

Takes pills for years—finds first permanent relief in Kellogg's Bran

Have you found permanent relief from that terrible disease—constipation? The woman whose letter follows discovered—after thousands have discovered—that Kellogg's Bran succeeds when all else fails. This is because Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. This is what she wrote:

"Gentlemen: I am so wonderfully happy over my discovery. I feel I must tell the world about it. For years I have been ill continually from constipation, always resorting to pills or the like, never having any permanent relief until I heard of your Krumbled Bran. Every morning I take two table-spoonfuls before my breakfast—and since the latter part of August I must admit have not experienced one sick spell which I have had for years. I have started my little girl

of four years on your Bran, and already I have noticed a change in her. I thank you." Name and address furnished on request. Write the Kellogg Co., Battle Creek, Mich.

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to relieve permanently the most chronic cases of constipation. Eat at least two table-spoonfuls daily—in chronic cases, with every meal. Money returned if not effective.

Notice the wonderful nut-like flavor. This flavor is delicious—so different from ordinary, unpalatable bran.

Kellogg's Bran, cooked and krumbled, made in Battle Creek, is served by America's leading hotels and clubs. Demand Kellogg's Bran. It will bring back your health. Start eating it today. Sold by all grocers.

The Salem church has been extensively repaired with a new roof paint and interior papering. The chimneys were rebuilt and new stoves will soon grace the interior. Come out and see us since housecleaning.

The Salem Ladies Aid election Nov. 5th at the home of Wm. Peterson resulted in the election of the following officers to serve for the coming year. President, Mrs. Victoria Merriman; 1st vice-president, Mrs. Nancy Davidson; 2nd vice-president, Mrs. Addie Hahnert; secretary, Mrs. Nettie Mercer; and Treasurer, Mrs. Emma Feasel.

What are you reading this winter? Every home should have good religious literature and read it. So much of our reading is anti-religious that we need very much to cultivate the religious life. See your pastor about the matter. Do it now.

You are keeping company with God only when you are running full speed. Cut out the "moonshine" and scatter the sunshine. All wet signs fail, in a dry presidential year. Wanted—More non-skid religion.

"Carillon" and "Chime"

The word "carillon" should be used to indicate the musical instrument consisting of about three or four chromatic octaves of perfectly attuned bells, played by both hands and both feet by means of a keyboard and pedal board. A chime is made up of from four to sixteen substantially diatonic bells.

Wonderful Piece of Work

Sincerely as big as a tooth, the tiniest skull in the world was brought recently to the United States. It took infinite patience and skill at the hands of a Chinese workman who labored many months to complete the curiosity. It is complete in every detail and carved from a minute piece of ivory, small enough to fit on the tip of a pencil.—Popular Science Monthly.

Hold to Things of Beauty

"A farm woman's prayer" reads: "Keep ever in my soul a sense of the perspective, that my kettles and dishes may not obscure the beauty of the rose blooming outside my door, the quiver of the leaves in the summer wind and the classic purity of the snow on the valley or hill."

Eagles Have Long Life

The biological survey says that some species of eagles have been known to live a hundred years. From records kept by the zoological societies of London it is shown that specimens in captivity lived to be forty-two, forty-six and even more years of age.

Policemen as Call Boys

In some parts of Europe it is perfectly permissible to use the policeman on a residential beat as a call boy or alarm clock, the only restriction being that in this personal service he does not neglect his official duties. As a result quite a few policemen awaken those who have made a special request to be aroused at a certain hour.

Convicts Pulled Street Cars

Years ago when Australia was the exile to which many English offenders against law and society were sent as convicts, some harsh disciplinary measures were resorted to, among them being the hitching of six men to a street car that traversed six or seven miles. They had to run the entire distance and the drivers lashed them when they began to tire. Six men were supposed to pull a ton of weight in the way of passengers.

RED CROSS YEAR'S COST \$21,366,255

Nearly \$12,000,000 Devoted to Helping Victims of Great Japanese Earthquake.

OVER 3,000 BUSY CHAPTERS

Aid to Disabled War Veterans Paramount and Reaches Nearly \$4,000,000.

Washington.—More than \$21,000,000 was the total of funds expended in all activities of the American Red Cross during the last fiscal year, ended June 30, says a statement issued by the National organization. This expenditure was almost one-sixth of the amount of money disbursed by the Red Cross in the war year, July, 1917, to June, 1918. Of this extraordinary sum \$11,631,303 was America's contribution to the Red Cross for relief of the Japanese earthquake victims. This was increased to \$11,768,803 by appropriations from general funds of the Red Cross, and it represented probably the largest spontaneous outpouring of beneficence of a single nation in the history of the world.

Over 3,000 active Chapters expended during the year \$4,869,000. The National organization disbursed \$16,497,255.35, making the total \$21,366,255.35—all for humanitarian work which reached practically around the world.

In announcing the year's record of American Red Cross industry the executive officials at Washington emphasize the fact that the extensive and never-halting work of the Red Cross depends almost wholly upon the nation-wide support of the organization from the memberships enrolled during the annual roll call which this year will be in progress from Nov. 11 to 27, when everyone is asked to join or renew their membership in the American Red Cross.

Soldier Service Paramount

Service in behalf of the disabled veterans of the World War and their families is a paramount obligation of the Red Cross. The organization, through its Chapters, is constantly in touch with this duty in 2,609 communities throughout the United States—the Chapters alone during the year expending in service for veterans about \$2,000,000. The National organization expended \$1,735,825—a total of \$3,735,825 applied to assisting war sufferers toward recovery from disability and distress.

This work is constant in hospitals, sanitariums, camps, soldiers' homes, in the community. For example, in helping disabled men and women in places where they were transient residents \$173,076 from national funds alone was required to help solve their problems. Every Red Cross service is ever at hand ready to meet the individual need of these men and women.

The enlisted men in the Regular Army, the Navy, and the Marine Corps, with their home ties, mean a never-ending Red Cross service which figures cannot fully interpret. In this work a total of \$685,255 was applied in meeting an obligation under the Red Cross charter which has been fulfilled for over 20 years.

Domestic Operations Extensive

In the past year Red Cross operations were almost wholly confined to continental United States and the insular possessions. Relief work following disasters called for immediate activities in 192 places and a total of \$737,603.87 was spent in this service alone. In 33 major disasters trained workers were kept at the work of rehabilitation for many months.

In carrying on the health activities a total of \$444,886.66 from Red Cross national funds, and \$808,000 from Chapter treasuries—approximately \$1,252,886 in all—was applied, giving some idea of the extent of Red Cross service in the fields of public health nursing, nutrition instruction, and spreading knowledge of personal hygiene and care of the sick in the home.

For advancing the cause of human safety, the First Aid instruction, locally by Chapters and over extensive national territory by the Red Cross instruction car covering trunk line railroads, and in teaching water safety and increasing the membership of the Red Cross Life-Saving Corps, the total cost was \$288,234.71, of which \$216,234.71 came out of national funds.

Army of Over 5,500,000

The Junior Red Cross in the schools—with over 5,500,000 in its "I Serve" ranks—was aided with \$233,510.78 to which it is estimated the Chapters added some \$277,000—a total of \$510,510.78. In various other domestic activities the Red Cross spent \$283,473.19, and the Chapters in their numerous voluntary services expended an additional \$1,048,000 during the year.

Foreign obligations, aside from Japan, were met with national funds as follows: Relief of refugees in Greece, \$200,887.18; Junior Red Cross projects, \$99,579.75; League of Red Cross Societies, \$165,000; other insular and foreign work, \$221,855.31. The American Red Cross budget for 1924-25 is \$4,647,730.85, or \$688,286.96 less than the budget for the year ended last June 30.

In good deeds for all peoples in time of distress the American Red Cross never rests. Help this work with your membership dollar—join on Armistice Day.

Banker's Friends Elated

"Twelve years ago I became afflicted with stomach trouble which steadily became worse. I frequently became prostrated with colic attacks and bloating. My doctors wanted to operate for gall stones. I wished to avoid an operation and on advice of a friend tried Mayr's Wonderful Remedy with excellent results as since taking it about 2 years ago my trouble has entirely disappeared." It removes the catarrhal mucous from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Holthouse Drug Co., and druggists everywhere.

Amazon Valley Is Greatest

Although the Mississippi valley is quite often spoken of as the largest valley drained by a river, its area is scarcely more than half as large as the valley drained by the Amazon river. The Mississippi river valley embraces 1,244,000 square miles, while that of the Amazon ranges over 2,330,000 square miles.

"Mother Goose"

It is not known for certain that Mother Goose was a real character. It is supposed that possibly the name is derived from Queen Gooseford, or Berthe au Grand Pied, mother of Charlemagne. The queen was a special patron for children.

Birds Rob Mail for Nest

Tom-tits, the tiny birds whose more correct name is the titmouse, have given the postal authorities at Catteral, Lancashire, England, some cause for worry. The birds decided to nest in a mail box and appropriated letters, one of which contained a check. The letters were torn up.

Daily Report Of Local And Foreign Markets

Opening Grain Review

Chicago, Nov. 7.—Wheat and corn moved upward at the opening of the board of trade today. Oats held firm. Heavy export sales helped wheat in its initial advance as did cold weather in the northwest and rain damage in Australia.

Corn was influenced by wheat. Fears of realizing on better corn husking returns, however, kept the upturn in check. Local shorts were principal buyers at the start.

Oats held firm. Few interested traders entered the pit at the opening.

Provisions advanced with hogs and calves.

Holds Tidal Record

In the Bay of Fundy, New Brunswick, the world's highest tides are recorded. Here they often reach as high as 100 feet. On the other hand, the coast of Ireland, at Arklow, there is no perceptible tide at all, and scientists are making constant study to ascertain the reason for this variation.
