The Nizer Automatic Electric Ice Cream cabinet is the latest and most modern improvement known to the "Ice Cream World." With the installation of this cabinet, the second of its kind in the state of Indiana, you are assured of getting Cloverleaf Creameries "TASTY" Ice Cream as it "should be" at all times.

The Nizer Electric Cabinet freezes the Ice Cream and holds it to the right temperature which eliminates the soft, flaky, off-flavor ice cream which is often served both by the dish or carried to your home. It does away with the old ice packing system and is more sanitary, eliminating the salt and dirt getting into the ice cream which is frequent in the process of ice packing.

The Nizer Electric Cabinet freezes the Ice Cream to the right degree and in doing so assures you of always getting an absolutely fresh product.

We serve "TASTY" Ice Cream exclusively and carry a complete line of flavors at all times such as—

CHOCOLATE
ORANGE ICE

STRAWBERRY
NEW YORK ICE CREAM

MAPLE NUT
LEMON ICE

VANILLA
ESKIMO PIES
