

# Sub-Standards of REAL SILK HOSIERY 80 cents a pair

THROUGH special arrangements with the Real Silk Hosiery Mills of Indianapolis, Niblick & Company will offer to the public at the very special price of 80c a pair, the sub standards of the nationally advertised genuine 12-Thread Real Silk Hosiery.

## Here's the Story of These Better Sub-Standards

No doubt you are familiar through Saturday Evening Post advertising, with the Real Silk Hosiery Mills of Indianapolis, who are the world's largest producers of genuine silk hosiery specializing on a single style, and they sell their standard product direct to wearers. Their standard product is not obtainable in retail stores.

## High Standard of Quality

Owing to the fact that their plant is located in Indianapolis, we have been able to make arrangements to handle part of their sub-standards. Because Real Silk Hosiery is sold only direct to the wearer, the standard of inspection in the Real Silk Hosiery Mills is more rigid than anything heretofore known in the silk hosiery industry. Therefore, they reject, as sub-standards, much silk hosiery which other hosiery mills ordinarily would not reject.

## Why They are Sub-Standard

The difference between these Real Silk sub-standards and the Real Silk standard product is, in most instances, so slight that the reason for the hosiery being classed as sub-standards is not apparent—yet, the highly critical inspectors in the Real Silk Hosiery Mills may have refused to pass the hosiery for one of the following three reasons:

- 1—Stockings slightly under the Real Silk special extra length standard.
- 2—Stockings in which the fabric is not up to the Real Silk standard.
- 3—Stockings in which drop stitches have been discovered in the lisle part

None of these defects will affect the wear or service one bit.

Real Silk Hosiery undergoes EIGHT inspections in manufacture. These Real Silk sub-standards are stockings that have already passed five inspections as perfect, but have failed to pass on one of the last three inspections for one of the reasons stated above.

BEINZ-WERLING

The marriage of Miss Edna Werling of Preble, Ind., and Robert Beinzel, son of Mr. and Mrs. Fred Beinzel, of 1220 Anthony Boulevard, Fort Wayne, took place at eight o'clock Saturday evening, April 7, at the home of Rev. Geyser in Preble. The bride wore a suit of dark blue with hat and foot-wear to match, and a corsage bouquet. The attendants were the bride's sister, Miss Julia Werling, and the groom's sister, Miss Margaret Beinzel, of Ft. Wayne. The wedding dinner was served at the home of the groom's parents, 30 guests being present. Mr. and Mrs. Beinzel left Sunday for Milwaukee, where they will make their home and where the groom is associated with the Holeproof Knitting mills. Previous to her marriage the bride was assistant cashier of the Preble bank.

Miss Cecile Miller will be hostess to the Bridge Club, at her home on Marshall street Wednesday evening.

Members of Public Service Commission Re-appointed

Governor McCray has re-appointed Edgar M. Blessing and Glenn VanAukem, members of the public service commission, to four-year terms on the commission beginning May 1, when their terms expire.

Mr. Blessing is a Danville attorney appointed by the Governor to the commission early in 1921 to fill a vacancy. Mr. VanAukem came here from Auburn and was made a member of the commission four years ago by James P. Goodrich, then governor and Mr. VanAukem is a Democrat. He was a member of the state senate. Mr. Blessing is a Republican.

It is expected the Governor soon

will reappoint Alvin V. Burch, of Evansville, to his place on the state highway commission. Mr. Burch was appointed when the Governor reorganized the highway commission early in 1921. His term will expire Tuesday. The new appointment will be for four years.

## I Owe My Beauty Largely to this white super-clay

By Edna Wallace Hopper

My youthful beauty is the marvel of woman who omits it can hope to millions. My complexion is as soft and rosy as 40 years ago. Not a line or wrinkle mars it. I could easily pass for 19. On the stage I still play young girls' parts.

Scores of my friends have secured like results by the methods I employ. They have multiplied their beauty and kept their youthful bloom. So I am convinced that women in general can do what I have done. And I am going to help them if they wish.

I have arranged to supply to dealers everywhere the very helps I use. They have proved themselves the best helps in existence. Now I want them to bring to millions what they brought to me.

My 20-year clay  
The chief reason for my youthful beauty is the use of facial clay. Not the crude and muddy clay so many use today, but a white, refined clay, wondrously perfected. It is the result of 20 years of scientific study.

Famous beauties have used clay for ages. That's what made them famous. But only in late years has clay been really studied. Countless tests and analyses have proved what clay is best—a certain rare clay, mineral-laden.

Ways have been found to refine it, to remove the useless mud. The clay I use is white and clean and dainty. And science has found some added factors which bring multiplied results. Any clay user will be amazed at the difference when she compares my Youth Clay with the old kinds.

You must use clay  
Clay is essential to beauty at its best. Also to continued youth. No

Go try my Youth Clay in fairness to yourself. If the first tube fails to amaze and delight you, your dealer will refund the price.
