## NEW TIME TABLE FOLDER.

The Erie railroad has issued a new and unique time table folder which goes into effect April 1, showing a complete schedule between the several terminal points, each time table being found in full on one page. This system is followed in the New York, Chicago, New York-Cleveland, New York-Jamestown and New York-Buffalo time tables.

It is an entirely new plan worked out in an effort to simplify information that is too often found by the average traveler to be complicated.

The new folder also contains the usual details in reference to branch lines, local trains, etc.

EASTER MASS AT FIVE

## I. U. Net Coach Has New Basketball Rule

How does this strike you, Indiana basketball players and fans. A new rule providing for time out on a free throw for a foul goal for returning the ball to center after the attempt will be presented to the Big Ten rules committee this spring by Leslie Mann, basketball coach at Indiana University. "Basketball is a game of science," says Mann, "and it doesn't look to me as if there is any science in a tall man batting the ball into the basket after a free throw is missed."

## Put your faith in Kellogg's Bran— it relieves Chronic Constipation!

If you suffer with mild or chronic constipation, go after it relentlessly! Constipation has probably wrecked more lives than any one human ailment. It is the basis of many illnesses, leading even to such diseases as Bright's and diabetes. In its milder form constipation creates sick headaches, biliousness, dizziness, nausea, bad breath, pimples, etc. Kellogg's Bran is delicious in its nut-like flavor. It adds greatly to the taste of hot or cold cereals when sprinkled or mixed with them. Or, cook it with hot cereals, allowing two tablespoonsful for each person. Kellogg's Bran makes very delicious muffins, raisin bread, etc.

Kellogg's Bran is served in leading hotels, clubs and restaurants in individual packages. All grocers sell it.

## Bulwarks of Safety

Bulwarks are those elements of safety which exist independently of ourselves. Many investors fail to look for such bulwarks in handling their money and rely on their judgment alone. Of course when one is thoroughly familiar with business and finance such independence is no doubt in order.

But those whose knowledge of finance is limited should refer their investment affairs to institutions which specialize in protecting money; institutions which are financially able to protect investments and whose integrity is unquestioned.

In addition to experience, integrity, and financial ability, this house offers to you a Service of Supervision in Investment which is a unique step forward in protection for investors.
