Failure Of Potato Crop Causes Suffering In Ireland

By George MacDonald
(U. P. Staff Correspondent)
Dublin, Jan. 30.—Eye witnesses to
the distress and suffering in western
Ireland due to failure of the potato
crop brought word to Dublin today
that underlying conditions in the
blighted areas are indeed worse than
in the black year of 1847, when
thousands eventually died by the
roadside of starvation.
Conditions in the present famine
have not yet advanced to that ex-
treme, but those who saw conditions
in Connemara and Donegal this week
declared the fatalities of 1847 will be
exceeded unless measures are im-
mediately augmented.

UNIDENTIFIED MAN KILLED BY EXCESSIVE HEAT

(Continued from Page One)

There were no marks of identifica-
tion on the man. It was stated at the
time mill today that he and another
man were seen about the mill early
this week and the other man was at
the mill yesterday looking for his
companion. However, the compan-
ion of the dead man has not appear-
ed at the mill today and his where-
abouts are unknown.

Pockets Are Searched

After the body had been removed
to the morgue, the man's pockets
were searched. Among the articles
found in his pockets were a silver,
open face Elgin watch; a large num-
ber of railway time tables, four pen-
nies, smoking tobacco, corn cob
pipe, razor, shaving brush and a
small piece of shaving soap, scissors,
extra pair of socks, matches, need-
les, thread, pieces of patching cloth,
shoe tacks, folding drinking cup,
lead pencil and a little sack of but-
tons, but not a letter or writing of
any kind which might identify him.
The man was about five feet nine
or ten inches tall, had dark hair with
streaks of gray, weighed about 165
or 170 pounds, wore two pairs of
cotton pants, a dark blue sweater, a
brown wool serge vest over the
sweater, and had a black broad cloth
overcoat, badly torn. He had re-
moved his overcoat and shoes when
he crawled in the kiln.

The law prescribes that an un-
identified body must be held for a
certain length of time, but owing to
the partially decomposed condition of
the body, burial likely will be some-
time tomorrow.

PYTHIANS PLAN FOR DISTRICT MEETING HERE

(Continued from Page One)

the Pythian Home, but was unable to
give the amount of the contributions
already made, as that fact will be
kept a secret until the 19th of Feb-
ruary, which is the anniversary of
the founding of the order. All con-
tributions are expected to be paid
by the 14th when Mr. Erwin will go
to Indianapolis and make a tabula-
tion of the donations. He has issued
a circular letter to each and every
lodge in the state requesting that
they assemble in their respective
Castle Halls on the 19th at which time
he will broadcast the total amount
of the donations. In the localities
where there is no means of receiving
it by radio, he will send telegraph or
telephone messages.

Want Home Here

The local lodge last evening decided
that, after the contributions are com-
plete, they will appoint a committee
to take up the matter with the citi-
zens of this community looking to-
ward a location of this home in De-
catur. It seems to be the consensus
of opinion of the Knights throughout
Indiana that this home should be lo-
cated in some city the size of Decatur,
and not in a large city. Mr. Erwin
gave an account of his visit the last
few days to the Odd Fellows Home
at Greensburg and to the Masonic
home at Franklin. At the former
place, he reported, about 160 men
and women and about 85 children are
provided for, and at the Masonic Home
a total of nearly 400 men, women and
children are provided for. At the
Odd Fellows Home the Children's
building was erected last year, and
more than 80 children are provided
for in a splendid manner with all the
home and school advantages possible
and the total cost of the erection of
said building was \$100 per member
in the state, and the total cost of
maintaining the entire institution for
men, women and children, does not
exceed 50c per member annually.
The Pythian lodge plan that the erec-
tion of the home will be the entire
cost of thier undertaking, as they
already are the owner of a large
Pythian building in Indianapolis
valued at a million dollars, which
will be paid for in the next few years
and the income from this building,
which is a net amount of more than
\$10,000 will maintain the Pythian
Home.

After the fund is created on Febru-
ary 19, the committee of which Harry
Wade is chairman and Mr. Erwin is
a member, will receive all the propo-
sitions from the different localities
throughout the state and cause print-
ed accounts of the same to be dis-
tributed to the various lodges in the
state so that they may be fully ad-
vised as to every proposition before
the meeting of the Grand Lodge in
October, when the location of the
Home will be determined. Much in-
terest is being manifested here and
an effort will be made to secure a
contribution, no matter how small,
from each and every member of the
local lodge. It is believed that this
will be beneficial in securing the lo-
cation of the home here.

Visited Sick Members

Grand Chancellor Erwin has, dur-
ing his visits to the various cities
and towns since his installation, visit-
ed all the sick members of the order
and has spent much time investigat-
ing the needs of a Pythian Home and
has emphasized the duty of the
members to care for the sick and
unfortunate members. His action in
this respect has created much inter-
est and has been the subject of much
commentation throughout the Do-
main of Indiana and it is hoped that
it will cause the members to be more
thoughtful of their less fortunate
brothers.

illness of Mr. Mumma's sister, it is
not known if the team will be able
to accompany the Knights to the dis-
trict meeting at Wabash.

PUBLIC SERVICE COMMISSION BILL DEFEATED TODAY

(Continued from Page One)

Two gas tax bills are already pend-
ing in the house.
Representative Freeman of Kokomo
introduced his soldier bonus bill to
provide a bonus of not more than
\$300 for world war veterans.
The bill provides a referendum
clause for submitting it to popular
approval if it passes the legislature.
The senate criminal codes commit-
tee recommended passage of the bill
to impose the death penalty or life
imprisonment on bank bandits.
Senator Steele of Knox introduc-
ed a bill to abolish the office of
township trustee and township ad-
visory boards as a companion mea-
sure to his county unit bill intro-
duced earlier in the week.

Izaak Walton League To Buy Reserve For Elks

Chicago, Jan. 30.—(Special.) The
Elk of Jackson Hole, Wyoming, com-
prising the last big elk herd in Am-
erica, will be saved from the danger
of extinction by starvation.
According to the Izaak Walton
League of America, national con-
servation organization, which is rais-
ing a fund with which to purchase
hay lands for the elk in the famous
big game region, the sportsmen of
America have responded sufficiently
to indicate that the success of the
project is assured.

"Every day our office is flooded
with letters and contributions from
all parts of the country," said Will
H. Dig, president of the Walton lea-
gue today, "and sportsmen are pro-
ving that they have hearts as well as
guns, and are anxious to save this
great animal."

The elk of Jackson Hole, it is point-
ed out, die in large numbers every
winter because of lack of winter
ranges. The Walton League, through
its headquarters, 536 Lake Shore
Drive, Chicago, is raising a fund of
\$100,000 with which to purchase hay
meadows for them.
Chapters of the league, numbering
1,200 in all parts of the country are

actively engaged in raising the fund.

First-Stop-Pain Don't wait for an hour

When pain comes, stop it.
Be ever ready to stop it quick-
ly, night or day. Don't suf-
fer any pain which has a mo-
ment of rubbing can stop.
These include pains allied
to rheumatism, to soreness,
to lameness, to chest colds.
They can be stopped at once.
For 65 years they have been
stopped dry rubbing with St.
Jacobs Oil.
As for curing the cause of
the trouble. Nature usually
does that. But don't suffer
while you wait. St. Jacobs
Oil causes counter irritation.
Then it draws the blood to
the surface to relieve con-
gestion. In a minute or two
you feel that the pain has

ebbed. You rejoice in relief.
Perhaps there are other
ways. But this is the one
way that millions have used
—have proved it for 65
years. You can rely on it.
Your druggist guarantees it.
Why take chances when you
know that nothing can be bet-
ter?
Don't wait for an emer-
gency. It may mean a night
of pain. Have St. Jacobs Oil
ever ready. Apply it as soon
as you feel a pain, or a chest
cold. Be ready to soothe it,
to check it at once. There
will never be a better way.
Go get it now to be prepa-
red when pain comes. It may
save you and your yours many
unhappy hours.
