**RECORDS IN BIBLE STUDY:**  
 There is a little girl down at Decatur who no doubt can put to shame many teachers even of Sunday School classes in her knowledge of the Bible. Miss Lucile Engle, a junior in the Decatur high school, recently made 100 per cent in tests in the New Testament and 99 per cent in the Old Testament.

Miss Engle's splendid grades serve to call attention to the need of a deeper interest in the Bible and a more general study of it. Competent teachers of the Bible are difficult to find and is one of the big problems with which every superintendent of a Sunday School is confronted. It is astounding the number of teachers of Sunday School classes who have no more knowledge of the Bible than many of the pupils they are trying to teach. No doubt they are well meaning, but that does not help the situation.

Suppose a pupil were to ask his teacher who was Doda? or what and where was Dor? And suppose the teacher couldn't answer. Naturally, that pupil loses his respect for the teacher and faith in whatever she may tell him. Of course, no teacher perhaps would be able to tell of

hand who every character in the Bible was or the location of every town mentioned. But she should be able to tell if they are included in the lesson for that day. For instance, recently the International teachers who believe that John the Baptist and the Apostle John were one and the same person. In the lesson we are told that John the Baptist came into all the country about Jordan. And there are Sunday School teachers who are unable to tell whether by Jordan is meant a river by that name or an automobile. There is a real need of teachers of the Bible, who thoroughly understand the Bible and are able to present it in a clean, convincing, entertaining, and capable manner.—Fort Wayne News-Sentinel

Decatur people should feel proud of publicity such as this. The facts, however as stated are not really correct for Miss Engle's grades as returned by the state examiners are 100% on both Old and New Testament. Prior to this for several years Miss Dorothy Walters also, of this city, held the record with the grade of 100% on New Testament and 99% on the Old Testament. Much credit is due the students of the Summer Bible Schools and their instructors.

The new street lights on the three blocks from Jackson to Jefferson on Second, will be turned on Saturday evening, we are informed. That they will add to the attractiveness of the business section there is no doubt and it will be fine when we have them all over the city. They cost but little as compared to the improvement they make and property owners should gladly pay the first cost for that way we can have them sooner than if we must wait and put in a street a year. Look them over Saturday evening and then start a petition on your street. A well lighted city is always a good one.

There is so much publicity being given the "good times" just now that it makes a fellow wonder if it's on the square and whether or not it will last. It won't unless the farmer

is taken care of this harvest time. If he must sell at a loss the times will be worse instead of better for he is the producer. From labor centers come reports that the labor situation is easing up and that plenty of help can now be secured as low as thirty cents an hour. There is still considerable adjustment to be made and a lot of shouting about times won't change it one bit.

While we were complaining about the hot weather last week the corn in this section was taking advantage of it in fine style. Mr. Breiner kept exact data on one stock and is willing to make oath that it grew thirteen inches in one week. The present rains and a little more sunshine and the crops are made. Then all the farmer needs is to sell his crop at a profit and there will be really good times.

Bluffton June 28—(Special to the Daily Democrat)—Several thousand people attended the state meeting of the Ku Klux Klan here last night. A mammoth street parade opened the meeting. There were five bands and a large drum corp in the parade, besides several floats, decorated automobiles, and marchers. The parade was headed by mounted masked Klansmen. Following the parade, the Klansmen initiated a large class in a field south of the city limits. Many ladies took part in the parade and also initiated a class into the woman's auxiliary to the Klan.

**DIES SUDDENLY IN SCHUMM, OHIO**

**Mrs. Noah Murphy, Formerly Of Adams County, Dies Of Heart Failure**

Mary Elizabeth Murphy, age 56 years, for several years a resident of Adams county, died at her home in Schumm, Ohio, at 10 o'clock last night. Death was sudden, due to heart failure. Mrs. Murphy had been feeling as well as usual yesterday and during the evening. She retired for the night, but arose when the attack of heart trouble seized her and was sitting in a chair when death occurred. Mr. Murphy, who is a dealer in timber, was at Battle Creek, Mich. when his wife died.

Mrs. Murphy, the daughter of Henry B. and Hannah Schnepf, was born in Van Wert county, Ohio, March 4, 1867. She was married to Noah Murphy, a native of Adams county, and the couple resided in Union township until sixteen years ago when they moved to Ohio. Later they moved to Fort Wayne and a little more than a year ago they moved to Schumm. Mrs. Murphy was a member of the Union Chapel United Brethren church.

Five sons, Herschel, James, Leo and Frank, all of Fort Wayne, and Henry, at home, and five brothers, survive. The brothers are Frank Schnepf, of Union township, Adams county; Benjamin Schnepf, of Van Wert county, Ohio; William Schnepf of Alabama; Abraham Schnepf, of Washington township, Adams county; and Leonard Schnepf, of Van Wert county, Ohio.

Funeral services will be held from the Union Chapel church at 2:30 o'clock Saturday afternoon, the Rev. Bauvelt, officiating. The funeral cortege will leave the home in Schumm at 1:30 o'clock. Burial will be made in the Decatur cemetery.

**Tanlac Ended Trouble After All Else Had Failed States Mrs. Walker**

"The Tanlac treatment has done so much for me that I never miss a chance to recommend it," is the recent statement of Mrs. I. Walker, 1303 N. 2nd St., Vincennes, Indiana. "For five years, I suffered tortures from indigestion and stomach trouble without being able to get a particle of relief. My appetite was so poor that I didn't eat anything at all as hours of distress and misery followed every meal. I was subject to bilious attacks, headaches and weak spells, and was so nervous that at night I could scarcely sleep a wink. I had sharp pains in my back also, couldn't do my housework, and was getting worse. "But I haven't an ailment of any kind now, thanks to Tanlac. I feel fine all the time and can do my housework with ease. I'll never cease to praise Tanlac." Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

**Brother Of Local Women Ends Life In Fort Wayne**

Fort Wayne, June 28—Despondency caused by continued ill health with tuberculosis was believed to have caused the suicide of Christian Busse, 37, whose body was found by Walter Thayer, of Peru, a Wabash railroad engineer, lying in a field along the railroad tracks near the Vesey greenhouses early yesterday morning.

Busse was reported to police as missing Tuesday afternoon. Relatives at that time were convinced that he had committed suicide. He had left his home early in the morning, they said carrying an automatic pistol and a number of cartridges, a few minutes after making a remark that he "would be better off dead."

Coroner Benninghoff, called to the scene by police, made a preliminary examination about the body and ordered its removal to the Ryan-Melching undertaking parlors. Surviving are the wife, one young son, Elmer; two sisters, Mrs. Henry Weder and Mrs. Fred Whitfield, both of Decatur, and five brothers, Henry, Charles, Herman, William and August, all of this city. The body was taken to the home of William Bergman, 1329 Michigan avenue, this morning.

**Serovey Says Dr. Thacher's Liver And Blood Syrup Ended His Suffering**

"After suffering terribly from stomach trouble for several years I recovered so quickly on taking Dr. Thacher's Liver & Blood Syrup that I can hardly realize I am the same person I was before," said Edward T. Serovey, well-known radio operator for the General Electric Co., the other day. Mr. Serovey was formerly deputy-sheriff of Allen county and lives at 1927 Wall St., Fort Wayne, Ind.

"During all these years I suffered from insomnia, indigestion and chronic constipation. I would roll and toss all night unable to sleep and my back hurt me constantly. On getting up in the morning I would be so dizzy I'd have to sit in a chair to dress. After eating I would have awful pains in my stomach and bowels and there was gas on my stomach all the time. My skin broke out in pimples and even the touch of my clothes would irritate them. After taking three bottles of Dr. Thacher's Liver and Blood Syrup the pain left my back, I sleep like a child and I never have indigestion. My skin cleared up and I feel as strong and husky as a bear." Dr. Thacher's Liver & Blood Syrup is sold in Decatur by The Holthouse Drug Company.

**The Human Element in Industry**

**I**N BUSINESS there is no such thing as independence. Business is part of the social fabric where every individual is, directly or indirectly, dependent upon every other individual. The stockholder is dependent upon the employe, and the employe on the stockholder, while both are dependent upon the public who buy and consume the products they manufacture.

Stockholders and employes also are consumers. In the case of the Standard Oil Company (Indiana) more than eight thousand of the employes are part owners in the business.

With a keen realization of this interdependence, the company, the management and the employes practice that sound Yankee fairness in dealing with one another, which makes for better understanding and industrial harmony.

The individual employe is a citizen just as the individual stockholder is a citizen. Whether or not he is a good citizen often depends upon whether he is busy, happy and successful in the business which engages his attention.

The Standard Oil Company (Indiana) is proud of its employes; they are good citizens, law-respecting, thrifty, industrious and happy in their industry. Experience has proved that this type of citizen makes the best employe. The employe who is zealous in the performance of his duty, who strives to give the public as well as the Company good service, is a citizen worthy of the name.

It is a policy of this Company to pay its workmen a good wage. Also it is the policy of this Company to promote and encourage "personal contact" between the employes and the management.

This open-door policy of fair dealing has resulted in uniform enthusiasm and loyalty on the part of the employes, and because of it the Company is better able to fulfill, in a satisfactory manner, its obligations to the people of the Middle West.

**The Clay I Use**  
 White, refined super-clay  
 By Edna Wallace Hopper

Some think that facial clays are new. Not so. Beauties of all ages have employed them. Most of the famous belles of history owed their beauty to complexion clays.  
 But, until late years, few women fostered and preserved their beauty. Now millions do, and clay is a prime essential.  
 What I owe to clay  
 About 1900, French beauty experts taught me the use of clay. Now, at a grandmother's age, I look like a girl of 19. After 32 years as a stage star, I still play young girl's parts. And millions marvel at my youthful beauty.  
 I have supplied my methods to scores of friends. They enhanced their beauty by them, and they kept their youth. So I am convinced that most girls and women can do likewise if they will. And I am going to help them.  
 A perfected clay  
 The clay I use is not the crude and muddy clay so many use today. That is out of date. Able scientists in France have been studying clays for 20 years and over. And they have perfected clay.  
 They have found those rare clays, mineral-laden, which bring maximum results. They have learned how to refine them—to remove the useless mud. The clay I use is white and clean and dainty.  
 They have found added factors which bring manifold results. So my White Youth Clay will be a revelation to a user of other clays.  
 Clay is essential  
 No girl or woman can look her best without the use of clay. Nor can a

woman keep her youthful bloom and contour, as I have. Users of clay stand out in any crowd.  
 Clay purges the skin of all that clogs it—the causes of sallowness, blackheads and blemishes.  
 It draws the blood to the skin to nourish and renew it. The result is a rosy afterglow, then a lasting new complexion.  
 It firms the skin, combats the cause of wrinkles, takes out lines, reduces enlarged pores. Thus it gives and maintains a smooth, soft, baby-like complexion.  
 The results are amazing—almost unbelievable at first. Many women in 30 minutes seem to drop ten years. And my girlish face, at my grand old age, shows what constant use can do. You cannot afford to miss these benefits. They mean too much to you. But use a modern scientific clay. My White Youth Clay, they tell me, is the last word in facial clays.  
 Edna Wallace Hopper's White Youth Clay is now supplied by all druggists and toilet goods dealers. Price, 50c and \$1 per tube. Also my Youth Cream, based on lemon and strawberry. This should follow the clay. Also my Facial Youth—my Youth, which brought my luxuriant famous liquid cleanser. Also my Hair Hair, My Beauty Book comes with each.  
 In fairness to yourself, see what Youth Clay does. You will ever thank me for it. If the first tube fails to delight you, your dealer will return its price.
