

SAFE FROM PRYING EYES OF CURIOUS

Baby Guy Stillman photographed in front of his mother's home at Pocantico Hills, New York. The courts recently affirmed that he was the son of James A. Stillman.

POCANTICO HILLS, N. Y.—The above exclusive photo shows how baby Guy Stillman is having the time of his life at the cottage his mother, Mrs. Anne U. Stillman has just taken at Pocantico Hills, New York, near the pretentious estate of James A. Stillman, following the court's final decision as to his parentage.

Who would not be happy with an arm full of police puppy friends?

HEIRESS FREED

MISS DOROTHY GORDON

Waverly, Mass.—Herewith is a recent photograph of Miss Dorothy Gordon of Boston, heiress to half a million dollars, who has just been released from the McLean hospital in Waverly, Mass., where she had been confined for the last three years, and is living with friends in Boston.

Much attention was attracted to her case in 1921, just three years ago, when her temporary guardian, William F. Jardine, was ousted from that office and John M. O'Donoghue appointed guardian.

Mr. Jardine was at about the same time named in a \$25,000 alienation of affection suit.

HIGHWAY DEPARTMENT CANCELS CEMENT ORDER

Indianapolis, Mar. 31.—Orders for 448,000 barrels of cement were cancelled by the construction department of the state highway commission today on instructions from John D. Williams, director.

The cement was ordered for the construction of 136 miles of pavement on four of the primary roads in the state's highway system. Cancellation of the order was made necessary by the \$3,000,000 reduction in finances of the highway commission through invalidation of the automobile license law by the Supreme court.

Through tourist traffic from the Great Lakes to the Gulf will be diverted from Indiana highways to parallel highways in Illinois, which are paved, Williams declared in announcing cancellation of the material contract.

This will result in loss of many thousands of dollars to towns along the Indiana route through the diver-

sion of traffic."

Roads originally planned to be included in the hard-surfacing program this year, but which will have to wait until more funds are available for the commission are:

Eighty miles of road No. 10 (Dixie Bee) from Boswell, Benton county, through Newton and Lake counties to Hammond. This is the shortest route from Chicago to Florida and the Gulf, Williams said.

Thirty-six miles of road on the Pendleton pike from Oaklondon through Anderson to Muncie.

Ten miles on road No. 1, from New Albany to Sellersburg.

Besides hard surfaced paving projects which the commission has had to abandon this year, Williams also announced that 125 miles of penetration top road, planned for this year, will not be built until the commission has sufficient funds to continue its plans.

The commission this year will build 215 miles of hard surfaced roads and 125 miles of penetration top, Williams said.

JACKIE COOGAN WORK FOR NEAR EAST RELIEF

New York, March 31.—Jackie Coogan will forsake the movies for ten weeks this summer in order to lead a modern "Children's Crusade" throughout the United States in an appeal to the children of America for a million dollar ship load of foodstuffs for the destitute orphan children of the Near East and then will sail in person to deliver the gifts to the Near East orphans in Greece, Palestine and Syria. It became known here today when Charles V. Vickrey, General Secretary of the Near East Relief, made public a letter from Mr. John H. Jack Coogan, Jackie's father, giving consent to the trip.

"For two reasons," wrote Mr. Coogan, "I am glad to allow Jackie to represent the American children in this deserving cause.

"The first, of course, is that I feel the Near East Relief is doing one of the greatest pieces of child welfare work in the world, in which I am proud to have my son assist.

"But I have another reason too, a more selfish one perhaps, I want Jackie to see and realize some of the hardships and suffering other children of his own age have had to endure and I am sure that the sight of these thousands of destitute, fatherless and motherless children for whom your organization is caring cannot fail to bring home to him a realization of the common duty of all mankind to one another."

UNITED STATES WILL HAVE QUAKE MEMORIAL

(United Press Service)
Washington, Mar. 31.—A permanent memorial hospital to commemorate America's assistance to Japanese earthquake sufferers will be erected at Tokio, it was announced today at local Red Cross headquarters.

The hospital when completed will be operated under the control of the Japanese Government.

To Our Farmer Friends----

A Word of Appreciation

We wish we could meet you all personally and thank you for the splendid acreage you have contracted this year. Your co-operation thus far is greatly appreciated. Beet growing has in recent years become more and more profitable each year and every grower will realize more from a dollar and cents standpoint from a beet crop than any other kind of plantage, therefore, every man in our organization is going to strive to make your 1924 beet crop more successful than ever.

Every effort is now being made to reciprocate for the confidence shown by our growers in obtaining the best possible labor. Reasons for complaints can be eliminated very promptly by getting in touch with your field man. If you are unable to reach him you will confer a favor on us by immediately getting in touch with the management at DECATUR.

We want you to be successful. Your success is our success.
