FOUR CHILDREN

(Continued from Page One)

rural No. 5. Frank Stellhorn, of Portland, who was a passenger on the train, accompanied Mr. Hinman and the lad was taken to the hospital.

Otho Lobenstein, of Monroe, who is connected with the Black Under-taking firm, was coming to this city at the time of the accident and he brought the other three children to the office of Dr. W. E. Smith where their injuries were dressed. Mr. Lobenstein then took the children to their home.

The wreck of the buggy presented a terrible sight. Strawn along the right-of-way were the dinner pails of the children, the contents spilled on the ground; the pencils and books, corn and hay for the horse. The buggy was reduced to small fragments, the only part left intact being the top.

The lad most seriously injured was a cripple. He suffered a stroke of infantile paralysis when a child of two years, and his left leg was rendered partially useless. He had had this leg broken a few years ago, also. It was this same crippled leg that was broken in three places today. Misfortune appears to follow the lad, but he is plucky and makes the best of his troubles.

The mother of the children was informed of the accident and she was brought to the hospital where she stayed with her injured son. A neighbor woman went to the Koenig home and stayed with the other three children.

Engineer Buckley brought his train to a stop quickly the rear end being about 150 feet past the scene of the accident.

FORD ENDORSED FOR PRESIDENT

People's Progressive Party Formed At Conference At Omaha, Nebraska.

Omaha, Neb., Nov. 22.—Endorsing Henry Ford for president on a ticket to be known as the "people's progressive party," a group of progressives, independents, liberals and farmer-laborites ended a conference here today.

A call was issued for a national convention at Detroit December 12. Roy M. Harrop, national chairman of the new party, directed the conference. Fifteen states were represented.

The planks were proposed in a platform as follows:

1. Establishment of a debt-paying system of government owned banks instead of a "privately owned monopoly of money and credit, the federal reserve system."
2. "Making the transportation systems a means of public service and not speculative gain" through government ownership of railroads same to be paid for a fair valuation in full legal tender currency.
3. Prevent future chaotic unemployment conditions and future squandering of natural resources by wasteful and fraudulent contracts and subsidies to monopolists and profiteers.

The Adams county grand jury, after working behind locked doors for the last three and one-half days, took to the open air this afternoon and made their annual visit to the county farm. It was said that the jury would adjourn this evening until early next week, when the work will be completed. About twenty witnesses, mostly young men and boys, were examined by the grand jury this afternoon.

Greensburg—The old Billy Glass tavern, reputed to be the oldest building in the town of Adams, is to be torn down to make room for a garage.

Brownstown—The Jackson county jail here is a lonesome place these days. Charles Sheldon, the only prisoner, wouldn't have been there if he hadn't failed to pay his dog taxes. His sentence of fourteen days will end Friday.

Portland Grid Schedule For 1924 Is Announced

Portland, Nov. 22.—The football season just closed by the Portland high school has been one of the most successful in the history of the school and Coach George Cady deserves much credit for the showing that was made by the Purple and White grid warriors, who won six out of their eight scheduled games and in all probabilities would have carried the colors to victory in all contests had it not been for the lack of confidence and faltering of their nerve in two of the games—Muncie and Noblesville.

The schedule for next year, 1924-25, equally as hard as this season, with but two exceptions, has been completed and is announced as follows by Coach Cady: Sept. 27, opening of the season, open; Oct. 4, Decatur, there; Oct. 18, Bluffton, there; Oct. 25, Hartford City, here; Nov. 1, Ft. Wayne (Central), there; Nov. 8, open; Nov. 15, Muncie (Central), here.

Thanksgiving Sermon

Monroe, Nov. 22.—Rev. Ziechiel will preach a Thanksgiving sermon at the M.E. church next Sunday night from the theme, "Remember The Way." All are cordially invited.

"I'll Never Hear The
Last Of It"

"One day I lost some money that I had no business to have in my pocket," said a depositor. "I'll never hear the last of it. My wife had warned me repeatedly about this very thing. Anyway, it won't happen again for now I carry only a few dollars. The check way is the best way. I should have had a personal checking account long ago."

Thanksgiving —from within!

The true spirit of Thanksgiving is more than a matter of sentiment. It is the outward expression of the right mental attitude, a sense of well being, and the knowledge that others think well of us.

The opinions of others are the result of their impressions, and these, naturally, are influenced considerably by your personal appearance.

Kuppenheimer GOOD CLOTHES

instil a pleasant, wholly satisfying feeling that one's outward appearance is all that it should be. They will daily increase your self-confidence, and your appreciation of fine quality.
