CATHOLIC TEAMS
HAD FINE SEASONCatholic High School To
Have Same Team
Next Season

With the most successful basketball season in the history of the school just ended, members of the Catholic high school are already looking forward to the 1924-25 season. Not one member of the 1923-24 squad will be lost through graduation next spring and a great team is expected next winter.

During the season just ended, the D. C. H. S. team won thirteen games and lost three, scoring a total of 363 points to their opponents' 202. Wemhoff and Holthouse, forwards led in the scoring, there being a margin of only two free throws separating the two speedy forwards. Each scored a total of 51 field goals. Wemhoff scored ten free throws for a total of 112 points, while Holthouse scored eight free throws, making his total, 110 points.

The Catholic high seconds had a splendid record for the season, scoring seven victories out of eight games played. The one defeat came at the hands of the Huntington Orioles at Huntington in the first game of the season, by a score of 12-6, but the locals avenged this defeat by winning from the Orioles on the Decatur floor in the last game of the season, score 29-16. There is no fine material on the second team and members of the first team this year will have a fight on hands to hold their regular berths next season.

The D. C. H. S. girls won eight games and lost four during the season. The Super Six girls and the Hoosier Paint girls from Fort Wayne and the Berne high school girls were the only teams to win from the locals, the Super Six team winning two games. The D. C. H. S. girls' second team played three games, winning all three. The St. Joseph eighth grade boys won five games and lost two and the eighth grade girls won one game, lost one and tied one.

A remarkable record was established by the Catholic school teams since 1919. In 1919, all teams connected with the school winning 32 games, losing only two and tying one.

Spring football practice will be started by the high school boys with in two weeks. Prospects for a winning football team are good as all of last year's players will be in school again next fall. Last year was the first year for football in the local Catholic high school, and a fine star was made. With this one year's experience, a good season is expected next fall. Several good games have been scheduled already. Following are the records of the different basketball teams for the past season:
