DWIGHT DAVIS IS CHOSEN TO SUCCEED WEEKS

Coolidge Names St. Louis Man Secretary Of War; Weeks Resigns

NEW SECRETARY IS BUSINESS MAN

Washington, Oct. 13.—(United Press.)—Dwight Davis, of St. Louis, today was named secretary of war by President Coolidge, following official announcement of the long anticipated resignation of Secretary of War John W. Weeks, of Massachusetts, by the White House.

The resignation and appointment were announced simultaneously, following Weeks' attendance at his final cabinet meeting this morning.

Weeks is expected to retire at once to private life, after five years in the cabinet, under two presidents. He has not been able to work since April 1, when he was stricken by paralysis, and his resignation has been practically certain since that time.

Official announcement has been withheld by President Coolidge until he was able to decide on a successor. Davis, a business man of St. Louis, with the rank of colonel in the officers' reserve corps, received the appointment because of his satisfactory administration of the war department during Weeks' absence. His defense of the president's economy program against the drive of the general staff for larger appropriations gained for him the president's favor.

Davis was appointed director of the war finance corporation by President Harding in 1921 and retained that post until 1923 when he became assistant secretary of war, succeeding J. Mayhew Wainwright of New York, elected to congress.

He is perhaps the best known as donor of the Davis cup, the international trophy. He was a nationally
