Fifth Avenue Building, New York City; N. Y. Life Bldg., Kansas City, Mo.

Your attention is called to the advertising columns of today's paper, ten pages filled with announcements from the merchants you know and can depend upon.

Decatur needs more homes and at this time thirty-two lots, located just west of the General Electric and Decatur Casting plants, are being offered at terms that will surprise you. Buy one and build.

The world series now stands one to one and the participants are putting up such a battle that proves that at least in this match there is no "frame-up."

It's almost uncanny the way the republican press and politicians are planning what will happen after the death of Senator Samuel M. Ralston. This splendid hoosier has footed them several items and we are hoping and praying he does it again in the battle he is now waging.

A couple at Richmond packed up to move to the county infirmary. There was a rap at the door and the aged mother who answered was handed a special delivery letter which told her that a sister had died in the east and bequeathed her the tidy sum of \$17,000. All the miracles didn't happen two thousand years ago.

The Rapid Rim Company of Huntington has made another report showing that it is "busted" good and plenty. A lot of people think it was well named at least. They "rimmed" the stock buyers and they did it rapidly enough to suit the most particular.

Lively events help the community and that's the idea of those who are backing the proposed Hallowe'en parade and good time in this city on the night of the 31st. It's going to be a lot of clean amusement and you will enjoy it from the side lines or the line of march. Tell your friends about it and invite them to join in the festivities.

E. B. Williamson is boosting the county fair proposition and is planning a campaign which he believes will result in putting it over with a capital "O." He tells you all about it in a feature article in today's paper which you should read. If you agree with what he says as you probably will, get behind him.

The work of beautifying the court house yard started today and within a short time will be complete. The cost of the job will be paid by a former Adams county resident now prospering in New York City, but who remembers with keen pleasure the scenes of his childhood and who desires to assist in making it the finest place in the middle west.

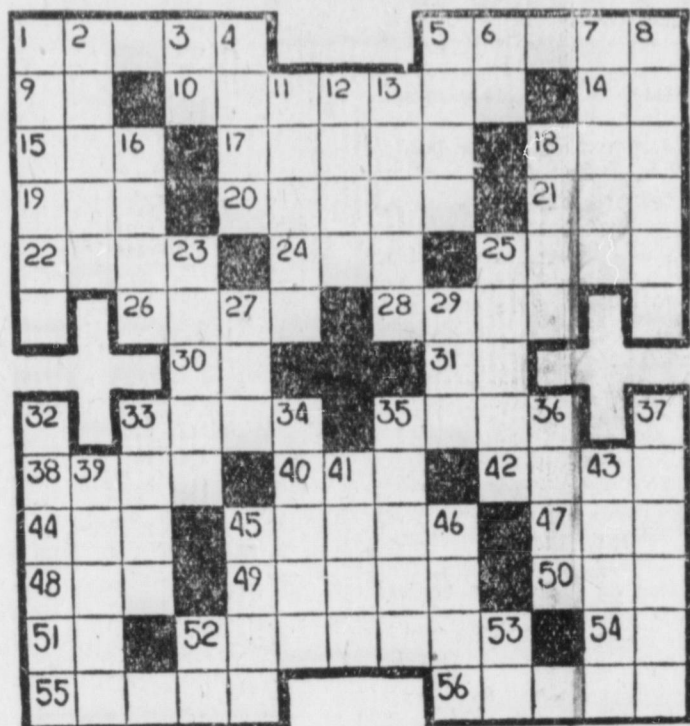

County Agent Busche, President Winteregg and a number of other good boosters have worked industriously to make the boys and girls clubs the success they have been. Klepper, Carmody, Krick, Linn, Tyndall and others have aided in securing interest. It has all been fine and now it's up to the rest of us to show our appreciation by encouraging the boys and girls when they come here for the "round-up." The club work is one of the best things being done in any community.

Self government, continued control of the city plant, better facilities for the accommodation of industries, lower rates, a reduced tax rate, adequate water supply and fire protection to insure the lowest possible insurance rate, enforcement of the laws, efficiency in every department, is the proposed platform for the democratic candidates in Decatur, which should assure them the support and cooperation of the great majority of the voters.

The new survey being made by the Nickle Plate is a further indication that in the not very distant future this city will find many improvements being made. Just what they will be has not been decided but it's safe to predict that when they come they will be worth while and will help in a dozen ways. The railroad proposition is a big one these days but most people feel that the merger plan of the Van Sweringens is the only answer to the problems.

A special sale of lots in Decatur is now on and you are given an opportunity as announced in today's paper, to purchase a wonderful building site at a low figure and upon terms that make it possible for every one. A few dollars down, a few dollars a month, no taxes or interest until 1927, easy terms with a view of giving you the opportunity of securing one of these lots and to encourage you at some time to build a new home. You will appreciate the opportunity more after a while when you realize that it has caused you to save money. With the future of Decatur assured, these sites are sure to grow in value. Don't hesitate. You can't lose and you will be helping yourself and the community at the same time.

| 25—Another form of "I" | 25—A point of the compass |
| 26—Religious evening services | |
| 27—Either | |
| 28—Prepares for publication | |
| 29—Officers of colleges | |

The solution will appear in next issue.

THE BANK IS WRONG

When at our dinner hour I say,
And oft this message must be borne,
"The bank, my dear, called up today;
You're thirty dollars overdrawn!"
She gives her lovely head a shake
And answers with assurance strong,
"There certainly is some mistake,
I'm positive the bank is wrong."

When on the month's first business day
I carry home her balance sheet
Which shows the sum she's checked
away
And what is left in figures neat,
"I know my check book's right," she
cries,
"This time I've watched it all
along!"
And as that tell-tale chart she eyes
She fairly shouts: "The bank is
wrong!"

Time was I ran her check book
through
As all good husbands ought to do
Thinking that maybe she was right;
But now I chuckle soft and low
And sit me down to write this song,
Penned to the quaintest phrase I
know:
"The bank is wrong! The bank is
wrong!"

Into her sweet and lovely mind
Never the dreadful thought occurs,
As we the error seek to find,
"The fault may possibly be hers."
"You're overdrawn again," I say,
But why the argument prolong?
She shakes her head the same old
way
Insisting that "The bank is wrong."

Fighting For A Good Cause—Roads

Editor Democrat:

Mr. Smith says the cards are on the table, face up, choose your hand. I have chosen mine long ago, and it seems to be taking the tricks. He speaks of Damon, Pythias, Romeo, Juliet, the dog and his master. That's all ancient and gets us nothing—now as the world series are being played we watch the scoreboard with pleasure. Mr. Smith has also been up twice and whether he scored or not, the umpire has not yet decided.

Now, as I go to bat, in the last half of the second inning, it matter not if I reach first, or third base or make a home run.

It is heartening to know that the younger generation is taking an interest in better highways and that it is a real problem to solve.

Recently, in a good road essay contest, conducted by Indiana University, an Indianapolis school girl won first honors with her essay on "Economies Resulting From Highway Improvements." She showed that good roads resulted in direct economy in health, in marketing farm products, in the elimination of the middle man in selling, in improved schools, in saving to auto owners and various other factors of human. The fact that the good roads idea is permeating the life in schools and colleges means much.

While there are a few who remonstrate and petition for injunctions against road improvements their tribe is growing less. Good roads are worth many times their cost, as actual calculations will show. They are the arteries that carry the life blood of the nation. They are vital factors of our existence.

At the close of this inning, I want to repeat the words of W. J. Bryan to Mr. Evans on Woodrow Wilson: "What better ending of his noble career than to die fighting for a good and noble cause." I could not wish for anything better for myself.

Charles Magley.

Keep Pimples
away

WHY do you let those unsightly pimples, blackheads and blotches disfigure your skin and ruin your appearance? You can keep them away if you keep your system full of rich, red blood. And not only that, but the very texture of your skin will be soft and velvet like—and the coloring radiant as a rose.

It's all in the blood. And S. S. S. will help Nature keep your blood rich and red and pure.

Yes, you can keep pimples away, simply by taking S. S. S. That's a fact. The kind of red-blood-cells that S. S. S. helps Nature build makes your skin beautiful—clears it up just like it puts firm flesh on you—brings strength to weak, flabby muscles—gives you an appetite like you used to have and generates the energy and vitality of youth throughout your entire system.

Just try it and see for yourself! All druggists sell S. S. S. Get the larger bottle. It's more economical.

structing the Zeppelin R-33 and trial flights will be made with it early in October.

The R-33 was badly damaged last April when it was wrenched from its mooring mast and blown out to sea in an accident similar to one which befell the Shenandoah prior to its fatal crash in Ohio, September 3. The crew on board the R-33 however subsequently regained control of the airship and fought their way back to land after the storm subsided.

Entire Bible Written
On One Sheet Of Paper

Karuizawa, Japan, Oct. 9.—(United Press)—A Japanese Christian, one Ishizuka, a member of the Friends Mission, has just completed a transcription of the Bible, Old and New Testament, on a single scroll of fine Japanese paper, "kakemono."

The scroll is described as "six shaku, four sun in length and two shaku nine sun wide (six feet by two and one half feet.) The work of printing was done by hand with a Japanese

writing brush and required "four years and three months and 10,000 prayers," according to the artist. The letters stand out beautifully distinct under a microscope.

Connersville Masonic
Lodge 103 Years Old

Connersville, Ind., Oct. 9.—Local Masons tonight will attend the banquet held in celebration of the 103rd anniversary of the chartering of Warren lodge No. 15, F. & A. M.

Large delegations of Masons from lodges in this section are expected to attend the meeting.

When you are in Fort Wayne, eat at the Y. M. C. A. Cafeteria. Best and most reasonable place in town. Oct. 6-9

Performance—
Dependability

Read this letter sent in voluntarily—we have hundreds like it:

"I expect you have many testimonials of achievements for Red Crown gas, but I don't think you have reports of many cars making such a trip as we did, down through the Ozark Mountains—muddy roads—dry roads—paved roads—rocky roads—up and down roads and corkscrew roads—drives in torrential rains and on stinging cold nights and never in low gear but once when we passed a man stalled on a steep mountain grade in a car that was evidently not using Red Crown, as our engine always delivered the full power whenever called upon."

Red Crown is a Premium Gasoline, at a standard price. It is the best gasoline you can buy regardless of price. To pay less is to get less.
