

Mother's!

Give the children a piece of WRIGLEY'S after every meal. It satisfies the craving for sweets and the chewing of the gum will help digestion and act as a pleasant, antiseptic cleanser of mouth and throat. You would "give almost anything" if the children would keep their teeth clean. Why not reward them with

WRIGLEY'S

after every meal

and have the very reward itself do the work! Try it for a month and observe results. Three cents per day per child will pay the bill and make them happy!

A Tribute to Service

In the February 3 issue of the Chicago Herald-Examiner, Mr. Arthur Brisbane says: "Henry Ford said to this writer a couple of years ago — 'Standard Oil is the most ably managed concern in the United States.'

Naturally such sweeping commendation is gratifying but if, as we suspect, and want to believe, Mr. Ford's remark was prompted by his knowledge that this Company is succeeding in rendering a superior service to the public, then it is doubly pleasing.

For service in its biggest, broadest interpretation is the principle governing all the activities of the Standard Oil Company (Indiana).

The Management of this Company construes the perfunctory manufacture and delivery of products as something less than service.

It is the whole-souled, enthusiastic performance of these functions that constitutes real service.

To gain a new and useful product from a single base — crude petroleum — without in any way affecting the quality of other useful products—that is service.

To maintain, unfailingly, a superior standard of quality—that is service.

To make it possible for the man in the remote places to get Standard Oil products with dependable regularity—that is service.

To produce an oil that will increase the revolutions per minute of machinery in other essential industries and thereby increase their output—that is service.

To manufacture petroleum products of a quality that will prolong the life and add to the power of the modern internal combustion engine—that is service.

To maintain a fair and equitable price for its products—that is service.

Skill in management of any business is mirrored in the service rendered. An organization which puts profits ahead of service cannot endure.

Firm in its conviction that the greater the service, the greater the profit, the Standard Oil Company (Indiana) looks to service as its chief concern.

IF RHEUMATIC EAT NO SWEETS

Says glass of Salts helps to overcome Rheumatism acid.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind.

Rheumatism is caused by body waste and acids resulting from food fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this waste and acids, which keeps accumulating and circulating through the system, eventually settling in the points and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste matter, also to stimulate the kidneys, thus often ridding the blood of rheumatic poison.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithium, and is used with excellent results by thousands of folks who are subject to rheumatism.

BEAUTY SHOPS TO OPEN HERE

Decatur Ladies To Have Advantage Of Two Beauty Parlors Soon

It's not uncommon now-a-days for men to have to wait their turn with several young ladies ahead of them in the barber shop waiting to have their hair bobbed or to receive a facial treatment, marcel or curl.

The barber shops have been making a specialty of bobbing women's hair recently and one well known shop in the city has been doing a big business within the last year through the patronage of the women. But now Decatur is to have two beauty shops for women, the latest announcement being that the "Vanity Beauty Shop" will open for business in the Schafer property on North First street some time this week, making a specialty of work for women, such as electric facials, marceling, scalp treatment, manicuring, round curling and eye brow arching. Miss Emma Jones, formerly connected with the Mately Beauty shop of Chicago, will be in charge.

Mrs. William Tettters of this city is preparing to open a ladies beauty parlor in the Erwin building on South Second street in the near future.

Fort Wayne, Feb. 18.—Members of the various Presbyterian churches of Fort Wayne are looking forward with a great deal of interest to a visit from the highest officer of their denomination, Rev. Robert Little, pastor of the First Presbyterian church, announced last night.

Dr. Wishart, whose term of office runs for a year, is president of Wooster, O., and previous to his election to that position held prominent pastorates in the larger cities of the country.

On the day of his visit a luncheon will be held to which will be invited ministers, officers and laymen of the churches of the denomination within the city and those of surrounding town. In the evening a mass meeting will be held at the First Presbyterian church to which the congregations of local churches will be invited.
