

D.H.S. GRADUATE
MAKING RECORDDean Of Engineering Of
Purdue Pays Compliment
To Christian Macy

Walter J. Krick, principal of Decatur high school, has received a letter from A. A. Potter, dean of engineering at Purdue University, in which Mr. Krick and the local high school in general are complimented on the excellent scholarship record being made at Purdue by Christian D. Macy, son of Mr. and Mrs. E. B. Macy, of this city, and a graduate of Decatur high school. Mr. Macy, who is a senior in the school of engineering this year, has made a record far above the average. Dean Potter's letter is as follows:

"Dear Sir:—It gives me great pleasure to congratulate you upon the excellent scholarship record made by Christian D. Macy, a senior in the School of Mechanical Engineering, who is a graduate of your school. Mr. Macy has won 29 A's, 17 B's, 3 P's thus far in his course.

"This splendid record is a high compliment to you and your associates who so ably prepared this young man for his successful career at Purdue University. Investigation has demonstrated that the outstanding student has a far greater chance for conspicuous success in the engineering profession that has the average.

"The greatest reward of the teacher is the success of his pupil, and surely your reward has been great in this case. We are sincerely proud of such students as Mr. Macy, and extend a hearty welcome to more like him.

"Any way in which we can cooperate with you will be a great pleasure.

Country's Oldest
Politician Celebrates
11th Birthday Today

Kenosha, Wis., Oct. 2.—(United Press)—The oldest politician in the country is Mrs. Louise K. Thiers, who observed her 11th birthday today.

Mrs. Thiers was born in Whiteboro, N. Y., in 1814. Until women were granted the franchise, she cared not a whit for politics. But since, she has voted regularly and taken a keen interest in public affairs, she said.

One of Mrs. Thiers' aversions is hot baths. She has never liked them since the first one she took gave her a headache.

Until she was 100, Mrs. Thiers took a cold bath every morning. She still takes cold baths, but less frequently. They are one of her recipes for longevity.

The others are plenty of sleep, light clothing in winter, regular meals of plain food, fresh air and exercise and activity.

Negro To Be Taken To
Toledo To Face Trial

Indianapolis, Oct. 2.—(United Press)—James English, negro, was held by federal authorities here today in default of \$30,000 bond and will be taken to Toledo, O., to answer a charge of looting the mails of \$80,000.

Following a hearing before U. S. Commissioner Kern, the negro fought with two deputy U. S. marshals when they attempted to take his money and jewelry for safekeeping while he was in jail. English thought they were trying to take it for themselves and struck at one of them.

Federal Judge Baltzell was expected to approve the order issued by Kern for removal to Toledo. The marshal said English will be taken to Toledo probably Monday.

CHURCH HAS A
MODERN SCHOOLSt. Peters Congregation
Maintains Parochial
School In Root Twp.

The St. Peter's Evangelical Lutheran church supports a modern school in Root township. Professor Paul W. Dorn has been the principal of the school for seventeen years and has met with great success in teaching the several subjects in the curriculum. Fifty-five pupils are enrolled in the school this year. The Rev. A. Moeller, pastor of the congregation, also assists in teaching in the school and, in explaining why the congregation maintained a parish school, stated in an interview this morning:

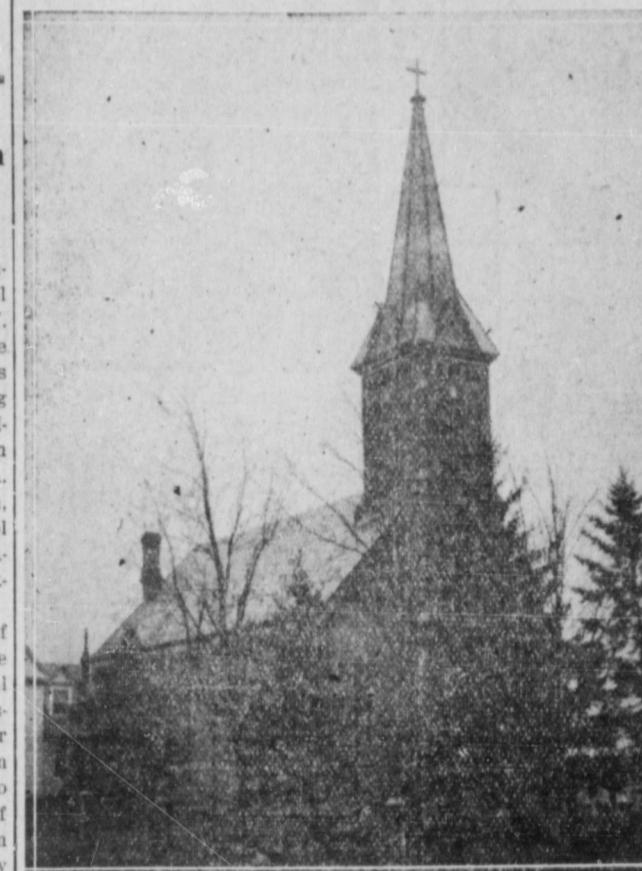

"With the other congregations of our synod St. Peters has from the beginning maintained a parochial school. In the pioneer days the pastors had charge of the school. Later on as the congregation increased in numbers teachers were called, who had received their training at one of our teachers colleges. To carry on a parochial school we must not only bear the expense of our own school, but also aid the other congregations in maintaining schools for the education of our teachers. In the interest of Christian education of our children we gladly bring these sacrifices. While we know that 'knowledge is power,' we must not forget that it may be a power for evil as well as for good. It depends entirely upon how knowledge is used. It is not enough to be equipped with mere learning. There must also be a clear understanding of right and wrong, and an earnest desire to do that which is right and to shun that which is wrong. To train not only the body and the mind but also the soul is the aim of the Christian education of our parochial schools. The soul must be brought into intimate communion with God through Christ. It must be led to know and to love God. And it must be persuaded to utilize the God-given powers of the entire man for the services of God and mankind. This is the Christian ideal of education. It is the ideal that has caused our Lutheran church to invest so heavily in a church school."

HISTORY OF ST.
PETERS CHURCHBeginning Of Congregation
Dates Back To 1838; One
Of Oldest In County

The congregation of the St. Peters Lutheran church in Root township had its beginning in the year 1838. It is one of the oldest congregations in the county. The Rev. A. Moeller, present pastor of the St. Peters church, has given the following history of the congregation:

"The beginning of our congregation dates back to the year 1838. The first Lutheran settler, in Root township, Mr. Clamor Fuelling, had arrived in 1837, soon followed by his first neighbor, Mr. D. Gerke. About a dozen Lutheran families had taken up homes in our township, when in 1838 the first missionary appeared. Rev. Fr. Wyneken had been sent from Pittsburgh to minister to the spiritual wants of the Lutherans, scattered in this region. He was received with open arms by Clamor Fuelling and his neighbors. In the log hut of Mr. Fuelling, the first services were held. In 1841 these early settlers organized the first congregation in Root township. They bought ten acres of land, five each of Mr. Fuelling and Mr. Gerke, for the sum of thirty dollars. Soon cemetery. During his pastorate the

St. Peter's Church And The Untiring Pastor

Rev. A. Moeller

St. Peter's Evangelical Lutheran church was erected in Root township, in 1879, and was remodeled recently to take care of the growing needs of the congregation. The congregation was first formed in 1838 with a dozen families and has grown to be one of the largest and best rural churches in the state. This church is the scene of many devout gatherings throughout the year. The Rev. A. Moeller, pictured above, is pastor of the church at present. He was appointed pastor in 1921, and has given untiring service since then.

Principal Of St. Peter's School

Professor Paul Dorn is principal of the St. Peter's Lutheran school in Root township. He has been highly successful in directing the school for the last several years. Prof. Dorn is director of the St. Peter's choirs, also. He has been principal of the school and director of the choirs for the last seventeen years.

after, they erected a log church on this property. The first trustee was Fr. Christianer. The next missionary was Rev. Knape, who resided in Preble township. In the mean time school was taught in the log church by the Messrs. Schlatzermund, G. H. Jaebker, and Rennicke. Two of those who attended the first school in the log cabin are still with us, namely, Mrs. Elise Gerke and Mrs. Sophie Hobrock.

"In October 1845, St. Peters, although organized several years before, was assigned to a definite pastorate, that of Rev. F. W. Husmann. Before that time the itinerant pastors had served the Lutheran settlers as best they could. During the next few years not only the number of Rev. Husmann's preaching stations increased, but also the congregations served by him grew rapidly.

"In December 1848, the Rev. J. A. Fritz was called as assistant to Rev. Husmann, and took charge of St. Peters and St. Johns congregations for a short time. Soon after he was called as the first regular pastor of St. Peters. Here he labored faithfully and diligently for twenty-eight years. He died March 28, 1877, at the age of sixty years, and is buried in our cemetery. Soon cemetery. During his pastorate the

congregation allowed the first property to revert to the original owners and in 1850 purchased their present site from G. H. Franz for forty dollars.

"In 1851 a frame church, the second church of the congregation, was built and dedicated to the service of the Lord.

"Rev. Fritz's successor, Rev. Theo.

Hahn, was installed Feb. 14, 1878, by Rev. W. S. Stubbatz.

"During these years the congregation had grown to such an extent that the members decided to erect a new and larger house of worship. On January 11, 1880, our present church was dedicated to the service of the Lord. The edifice cost the members \$5,973.00. Although Rev. Hahn served the congregation only a few years, resigning in July 1881, he succeeded in having erected one of the most beautiful churches of this region.

"Rev. F. Hahn was the next pastor to serve our congregation. His first charge was among the negroes of Little Rock, Ark. On November 20, 1881, he was installed by Rev. H. Meyer. He devoted much time and energy for the improvement of our school. He was so successful in his labors that he could rightfully claim that all common school branches were taught. Together with St. Peters' 379 members, he also served the 24 members of the small church in Decatur. In 1888 he was relieved of the school work and J. G. Estel was called as teacher. When in 1891 Rev. Berg received a call from a congregation in Beardstown, Ill., and asked for a peaceful dismissal, our congregation reluctantly consented. For a number of years he has been serving as professor at one of our negro colleges. May the Lord bless the declining years of this venerable servant.
