Hears of Mother's Death in Ireland

Aaron DeViney has received a letter from his brother, Dec, of Fort Wayne, who stated that much excitement was experienced at the DeViney home in that city on Good Friday. At 4 o'clock that morning a knock was heard at the door and members of the family were informed that the house was on fire. Before they could get out of the house the fire department arrived and extinguished the blaze. Mrs. DeViney received a message the same day telling of the death of her mother in Ireland. She died of old age on March 7. She had been sick for some time, and was past ninety years old. Mrs. DeViney came to America from Ireland about twelve years ago.

Miss Floy Cushman, of Springfield, Illinois, returned to her home after spending several days as the guest of Miss Nora Graber.

High School Graduates Have Their Photos Made

It was stated in yesterday's Daily Democrat that the graduating class of the Willshire, Ohio, high school had their pictures taken at the Porter Studio here yesterday. Then followed the names of the pupils. The names printed were the names of the Pleasant Mills high school seniors and they had their pictures taken at the Edwards Studio yesterday. The Willshire pupils did have their pictures taken at the Porter Studio, but the names printed were those of the Pleasant Mills high school graduates.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly over by applying Rowles Menthosulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Menthosulphur from any good druggist and use it like cold cream.

Twice as many said "Willard"

Last summer 12237 car owners selected at random were asked, "What battery will you buy next?" Twice as many said "Willard" as said any other battery.

8860 were asked what battery they bought last (for replacement) —and again it was twice as many for Willard.

Performance is the only possible reason.
