

Constipation makes pimply skins—get permanent relief with Kellogg's ALL-BRAN

Do not allow this frightful disease to linger in your system.

Rid yourself of constipation at once! The longer it lingers, the greater the poisons which can wreck your health and lead to over forty serious diseases.

The destructive work of constipation shows in the face—pimples, hollow cheeks, circles under eyes. It brings gray hair. Causes spots before the eyes—and unpleasant breath. Get permanent relief. Eat Kellogg's ALL-BRAN!

After all else has failed, thou-

sands have regained their health with Kellogg's ALL-BRAN. Because it is ALL-BRAN, it is 100 per cent effective. Only ALL-BRAN brings sure results.

Kellogg's ALL-BRAN relieves the most chronic cases, if eaten regularly. It is guaranteed to do so or your grocer returns the purchase price. Eat at least two table-spoonfuls daily.

Kellogg's ALL-BRAN is ready-to-eat with milk or cream. You will like its nut-like flavor. Kellogg's ALL-BRAN is made in Battle Creek, Michigan, and served by leading hotels and restaurants. At grocers.

South Bend Seeking New Federal Building

South Bend, Ind., Oct. 9. — Local business men, headed by federal Judge Thomas W. Slick, are backing a movement to obtain a new federal building for this city.

The fact that the postoffice is crowded and that the press of business in the federal court here will make larger quarters necessary in the near future is the motive for the movement.

In speaking of the movement Judge Slick explained that the government seldom rents quarters for its office when it is cheaper to build.

This he said undoubtedly would play a large part in obtaining a new federal building for the city.

Judge Slick urged that the citizens of South Bend co-operate in urging the treasury department to order a new building here.

Flag Pole Erected By Wabash Legion

Wabash, Ind., Oct. 9.—A flag pole which will be erected by the local post of the American Legion on the court house lawn will be dedicated on Armistice Day it was announced by post officials today.

Plan To Safeguard Lives At Railroad Crossings

Kendallville, Ind., Oct. 9.—Plans for the safeguarding of the lives of motorists at all railroad crossings in this county have been adopted by the local chamber of commerce.

These plans, which will be carried

out at once, call for the grading of several crossings so that a clear view of the tracks may be obtained from all approaches.

The first crossing to be safeguarded will be the one of State Road No. 17, one mile southeast of this city.

The chamber of commerce also has under consideration plans for the beautification of all county roads.

At a recent meeting of the body a group of farmers residing along a recently paved highway met with the organization and discussed plans for beautifying the road.

A permanent beautification organization will be perfected in a short time it was said.

Newcastle Joins In Fight Against Higher Phone Rates

Newcastle, Ind., Oct. 9.—The Newcastle city council has joined the fight being waged by a number of Indiana municipalities against the proposed rate increase being asked by the Indiana Bell Telephone company.

One hundred dollars has been appropriated by the city for the purpose of employing lawyers to assist in the fight.

Marion Police Trying To Stop Petty Thievery

Marion, Ind., Oct. 9.—Extra details of policemen have been drafted into service by the local department in its efforts to combat a wave of petty thievery which has been in progress here.

The police believe the robberies are the work of a gang of young boys.

SOIL SPECIAL HERE TUESDAY

Many Adams County Farmers Interested In Train To Be In This City

"More farmers are interested in the Soil Improvement Train to be run over the Erie Railroad, October 13 to 22, in co-operation with the Soils and Crops Department of Purdue, than in any project we have undertaken in a long time," said T. M. Palmer, Farm Products Agent of the Erie, today.

Mr. Palmer believes that the farmers in Northern Indiana, who bring soils to the train for testing and who get first hand information on crop fertilization and rotations, and methods of liming, will profit greatly. He emphasized also that moving pictures, showing methods of soil building, would be shown at each stop, at 10 a. m. and 2 p. m. M. O. Pence and K. E. Beeson, of the Soils and Crops Extension Department of Purdue, will lead the discussion of Soil Improvement and the value of liming, at each stop.

Professor S. D. Connor, also of Purdue, will supervise the laboratory work of soil testing and will make liming and fertilizer recommendations.

An exhibit of liming and fertilizer materials will be on display along with lime spreaders and a special feature will be pictures and charts showing the results from the use of lime and fertilizer.

More than ten carloads of limestone will be distributed free of charge to farmers co-operators during the 18 stops. Mr. Palmer says, "Bring your soils to our soil clinic and have your soil problems and difficulties properly diagnosed. Here, farmers will have the advice of competent soil doctors without any charge, whatsoever."

The local county agent states the necessary ten agreements for the obtaining of limestone have already been secured and that a number of other farmers have submitted their names as alternates.

Health Board Turns Back \$5,000 To General Fund

Indianapolis, Ind., Oct. 9.—United Press)—More than \$5,000 has been turned back to the general fund by the state board of health it was an-

nounced today at the quarterly meeting of the board.

This amount represents a saving in expenditures from the \$170,000 appropriated for the yearly expense of the board.

A total of \$1,035.29 in fees also was turned into the general fund.

Dr. Victor Keene, in making the announcement, pointed out that the \$2,000 salary increase asked by Dr. King, secretary of the board, other salary increases and the addition of an expert laboratory chief could easily be met by the fees collected.

The amount of fees collected this year was in excess of \$24,000.

Action on the salary increases and the appointment of an expert will be taken as soon as the opinion is obtained from the attorney general.

Stop Automobile Parties By Young Boys And Girls

Warsaw, Ind., Oct. 9.—A ban on automobile parties by boys and girls of tender years has been put in effect

by local police and county authorities.

The ban came as the result of a party in which seven boys, all under 17 years of age, and a girl of 14 took part.

As a result of the party the boys were arrested and spent four days in jail being released only after they had promised to conduct themselves better in the future.

Milford.—Levi Drudge and his son Wilbur of here, were knocked down and shocked when a bolt of lightning struck near them, killing one horse and injuring three others.
