The program for the Decatur Chautauqua next week is one that will interest you. Good speakers, fine musical programs, a great band, a mixture of entertainments that will suit everyone.

What do you think of the free chautauqua? This community can present to the people of this section a program unexcelled and invite everybody to come, making it a great week and without greater cost than the ordinary chautauqua. Its a fine plan and if our people take the interest they should we can make it worth while.

Johnson was elected senator from Minnesota by a majority of 94,846 over Prouss, the republican candidate. And that in a state which rolled up two or three times that majority for Mr. Harding in 1920. No wonder they are holding conferences each day and trying to figure out something to do. They won't get far with any remedy until they arrange to give the farmer a price for his product which will show a net profit for his year's work. Any other kind of prosperity is temporary and unsafe.

A well known citizen told us this morning that he had just returned from a visit to Goshen, Indiana and the thing which particularly attracted him was the splendid manner in which all the yards are kept. "I don't believe there is a weed in Goshen," he said, and that's just about true. For years Goshen has hammered at this and as a result the little city has the reputation of having more attractive yards than any place in the state. That's something to be proud of. Decatur can have it too with a little more effort.

seed and if you don't take care of them now you will have just that much bigger crop next year. More than that you are scattering seeds to your neighbors yard and perhaps he is trying hard to make his yard beautiful. There is an ordinance covering this and we believe it should be enforced. A few official notices will cause many to realize that we mean to make this the most attractive city in Indiana. Cut your weeds and keep them cut. It doesn't take much work if you do a little occasionally and it means a lot to any city to have attractive lawns and yards.

The gift of the furnishings for another room at the hospital, made by Mr. and Mrs. C. E. Bell, leaves but two of the thirty-six rooms to be furnished. The response to the call from the board for this purpose has been responded to in a very splendid manner and those who have thus answered the worthy request deserve credit. The hospital is one of the most complete in all the country and each day many visitors come to inspect it and all are loud in their praises. The dedication Sunday will be a notable event in the history of this community. The hospital belongs to the county and you will all be proud of it in the years to come.

John Isenberger and Fred Reppert have made good. It's a big fair—one of if not the greatest ever given here. The exhibits are big, the races thrilling, the free acts the best money will secure and the Tuesday crowd the largest ever seen here on the opening day. If you miss the fair you overlook the greatest attraction in the county this year and the biggest buy for your money you will get in the middle west. Every man, woman and child in the county should support the fair with all their energy, ability and enthusiasm. Its worth it and we take our hats off to the men who did the job and did it so well. Its a great day and night show, clean, wholesome and interesting.

LARGE CROWDS ATTENDED BEST SHOW at the Fair
Glass Blowers will make presents for the people attending the fair. First time at fair grounds, spinning glass. Make birds, deer, wine glasses, bud vases. Glass steam engine in motion.

ing the show, displaying a beautiful creation. The men and boy models display suits, overcoats and hats, while the lady and girl models give a wonderful display of dresses, coats, hats, evening gowns, and suits. The garments displayed by the models are all taken from the stock of the two local stores and are the advance models for the fall and winter wear. The style show given at the fair is equally as good, although perhaps not as extensive, as those in large cities, and the two local business concerns are to be complimented on their efforts. There will be two style shows given each day of the fair, one at 2 to 3:30 p. m. and the other at 7:30 to 9 p. m. They are free to all.

Greeks Not Joyful
Athens, July 25.—(Special to Daily Democrat)—There was no joy in Greece over the signing of the Lausanne treaty which brought to an end the Greco-Turkish war. Humiliation of the disastrous defeat of Greek arms was recalled and national shame at the loss of Thrace stirred up by the news from Lausanne. Greece has been warring more or less constantly for 11 years.

New Brief Filed Today In Poison Pen Affair

(United Press Service)
New York, July 25.—(Special to Daily Democrat)—Amid a thickening haze of mystery which shields the names of wives high in the social and artistic worlds of New York, Assistant District Attorney Maloney filed a new brief in general sessions court in an effort to back up the indictment against George Maxwell, musical executive.

Maloney charged in his brief on the poison pen case which has the mystery of an Edgar Allen Poe story, that:

1—Maxwell wrote 135 known letters—and perhaps hundreds more that are not known—to husbands of women he preyed upon.

2—For six years this had broken up prominent family homes and even led some of the victims to commit suicide.

3—The motive was to rid himself of wives he tired of, so that he might continue unhampered to prey upon others.

4—No one else could have written the "poison pen" letters because Maxwell was the only one who could know the details of all the affairs.

Assurance Doubly Sure.
A wife need not be a good cook, according to the decision of a "learned" Detroit judge. Just the same we still maintain that it is a handy accomplishment to have tucked in your apron pocket.

Society

CLUB CALENDAR

A public dance is being held at the Masonic hall every night during the fair this week. The dances will not start until after the fireworks display at the fair and will last until midnight. A local orchestra, with several Fort Wayne artists added is furnishing the music. An effort will be made to have the Sischer orchestra of Kalamazoo, furnish the music at least one of the nights, it was announced this morning. If it is possible to get the Michigan orchestra this week it is probable that they will be engaged for a later date. Several electric fans have been installed on the dance floor, and every effort is being made to make the hall as cool as possible for the dance tonight, Thursday and Friday. The price of admission is seventy-five cents per couple.

Eight Mad Men Still At Large In Illinois

Chester, Ill., July 25.—(Special to Daily Democrat)—Eight madmen were still free in Southern Illinois at noon today.

Dr. Frank A. Stubblefield, superintendent of the state hospital for the criminal insane, from which 41 inmates staged a thrilling escape Sunday, told the United Press that four had been captured early today.

Of the eight still at large, three were believed to have been seen by Rockwood police attempting to steal an automobile, and one is held at Bush, Ill., 50 miles south of here, on suspicion.

Vito Sposito, Chicago slayer, is one of the fugitives.
Thirty guards in a half dozen posses are scouring the country in a 50-mile radius, and alarm has been sent to all cities within 150 miles.

Flood In Wyoming

Casper, Wyo., July 25.—(Special to Daily Democrat)—Northwestern Wyoming is entirely isolated from the remainder of the country with railroads leading into that district and telephone and telegraph lines out of commission as the result of floods. Torrents of water from two heavy cloud bursts Monday night have washed out railroad bridges and highways have been torn out for miles.
Property damage may total \$1,000,000.

FIVE CENT BREAD

Cedar Rapids, Ia., July 25.—With wheat prices at record lows, the retail cost of bread dropped from 10 to 5 cents a loaf here today.

"For several days immediately preceding the crisis we made efforts to avert a rupture," President Quezon and Speaker Roxas continued. "And earlier in the evening of the day when the resignations were tendered we discussed the whole subject for two hours with the governor, but to no avail."

Wood Aware of Protests
"General Wood, therefore, was duly aware and informed of our protests and complaints."

"General Wood has tried running the Philippine government by himself, aided by military advisers."

"The resignation of the cabinet does not constitute an attack against American sovereignty or the lawful authority of its representatives in the islands."

"The resignations were simply an orderly but firm protest against injustice and the encroachment of rights guaranteed by the Jones law and secured by the laws of the country."

Public order is not disturbed in the islands.

of my hair—How I got it

are stunted if left choked by weeds.

The remedy is to cultivate the scalp. Attack the dandruff, soften the hardened oil, stimulate the hair roots, fertilize the scalp. So those French experts made for me the formula to do that.

My youthful beauty is the talk of the country, because of my grand old age. I have been 32 years a stage star, yet I look like a girl of 19.

My hair is my greatest glory. It is thick, silky, lustrous, and it grows finer every year. Gray hair, falling hair and dandruff are troubles I never knew.

Many years ago my mother took me to France to search for the greatest hair help known to science. We found it and used it. Mother died at 57 with hair like mine today. And my hair is much more beautiful than 39 years ago.

I have supplied the same formula to many of my friends. They secured like results. Their hair, like mine, is the marvel of all who see it.

So I believe that any person, in my way, can multiply the beauty of the hair, and keep it young and healthy. Now I am sharing with all who wish it the matchless help I found.

Those experts told me that the scalp is like a garden. An oil called Sebum hardens there and stifles the hair roots. Dandruff attacks the scalp. Then the choked hair roots deteriorate or perish.

The pigment which gives hair its color is stifled in like way. Then the hair falls out, turns gray, and ceases to grow and thrive. Just as flowers

APPLIED IN DROPS

I call this formula my Hair Youth. I am having it made for all who want it, just as it is made for me.

I apply Hair Youth with an eyedropper, directly to the scalp. This method does not muss the hair. I apply it once a day, but experts say that those with dandruff should use it twice a day. In 20 years I have never missed an application, and I never shall.

I believe that Hair Youth will do for millions what it did for me and mine. If so, it will be a blessing to all womankind.

Edna Wallace Hooper's Hair Youth sells everywhere at 50c and \$1, with eyedropper. Also my Facial Youth—my famous liquid cleanser. Also my Youth Cream—my fruity cold cream. Also my White Youth Clay. My Beauty Book comes with each.

Please learn what Hair Youth means to you. If the first bottle fails to satisfy, your dealer will return the price.
