Naomi Lawson Making Good In Vaudeville

Miss Naomi Lawson, former employee of the General Electric company in this city and a talented musician, is gaining quite a reputation as a trombone player and singer in the Keith Vaudeville circuit. Miss Lawson recently signed a contract with the Keith circuit and at present is playing at Fountaine Ferry, St. Louis, Mo. Her father, Walter Lawson is bandmaster of the Decatur General Electric band and through him Miss Lawson obtained much of her training. Those who have heard her play in this city know of her ability. Her younger brother is also an excellent musician and together with their father they obtained much enjoyment in the music line. A St. Louis paper, in speaking of Keith entertainment at Fountaine Ferry says: "MUSICIAN HEADLINER AT FERRY FOR THIS WEEK. "Patrons at Fountaine Ferry yesterday were given an added attraction on the bandstand in Naomi Lawson young musician, who will continue to be the vaudeville headliner for the rest of the week. Her trombone playing seemed especially to appeal to the Sunday crowd and her singing of popular songs brought forth rounds of applause."

Man Postpones

His Funeral

"I am 66 years old and for past two years have been suffering so badly from stomach and liver trouble, bloating and colic attacks that I did not expect to live more than a few months and was arranging my affairs and even my funeral. Three doses of Mayr's Wonderful Remedy have entirely cured me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Announcement Party

Miss Gladys Ann Flanders was hostess to twenty-four of her intimate friends at a delightful 1 o'clock luncheon-bridge party at her home, South Third street this afternoon. The appointments were of pink. The Flanders home was beautifully decorated with smilax, and cut flowers. The chandeliers were draped with smilax, and the wall pocket and baskets of flowers were placed about the rooms. The centerpieces were asters and sweet peas. The place cards were tiny brides descending the stairs, carrying corsages. A tiny basket of pink dainties with pink roses on either side were placed at each plate and a wedding bell was suspended from the handle of each basket. The

was discovered by Frank Caresse while he was cutting a field of wheat on his farm. He found several bottles filled with amber colored liquid lying on the ground. Investigation revealed that the liquid was moonshine whiskey. Eleven bottles of the fiery fluid were found and now all farmers are keeping a weather eye peeled as they go about their fields.
