs are the old love songs of long ago, according to Mitchell.

But the mixed sings, where both men and women are present, are made up almost entirely of the very latest popular airs.

Woman, alone, sing much better than the male songsters when the latter get together for an evening of music.

The hardest thing of all, Mitchell points out, is to get a crowd to sing softly. Everyone seems to want to his or her lungs at the limit of their capacity.

ENGAGED

(Pacific and Atlantic Photo.)

Margie Whittington of Folies, to be married to Ralph Friedman of Milwaukee. Mr. Friedman is a millionaire shoe manufacturer.

Several of our people attended the supper given by the ladies of the Pleasant Mills M. E. church.

DECREASE IN ACCIDENTS CAUSED BY LOCOMOTIVES

The eleventh annual report, just made public, of the chief inspector of the Bureau of Locomotive Inspection of the Interstate Commerce Commission, shows that in the year ended June 30, 1922, there was a decrease of 113—or 15 per cent—in the number of accidents caused by the failure of some part of a locomotive of tender, including the boiler. The 622 accidents which occurred in the fiscal year ended June 30 represented a decrease of 219—or 28 per cent—compared with 1920.

The number killed by such accidents in the year ended June 30, last, was 33, a decrease of 48.4 per cent, compared with the 64 killed the year before, and a decrease of 51.3 per cent compared with the 66 killed in 1920.

The number injured in the fiscal year ended June 30 was 709, a decrease of 11.3 per cent compared with the 800 injured in 1921, and a decrease of 24 per cent compared with the 916 injured in 1920.

HOLLAND BROADCASTING

(United Press Service)

Berlin, Mar. 19.—Holland has joined the radio broadcasting nations furnishing free concerts to those who tune in. The Dutch stations broadcast concerts on Thursdays and Sundays from 7 to 10 p.m. on 1,500 meter wave lengths, covering a 1,500 kilometer radius.
