

My Perennial Beauty

And my debt to France

By Edna Wallace Hopper

All who see me on the stage and elsewhere know that I look 19. My youthful bloom is the envy of countless debutantes. Yet for 32 years, I have been a musical comedy star, and am now of a grandmother's age. I owe this to France. Her experts perfected the beauty helps I use. And I served with France during all the great war to help repay the debt. Now I go further. I am offering these formulas to all womankind. I am sharing with all the helps I found and what they brought to me.

White super-clay
My chief help is a facial clay. Not the crude and muddy clays so many use today, but a white, refined clay, clean and dainty, wondrously effective. It is the final results of 20 years of scientific study.

French beauty experts, many years ago, taught me what clays can do. Then few women used them, and those women became the marvels of their time for beautiful complexions. But science has gone far since then. It has found that rare clay, mineral laden, which brings maximum results. It has learned how to refine it—to remove the useless mud. It has added factors which give to clay a multiplied effect.

No ordinary clay gives one any conception of what this new-type clay can do.

Now I am having this super-clay prepared by able experts, so all who wish may get it anywhere. And I call it my White Youth Clay.

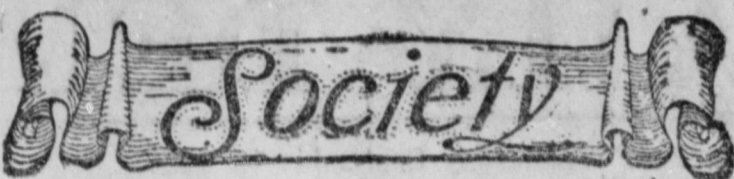

Clay is essential
Clay is essential to beauty at its best. Also to continued youth. Even women who use "crude clays" stand out in any crowd. No girl or woman in these days can afford to omit clay. Clay draws out what clogs the skin—the causes of sallowness, blackheads and blemishes. It brings the blood to the skin to nourish and renew it. The result is a rosy complexion. It firms the skin, and combats the cause of wrinkles.

Not all these results come at once, but most of them are prompt. Many women, in 30 minutes, seem to drop ten years. And my own smooth, soft, rosy skin shows what constant use will do.

If you have used other clays, my White Youth Clay will be a revelation. The new freshness it brings will amaze you. Its daintiness will delight you. You will see why its use has kept me ever beautiful and young.

Edna Wallace Hopper's White Youth Clay is now supplied by all druggists, all toilet counters. Price, 50c and \$1 per tube. Also my Youth Cream, which should follow the clay. Also my Facial Youth—my liquid cleanser. Also my Hair Youth, which brought my luxuriant hair. My Beauty Book comes with each.

I urge every girl and woman to try this Youth Clay in justice to herself. Edna Wallace Hopper, business address, Waukesha, Wis.

The church parlor of the Pleasant Mills Methodist church was the scene of a merry jollification Saturday evening when the men of the congregation, in order to show their appreciation of the untiring efforts put forth on the part of the Ladies' Aid society in behalf of different organizations and welfare work of the church during the past year, entertained at a delightful luncheon the ladies of the church, members of the society and their families. Mr. J. D. Winans presided as toastmaster of the occasion, toasts being made and songs being sung by various members of both societies. While it was truthfully admitted by the men that the honor thus far belonged to the ladies of the church, it was decided that they put their shoulders to the wheel and endeavor to merit through their efforts this coming year an entertainment next Fall such as was afforded the ladies Saturday evening.
