

## SPECIAL RATES TO FARM MEET

Several Adams Co. Farmers  
Plan To Attend Confer-  
ence At Purdue

Plans for the Indiana Agricultural conference, formerly known as "Farmers' Week," to be held at Purdue during the week of January 12 to 19 are practically completed, according to information received at the county agent's office this morning. Steam and electric lines have granted special reductions in fares to people attending the conference, tickets going on sale January 10, good for return from Lafayette not later than January 19, at the rate of one and one-half fare for the round trip.

A large number of leading agricultural and home economics workers of the United States and Canada have been secured for the occasion and those attending are assured an educational and inspirational program which will keep them busy from morning until evening. Sessions will be held each evening.

The State Corn Show and State Potato Show will bring out one of the largest exhibits ever seen at Purdue. In spite of the relatively poor corn season, there is an unusual interest in seed corn and seed potatoes. The State Boys' Corn Club show will be held at the same time.

Several farmers from Adams county are planning to attend and at least one sample of corn will be sent down for the boys' corn show. Bulletins and programs of the conference may be obtained at the county agent's office.

### AUCTION SCHOOL NEWS

—by—

"Bob" C. Smith

Col. Guy Pettit hasn't exploded yet but he didn't miss it much when the cigar "went off" in his mouth.

Mr. Polling said he did not have to sprinkle the floor Friday to settle the dust before sweeping, for it was still damp from the tears of laughter that were shed from the faculty during the impersonating of the mock auction sale. This sale was put on by the students as one of the entertainment features for New Year's day.

The impersonators for the mock auction sale were, Mr. Bergquist, for Col. Reppert; Mr. Compton, for Col. Pettit, and Mr. Wimberly for Col. Garten.

During the new year program we were very sorry that Mr. Vilhauer could not give us a talk on "Why Does She Wear Green Stockings?"

The "Efficiency" class of 1925 has made the Reppert School building "The House of Pep and Fun."

Students of the Reppert Auction School held their first practice sales Saturday, January 3. The students did exceptionally well considering it was the first time they ever did the actual selling. The students will continue selling at auction every evening at 7:30 for the week starting January 5.

When a person gets so interested in his work that he forgets to eat, we feel like he will make a success. That is what Mr. Stevens did the other day when he forgot to eat his supper.

All of us were indeed very fortunate to have the opportunity of hearing the wonderful orator, Col. Art Thompson, of Lincoln, Nebraska. We might take him as a model by which we can all hope to attain in our auctioneering career.

Mr. Bergquist, our class president, who is loved by all the students, is a great organizer and we all should feel proud in having such a man in the Efficiency Class of 1925.

### Outline Plan To Avert Crossing Accidents

Indianapolis, Jan. 5.—The state advisory committee appointed by Governor Branch to co-operate in the reduction of grade crossing accidents in Indiana, met here today to outline its program.

The committee was appointed to co-operate with Frank E. Singleton, member of the state public Service commission and who has been appointed state commissioner of safety. Singleton was in charge of the safety conference which was held last October on a call by Governor Branch to eliminate grade crossing accidents which after time, has been increasing at an appalling rate.

The committee is composed of seven members representing the various branches of traffic, education,

civic organizations, the farmers, and state highway commission. The committee is to serve without pay.

The committee, now however, has no legal status and it is expected that it will draw up a recommendation for the presentation to the next legislature for the establishment of a permanent committee.

### Object To Pastor Going Into Highways and Byways

Chicago, Jan. 5.—Because the Rev. Thornton A. Mills associated with "publicans and sinners" and went into the "highways and byways" in search of church members, a fight has been started in the aristocratic New England Congregational church here which may end in the pastor's resignation.

In addition to the charge that he was bringing "undesirable" people into the church, opponents of the Rev. Mills claim he is a modernist. His Christmas sermon, they say, virtually repudiated the virgin birth of Christ.

The edifice is the mother church of Congregationalism in Chicago, with a baptismal font claimed to have been used by the Pilgrim fathers, and members of "old and distinguished American families" on its rolls. The church's council of 15 has drawn up a resolution "suggesting" that their pastor resign not later than June 30. Rev. Mills has not yet indicated what course he will pursue.

The pastor, commissioned as a major during the war, "mingled too freely" with down-and-outers, spoke at meetings of radicals, invited "floaters" and hoboes to join the church and "held open forums on employment conditions in the church parlors," his opponents charge.

### Gary Woman Has New Way To Rebuke Her Husband

Gary, Ind., Jan. 5.—Cast the rolling pin into the discard, along with the hoop skirt and the picture hat. Anne Sefehel, 1971 Delaware, has discovered a new way of rebuking one's husband if he returns home in an intoxicated condition. Just haul him forcibly before a magistrate.

She tried it out in the justice court of J. J. Stapleton this morning and it worked. John Sefehel, her husband, who returned home intoxicated Saturday evening, was fined \$5 and costs for intoxication in a public place.

### BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite  
Recipe of Sage Tea  
And Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, glossy and attractive.

When You  
Feel a  
Cold  
Coming On
