#### Recall Fatal Accident Following 1913 Convention

The fatal accident at the G. R. &  
I. railroad crossing near Monroe  
yesterday evening, which resulted in  
the painful death of Orin Baumgart-  
ner, of Bluffton, and painful injuries  
to Edgar Abbott, of this city, recalled  
to the minds of many local people,  
another fatal accident which occurred  
not far from the scene of yesterday's  
accident, on the evening of the fire-  
men's convention here ten years ago.

August Girod, 49, a farmer residing  
near Geneva, was ground to pieces  
by a G. R. & I. passenger train just  
north of the Monroe station. Girod  
had attended the firemen's conven-  
tion in this city during the day and

boarded a special train to return  
home at 9:30 that evening. He was  
intoxicated and when he reached Mon-  
roe, he believed he had reached Gene-  
va and alighted. Still believing he  
was in Geneva, he started to walk  
north on the tracks, the supposition  
was, and was resting or possibly  
sleeping on the railroad tracks when  
the passenger train came along about  
3 o'clock in the morning. A whiskey  
bottle was sitting along the track  
near where his body was found. His  
body was mangled beyond recognition  
and it was two days before his iden-  
tity was established.

We received another ship-  
ment of Childrens half  
and three-quarter hose in all colors  
and sizes.

## 'tis the Truth!

Just because it is good and hot is no reason  
why the human body doesn't require nourishing  
food just the same as it does in the winter. It  
isn't well to eat the same kinds of heavy foods  
that cold weather demands, but it is necessary  
that the body gets the same amount of nourish-  
ment in lighter form.

**Tasty**

Ice Cream is light and nourishing and has  
a very high food value, to say nothing of the  
deliciousness.

It is a real hot weather food and contains  
everything that the body demands in the way of  
nourishment AND—does not give you that stuff-  
ed, bulky feeling.

No matter what form or flavor you prefer in  
Ice Cream, you are sure to vote "TASTY"  
delicious.

Somehow this velvety, luscious cream gets  
hold of your appetite right from the very first  
taste. And you can eat all you want of TASTY  
because of its absolute purity.
