### Daily Report of Local and Foreign Markets

**New York Stock Exchange**  
New York, June 15—Despite the appearance of general heaviness of the market the previous afternoon, industrial averages closed at a loss of only one third of a point, while the railroad compilation was scarcely off a quarter. Encouragement derived from the resistance to the bearish pressure was supplemented by the showing of the weekly federal reserve statement, netting a reserve ratio of 77 percent, compared with 77.4 percent a year ago, despite the tremendous expansion in industrial activity since that time.

## There Can Be No Bed-rock Prosperity In Any Nation Until The FARMER Is Prosperous

There can be no bed-rock prosperity in America until the farmer is assured that his surplus wheat crop is going to be marketed.

Are you willing to give him that assurance today?

Do it by eating an extra slice of bread each meal—today and tomorrow—and thenceforward.

You will be better and stronger because of it.

For wheat is not only the basis of all Farm Values—it is also the basis of the worth of all physical well-being. In connection with the dairy products always incident to its use—wheat is the universal food.

It is alive with vitamins. It builds stamina. It makes better men and women.

So you see it will pay you—in health as well as prosperity—to eat that extra slice of bread.

This statement, though paid for by the Superior Baking Company of Fort Wayne, is NOT intended to sell only Superior Baking Company's bread. We are publishing it because we are concerned that, unless the farmer sells his wheat—all of it at a fair price—the time will come when you will not have enough money to BUY bread or anything else.

In a word—your extra slice of bread will bring the greatest period of substantial prosperity ever known to American business.

Superior Baking Company's breads can be obtained Fresh every day at the Great Atlantic and Pacific Tea Co.'s Store, in Decatur; also at the Everett Grocery in Pleasant Mills and the Home Store and Tabler's at Monroe.
