Bred on Bread!

It is funny how some people will take the greatest care of babies diet (milk, cereal, vegetables) and yet neglect to give them the best bread.

No one doubts the great importance of Bread in Baby's daily meals—for a baby derives at least 50% of its energy from bread.

Best in the
Long Run

Judge G. W. Thomason, Mayor of Tarrant City, Alabama, widely known and highly esteemed pioneer citizen, recently gave his unqualified endorsement to the Tanlac treatment.

"Chronic indigestion brought me to the verge of a general breakdown three years ago," said Judge Thomason, "and nothing seemed to afford much relief. I was eating scarcely enough to keep going on, and food stayed in my stomach like a rock, causing pain and extreme nervousness. Sleep was often impossible, and I gradually weakened so I could hardly attend to my office duties.

"The first bottle of Tanlac improved my appetite and digestion wonderfully, my nervousness disappeared and I rested better at night. Each successive bottle gave added impetus to my returning strength, and I felt ten years younger when I finished the sixth bottle a short time later. Tanlac gave me new zest in life that still remains with me."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.
