T. J. Durkin and Mrs. Dyonis
Schmitt.

There will be a called meeting of
the Music Section of the Woman's
club Wednesday evening at 7 o'clock
in the assembly room of the Old
Adams County bank. Important
business will be discussed.

McCrea-Moyer
The marriage of Miss Neola Moyer
of Port Wayne, Indiana, to Robert
Nelson McCrea, of Winnepeg, Cana-
da, took place Saturday, April 7, at
the home of the bride, with Rev. B.
N. Covert, pastor of the First Pres-
byterian church of this city officiat-
ing. The bride wore a gray crepe
gown, and carried bouquet of orchids
and sweet peas. Immediately fol-
lowing the ceremony the couple left
for an extended western trip, after
which they will be at home in Los
Angeles, California. Mrs. McCrea
was formerly a Decatur girl and is a
graduate of Hope Hospital, of Port
Wayne, Ind.

Your system demands ALL BRAN if constipation is to be relieved!

Your system needs the "roughage"
that Kellogg's Bran, cooked and
crumbled, supplies. For, it will not
only permanently relieve constipation
if it is eaten regularly, but its full
content of the vital elements of wheat
will build health and strength in a
wonderful way.

You need bran in its full and ben-
eficial strength and that's what you get
in Kellogg's Bran—ALL BRAN! Not
cut Kellogg's for relief and you will
get relief in a way that nature planned.
Foods with a bran mixture cannot help
the man, woman or child who faces
grave illness through constipation.
You must have ALL BRAN—"rough-
age" that will sweep and clean and
purify and bring health back!

Children should be given Kellogg's
Bran each day; grown people should

eat Kellogg's each day—at least two
tablespoonsful, in chronic cases, with
each meal. Its mechanical action will
afford permanent relief.

And, you will find Kellogg's Bran a
delight to eat because it is so delicious.
As a cereal, sprinkled on other hot or
cold cereals, or used in countless bak-
ery batches or in cooking, its nut-like
flavor will thrill your appetite—and
each spoonful means so much in perma-
nently relieving constipation and in
warding off this gravest national ail-
ment. Kellogg recipes are printed on
each package.

Start the entire family eating
Kellogg's Bran today. See the color
come back to faded cheeks; see the
snap that will go into lagging steps.
Kellogg's Bran is wonderful. All
grocers sell it!

The Middle West Requires One-Third The World's Supply of Gasoline

NEARLY one-third of all the motor car regis-
trations in the world are in the 10 Middle
Western States served by the Standard Oil
Company (Indiana).

This amazing fact—for it is a fact—is shown
by these, the latest figures published by the
National Automobile Chamber of Commerce:

World registration of motor vehicles (1922)	12,750,000
U. S. registration of motor vehicles (1922)	11,500,000
Percent of world registration owned in U. S.	90%
Motor vehicle registration in 10 Middle Western States served by Standard Oil Com- pany (Indiana) (1921)	3,514,436
Motor vehicle registration in 39 other states of the U.S. (1921)	6,899,253
Percent of U. S. registration owned in the 10 Middle Western States	31%

And yet, in the face of these astounding figures,
the retail price of gasoline is low in the Middle West.

The reason for this is obvious.

The Standard Oil Company (Indiana) has six
great refineries where gasoline is manufactured
in sufficient quantities to meet the major part
of this demand.

The process used in these refineries enables
the Company to get from crude oil a large yield
of good gasoline.

Throughout this territory the Standard Oil
Company (Indiana) maintains an adequate and
economical system of distribution, which enables
it to maintain its established practice of selling
its products at a price which is fair to all.

This Company's policy of fairness and its
earned reputation for efficiency have enabled it
to command ample capital for needed expansion
of refinery facilities; for needed storage and equip-
ment; for proper maintenance of tank wagon
service and for a constantly increasing number
of service stations, which permit the Company to
deliver its products directly to the motorist.

The low price of gasoline in the Middle West
is tangible evidence of the fairness, foresight,
efficiency and skillful management which has put
the Standard Oil Company (Indiana) in position
to be of maximum service to the people owning
one-third of the motor registrations of the world.

LINCOLN THRIFT ACCOUNT

The Peoples Loan & Trust Co.
BANK OF SERVICE

Protection of Money

Money as the media of exchange and the
basis of credit controls the economic devel-
opment of the country. There can be no
sound banking or industrial expansion with-
out the proper use of money or credit. Hence
the real investors, the people who have money
to loan to business, form the economic back-
bone of the country.

These investors deserve the greatest pos-
sible protection for their funds. Such pro-
tection has engaged the attention of this
company since its inception. As a result we
have put into practice a System of Super-
vision of Investment which has had an un-
broken record of success. We have protect-
ed the money of over seventy thousand own-
ers of Dollings Supervised Securities and
have paid them 7% each year tax free.
